## TODAY'S WATCH

Dharma, Hatonn present in the Light of Radiance. As we commenced in the small hours of your morning, there was intent and not simply to keep you awake from 4:00 A.M. As your nation moves ever closer to a conflict which can cause damage beyond your wildest imaginings, I must speak out again--about that which is hidden and yet boils in final conclusion of an epic adventure.

You who have already forgotten past Journals might well go back and review them--especially those which regard Russia's intent.

Russia now tosses the term "Peace" about as if there was never a disagreement between you and them. Not so, precious world citizens, not so. In "communistic" language, "peace" means the absence of any resistance against "communism". With the seemingly absence now, of the so-called "cold-war", you are under the impression there is no war between you and Russia--NOT SO! They have you exactly where they want you--like dutiful lambs in the holding pen.

Where is Russian argument these days while you dig in deeper and deeper in the Middle East? Do you actually believe that if Russia and you were still in that "cold-war" that you would be taking the same stance you blindly take this day??? Would you not be facing the big guns of the Soviet Union in open nose-to-nose, weapon-for-weapon to bring this conflict to an

instant stop? No, they are silently supplying your enemy so that they don't have to finish the plan that they are working to perfection. How can you know that this is true? Because of the training foisted off on the communists and the plan to completely control the minds and actions--without necessity of active involvement in actual war--of the free world nations, most especially the Americans.

By the way, chelas, your government again lies to you this morning in counting of unemployed citizens. They tell you the unemployed picture is not as grim as expected and all will be well--but, the 8,000 layoffs from Citycorp and 21,000 employees from Sears and, and, and--goes into effect NOW. Do you realize that this is more people out of work in just these two instances, in the smaller towns across America. Worse, as the disasters come upon you one after another--there is no backup disaster funding remaining in the Federal budget nor in the State budgets of most states. Insurance companies are in deep yogurt already and (listen to the non-news) are not paying off the waiting insured along your Ohio River, etc. These ones sit without jobs, destroyed homes and no money. And still, the government continues the distraction of a war in the Middle East with no help available for you back home. The continued game of "cock of the walk" is totally obscene!

Dharma, we shall simply have to begin writing on an additional Journal and pick up volume two of Pleiades Connections as we can do so. Quirks and quarks will still be

around long after humanity is gone so we must take action where action is mandatory in priority.

Why NOW? Because the Russians have gone quiet and that is deadly. You ones do not understand the workings of the communistic direct path to world domination and you must.

Wherein reference of other commentators on this subject have utilized the word "Christianity", I shall instead use the term GOD or Godly. This is because your nation was NOT founded on "ONE NATION UNDER CHRISTIANITY" it was founded on "ONE NATION UNDER GOD!" Of course I realize that you ones aloofly shout at me that the terms are synonymous--but they are NOT. The very superior tone of the statement detracts from the point in question.

## RUSSIAN TEXTBOOK ON MIND-CONTROL (PSYCHOPOLITICS)

There is a small booklet making its feeble way into the trash heaps and stolen by the communists to maintain secrecy. It is all but impossible to come upon the document but, interestingly enough, Oberli and Dharma have had a copy of the document since 1985--having received it from Gil Boyne--who also has a publishing company (which shall remain unnamed in this particular writing).

There is another copy now on its way into the desktop entropy of my scribe from one of the most daring authors of your day--Lt. Col. Gordon "Jack" Mohr. I prefer to uti-

lize the material immediately for every day's delay is now costly indeed. If you cannot see the facts of your conflicts then you have no notion as to where and how to rebut. I would hope that we now have enough readers to listen up.

What you are about to read is simply a English language paraphrase of a Red Communist "textbook" used both in Russia and extensively in America to train Communist agents in the art of deceiving non-communists with words and false precepts. I would say that it most certainly has worked very well indeed.

This spells out methods which secret communists use to "alter the loyalties" of citizens and then use those citizens, *especially those in government positions*, to take control of the nation. It describes these ingenious and effective methods of "mind-control", called "psychiatry" and "psychology", which are promoted as forms of "mental healing". Needless to say, the "Red Bears to the North" do not want Godly Americans to know these are false sciences by which they gain control of the minds of the people.

You are going to find that it is even worse than presented unto you for as we go along I shall be speaking of Robotoids of DNA/RNA/Genetic duplication. To shock you a bit, what I am about to present to you was first brought forth by a very disenchanted communist and the man was "taken out" and the books "taken-up". This was in 1950 and the man was dead by the early 70's. Attempts have been made, since, to give warning to the American people for the thrust is directed, firstly, at the Americans--but you have denied it and turned away from the truth as you would from any and all truth that would require appropriate actions. You have watched as your country has been consumed by the Elite and your Constitution granting "freedom" is totally rewritten and destroyed.

You have heard of the "art" of mind-control--I believe you call it "mental-adjustment" or "brain-washing", etc. You perceive it to

only take place, however, with soldiers in the midst of war and especially as they are imprisoned by their enemies. Not so--nothing can compare to the slow intentional usurpation of the minds of the citizenry of the world. Whole nations have been captured by these so-called Communists who are not even truly "communistic" by definition. They care not what you call them--all the better if you DO NOT CALL THEM COMMUNISTS. The point is that you can subvert the minds of entire masses of people and basically put them to sleep while programming the mind.

The objective is to gain control of the media and thereby directly control the visions and thought patterns, desires and morals of the entire populace. I would say that that has occurred and--funny thing about that approach--it has been accomplished THROUGH THE UTILIZATION OF THE ZIONISTS! You see, it is all the better if you can cause your enemy to destroy himself while you take control. Well, America and World, you have not listened to the decades of warnings and here you are today--at Armageddon and denying that, also.

The same method of mind-control used on you-the-Americans and Europeans is THE IDENTICAL PROCESS USED BY THOSE RED CHINESE TO CAPTURE THAT NATION OF 400 MILLION PEOPLE. Just as with any other confrontation which must have confrontation if it is to be reversed--the TRUTH MUST BE LAID FORTH. You must come into truth of how it is done. *If you understand the technique of "brainwashing" you cannot be "brainwashed" unless changes by surgical or chemical means have altered the actual brain. Even in those cases the truth can reverse the thought processes. "Knowledge of brain-washing gives vaccination against it."* The word of truth is your weapon and books are your tools--or, any other way you can get the information into self. Psychiatry and psychology, in this instance of tampering with your minds, are the two weapons we will speak of herein.

Basically, I do not wish to limit

this concept to a communistic approach--it ACTUALLY is simply the Elite approach to world control and domination--but you will find in every instance--it is what you label "ANTI-CHRIST" or *"atheistic"* maneuvers easily thrust upon "allowing" and "forgiving" indoctrinated "Christians". Since, however, the document in point delineates "communism" then I shall not make issue--for you must learn to recognize intent in generalization and not pick at nits. It is your very survival at stake and you must come to recognize your enemy for they indeed camouflage themselves most effectively--usually behind the facade of being "Christ-like", "democratic" and "under God". The mark of the beast himself. I suggest you readers get this information spread about as rapidly as you can because only TRUTH shall give you freedom and only that allowance will bring your beloved families and friends home.

The Master Teacher told His followers, "The servant is not greater than his lord. If they have persecuted Me, which they did, *they will also persecute you.*" They have, and they are. He also said, "In the world ye believers in God shall have tribulation: but be of good cheer; I have overcome the world." (By truth and knowledge of immortality and by recognition of MINE ENEMIES!)

### IMPORTANT--SO LISTEN UP, BELOVED LAMBS

The age is drawing to a close. The "Red Bear to the North"--"Gog and Magog", is spewing forth its last desperate attempt to destroy the concept of Godliness--*through pronouncing themselves "Christian", "changed", etc., etc. And they work hand in hand with the leaders of the nations in turmoil and takeover--just as in America. The smiles, dear ones, are not of friendship--they are the smiles of completion and victory.*

I can only ask that--as you read along--you look around you at America today and at the world today and SEE what is before you. First I will print a speech made by one, Laventia Beria, the Jewish head of the Soviet Secret Police, as

he confidently predicted the Communists would eventually "have dominion over the minds and bodies of every important person" in America and then would bring about the "quiet" conquest. This speech was made in 1936. May God have mercy upon you and your lands.

You who project your Bible in effort to thwart this Truth and discount and destroy these writers of Truth--pay close attention to this:

*"The wicked plotteth against the just and gnasheth upon him with his words through his teeth."*

*"Yea, and all that will live godly in Christ shall suffer persecution from the wicked."*

*"Through covetousness (desire for gain) shall they, the wicked, with feigned and deceitful words make merchandise of you and sell or betray you of God for money."*

*"For man deceivers, non-Godly, are entered into the world, who confess not that Christ is come in the flesh. This is a deceiver of believers and an Antichrist."*

*So be it, you who continue to deny and cast stones upon our people--for we are come as the Hosts with God to be in the reclaiming of His Kingdom and bear witness of TRUTH!*

I suggest that you pay close attention to this material as it is outlaid. **KEEP IN MIND THAT IT WAS PRESENTED WELL OVER HALF A CENTURY AGO--AND I BELIEVE MY POINT WILL BE MADE!**

**ADDRESS BY  
LAVENTIA BERIA**

This was presented in lecture to hand-picked AMERICAN STUDENTS who were sent to Moscow for indoctrination.

QUOTE: (Dharma, to conserve space, do not indent quotes.)

American students at the Lenin University, I welcome your attendance at these classes on Psy-

chopolitics.

Psychopolitics is an important if less known division of Geopolitics. It is less known because it must necessarily deal with highly educated personnel, the very top strata of "mental healing".

By psychopolitics our chief goals are effectively carried forward. To produce a maximum of chaos in the culture of the enemy is our first most important step. Our fruits are grown in chaos, distrust, economic depression and scientific turmoil. At last a weary populace can seek peace only in our offered Communist State, at last only Communism can resolve the problems of the masses.

A psychopolitician must work hard to produce the maximum chaos in the fields of "mental healing". He must recruit and use all the agencies and facilities of "mental healing". He must labor to increase the personnel and facilities of "mental healing" until at last the entire field of mental science is entirely dominated by Communist principles and desires.

To achieve these goals the psychopolitician must crush every "home-grown" variety of mental healing in America. Actual teachings of James, Eddy and Pentecostal Bible faith healers amongst your misguided people must be swept aside. They must be discredited, defamed, arrested, stamped upon even by their own government until there is no credit in them and only Communist-oriented "healing" remains. You must work until every teacher of psychology unknowingly or knowingly teaches only Communist doctrine under the guise of "psychology." You must labor until every doctor and psychiatrist is either a psychopolitician or an unwitting assistant to our aims.

You must labor until we have dominion over the minds and bodies of every important person in your nation. You must achieve such disrepute for the state of insanity and such authority over its pronouncement that not one statesman so labeled could again be given credence by his people. You must work until suicide arising

from mental imbalance is common and calls forth no general investigation or remark.

With the institutions for the insane you have in your country prisons which can hold a million persons and can hold them without civil-rights or any hope of freedom. And upon these people can be practiced shock and surgery so that never again will they draw a sane breath. You must make these treatments common and accepted. And you must sweep aside any treatment or any group of persons seeking to treat by effective means.

You must dominate as respected men the fields of psychiatry and psychology. You must dominate the hospitals and universities. You must carry forward the myth that only a European doctor is competent in the field of insanity and thus excuse amongst you the high incidence of foreign birth and training. If and when we seize Vienna you shall have then a common ground of meeting and can come and take your instructions as worshippers of Freud along with other psychiatrists.

Psychopolitics is a solemn charge. With it you can erase our enemies as insects. You can cripple the efficiency of leaders by striking insanity into their families through the use of drugs. You can wipe them away with testimony as to their insanity. By our technologies you can even bring about insanity itself when they seem too resistive.

You can change their loyalties by psychopolitics. Given a short time with a psychopolitician you can alter forever the loyalty of a soldier in our hands or a statesman or a leader in his own country, or you can destroy his mind.

However, you labor under certain dangers. It may happen that remedies for our "treatments" may be discovered. It may occur that public hue and cry may arise against "mental healing". It may thus occur that all mental healing might be placed in the hands of ministers and be taken out of the hands of our psychologists and psychiatrists. But the Capitalistic thirst for control, Capitalistic inhumanity and a general public ter-

ror of insanity can be brought to guard against these things. But should they occur, should independent researchers actually discover means to undo psychopolitical procedures, you must not rest, you must not eat or sleep, you must not stint one tiniest bit of available money to campaign against it, discredit it, strike it down and render it void. For by an effective means all our actions and researches could be undone. Our thrust must be utilized in conjunction with those of the mandates put forth by the Zionist men-of-wisdom.

In a Capitalistic state you are aided on all sides by the corruption of the philosophy of man and the times. You will discover that everything will aid you in your campaign to seize, control and use all "mental healing" to spread our doctrine and rid us of our enemies within their own borders--send out your sons and daughters to fill the rolls of physicians and lawyers, business leaders and put them into the top positions of the governments so that control will be total but without early recognition by the citizens.

Use the courts, use the judges, use the Constitution of the country, use its medical societies and its laws to further our ends. Do not stint in your labor in this direction. And when you have succeeded you will discover that you can now effect your own legislation at will and you can, by careful organization of healing societies, by constant campaign about the terrors of society, by pretense as to your effectiveness, make your Capitalist himself, by his own appropriations, finance a large portion of the quiet Communist conquest of the nation.

By psychopolitics create chaos. Leave a nation virtually leaderless or mentally impaired. Kill our enemies, replace them with our programmed stand-ins and bring to Earth, through this method--through Communism, the greatest peace Man has ever known.

Thank you.

END QUOTE

Note: Again I remind you that, in

the Aesopian language of Communism, "Peace" means all cessation of hostility against Communism.

Dharma, allow us a break now but I ask that you only take a very short respite for I want this out "last week" unto our beloved awakening brothers.

### PSYCHOPOLITICS: HISTORY AND DEFINITION

Gen. 2:7--"The Lord God formed man of the dust (elements) of the ground, and breathed into his nostrils the breath of life, and man became a living soul." Keep this in mind as we move along here for one of the major thrusts of Psychopolitics is to cause you to believe you are but animals and cause you to act as same.

QUOTE:

Although punishment for its own sake may not be entirely without recompense, it is, nevertheless, true that the end and goal of all punishment is the indoctrination of the person being punished with an idea, whether that idea be one of restraint or obedience.

In that any ruler has, from time beyond memory, needed the obedience of his subjects in order to accomplish his ends, he has thus resorted to punishment. This is true of every tribe and state in the history of Man. Today, Russian culture has evolved more certain and definite methods of aligning and securing the loyalties of persons and populaces, and of enforcing obedience upon them. This modern outgrowth of old practice is called Psychopolitics.

The stupidity and narrowness of nations not blessed with Russian reasoning has caused them to rely upon practices which are, today, too ancient and out-moded for the rapid and heroic pace of our time. And in view of the tremendous advance of Russian Culture in the field of mental technologies, begun with the glorious work of Pavlov and carried forward so ably by later Russians, it would be strange that an art and science would not

evolve totally devoted to the aligning of loyalties and extracting the obedience of individuals and multitudes.

Thus we see that the psychopolitical procedures are a natural outgrowth of practices as old as man, practices which are current in every group of men throughout the world. Thus, in psychopolitical procedures there is no ethical problem, since it is obvious and evident that Man is always coerced against his will to the greater good of the State, whether by economic gains or indoctrination into the wishes and desires of the State.

*(Hatonn: and here it comes!)* Basically, Man is an animal. He is an animal which has been given a civilized veneer. Man is a collective animal, grouped together for his own protection before the threat of the environment. Those who so group and control him must then have in their possession specialized techniques to direct the vagaries and energies of the animal Man toward greater efficiency in the accomplishment of the goals of the State.

Psychopolitics, in one form or another, have long been used in Russia, but the subject is all but unknown outside the borders of our nation, save only where we have carefully transplanted our information and where it is used for the greater good of the nation.

The definition of Psychopolitics follows:

Psychopolitics is the art and science of asserting and maintaining dominion over the thoughts and loyalties of individuals., officers, bureaus, and masses, and the effecting of the conquest of enemy nations through "mental healing".

The subject of Psychopolitics breaks down into several categories, each a natural and logical proceeding from the last. Its first subject is the constitution and anatomy of Man, himself, as a political organism. The next is an examination of Man as an economic organism, as this might be

controlled by his desires. The next is classification of State goals for the individual and masses. The next is an examination of loyalties. The next is the general subject of obedience. The next is the anatomy of the stimulus-response mechanisms of Man. The next is the subjects of shock and endurance. The next is categories of experience. The next is the catalyzing and aligning of experience. The next is the use of drugs. The next is the use of implantation. The next is the general application of Psychopolitics within Russia. The next is the organization and use of counter-Psychopolitics. The next is the use of Psychopolitics in the conquest of foreign nations. The next is psychopolitical organizations outside Russia, their composition and activity. The next is the creation of slave philosophy in an hostile nation. The next is countering anti-psychopolitical activities abroad, and the final one, the destiny of psychopolitical rule in a scientific age. To this might be added many subcategories, such as the nullification of modern weapons by psychopolitical activity.

The strength and power of Psychopolitics cannot be overestimated, particularly when used in a nation decayed by pseudo-intellectualism, where exploitation of the masses combines readily with psychopolitical actions, and particularly where the greed of Capitalistic or Monarchical regimes has already brought about an overwhelming incidence of neurosis which can be employed as the groundwork for psychopolitical action and a psychopolitical corps.

It is part of your mission, student, to prevent psychopolitical activity to the detriment of the Russian State, just as it is your mission to carry forward in our nation and outside it, if you are so assigned, the missions and goals of Psychopolitics. No agent of Russia could be even remotely effective without a thorough grounding in Psychopolitics and so you carry forward with you a Russian trust to use well what you are learning here.

*(Hatonn: One of the most astute students of this method of world*

*control migrated to your country right out of the KGB--Henry Kissinger! This same man is responsible for the base foundation-planning for all of your foreign involvements throughout the globe!)*

### THE CONSTITUTION OF MAN AS A POLITICAL ORGANISM

Man is already a colonial aggregation of cells, and to consider him an individual would be an error. Colonies of cells have gathered together as one organ or another of the body, and then these organs have, themselves, gathered together to form the whole. Thus we see that man, himself, is already a political organism, even if we do not consider a mass of men.

Like the "individual" man, the State is a collection of aggregations. The political entities within the State must, all of them, cooperate for the greater good of the State lest the State itself fall asunder and die, for with the disaffection of any single distrust we discover an example set for other districts, and we discover, at length, the entire State falling. This is the danger of revolution.

Look at Earth. We see here one entire organism. The organism of Earth is an individual organism. Earth has as its organs the various races and nations of men. Where one of these is permitted to remain disaffected, Earth itself is threatened with death. The threatened rebellion of one country, no matter how small, against the total organism of Earth, would find Earth sick, and the cultural state of man to suffer in consequence. **Thus, the putrescent illness of Capitalist States, spreading their pus and bacteria into the healthy countries of the world would not do otherwise than bring about the death of Earth, unless these ill organisms are brought into loyalty and obedience and made to function for the greater good of the world-wide State.**

As the average individual is incapable, in an unformed and uncultured state, as witness the barbarians of the jungle, so must he be trained into a co-ordination of his organic functions by exercise,

education, and work toward specific goals. We particularly and specifically note that the individual must be directed from without to accomplish his exercise, education, and work. He must be made to realize this, for only then can he be made to function efficiently in the role assigned to him.

**The tenets of rugged individualism, personal determinism, self-will, imagination, and personal creativeness are alike in the masses antipathetic to the good of the Greater State. These willful and unaligned forces are no more than illnesses which will bring about disaffection, disunity, and at length the collapse of the group to which the individual is attached.**

The constitution of Man lends itself easily and thoroughly to certain and positive regulation from without of all of its function, including those of thinkingness, obedience, and loyalty, and these things must be controlled if a greater State is to ensue.

While it may seem desirable to the surgeon to amputate one or another limb or organ in order to save the remainder, it must be pointed out that this expediency is not entirely possible of accomplishment where one considers entire nations. A body deprived of organs can be observed to be lessened in its effectiveness. The world deprived of the workers now enslaved by the insane and nonsensical idiocies of the Capitalists and Monarches of Earth, would, if removed, create a certain disability in the world-wide State. Just as we see the victor forced to rehabilitate the population of a conquered country at the end of war, thus any effort to depopulate a disaffected portion of the world might have some consequence. However, let us consider the inroad of virus and bacteria hostile to the organism, and we see that unless we can conquer the germ, the organ or organism which it is attacking will, itself, suffer.

In any State we have certain individuals who operate in the role of the virus and germ, and these, attacking the population or any group within the population, produce, by their self-willed greed,

a sickness in the organ, which then generally spreads to the whole.

The constitution of Man as an individual body, or the constitution of a State or a portion of the State as a political organism are analogous. **It is the mission of Psychopolitics first to align the obedience and goals of the group, and then maintain their alignment by the eradication of the effectiveness of the persons and personalities which might swerve the group toward disaffection. In our own nation, where things are better managed and where reason reigns above all else, it is not difficult to eradicate the self-willed bacteria which might attack one of our political entities. But in the field of conquest, in nations less enlightened, where the Russian State does not yet have power, it is not as feasible to remove the entire self-willed individual. Psychopolitics makes it possible to remove that part of his personality which, in itself, is making havoc with the person's own constitution as well as the group with which the person is connected.**

If the animal man were permitted to continue undisturbed by counter-revolutionary propaganda, if he were left to work under the well-planned management of the State, we would discover little sickness amongst Man, and we would discover no sickness in the State. But where the individual is troubled by conflicting propaganda, where he is made the effect of revolutionary activities, where he is permitted to think thoughts critical of the State itself, where he is permitted to question of those in whose natural charge he falls, we would discover his constitution to suffer. So certain is this principle that when one finds a sick individual, could one search deeply enough, he would discover a mis-aligned loyalty and an interrupted obedience to the person's group unit.

*(Hatonn: If you readers aren't yet in a state of shock--I am grossly disappointed. And remember, this has been taught, retaught and practiced in your country as well as in Russia for well over a century when the Protocols of the Zionist Men of Wisdom was set as guidelines--and that, brothers, is almost*

*from the beginning of your civilization. If you can't see that in every category, the enemy has been totally successful thus far.)*

There are those who foolishly have embarked upon some spiritual Alice-in-Wonderland voyage into what they call the "subconscious" or the "unconscious" mind, and who, under the guise of "psychotherapy" would seek to make well the disaffection of body organs, but it is to be noted that their results are singularly lacking in success. There is no strength in such an approach. When hypnotism was first invented in Russia it was observed that all that was necessary was to command the unresisting individual to be well in order, many times, to accomplish that fact. The limitation of hypnotism was that many subjects were not susceptible to its uses, and thus hypnotism has had to be improved upon in order to increase the suggestibility of individuals who would not otherwise be reached. Thus, any nation has had the experience of growing well again, as a whole organism, when placing sufficient force in play against a disaffected group. Just as in hypnotism any organ can be commanded into greater loyalty and obedience, so can any political group be commanded in loyalty and obedience should sufficient force be employed. However, force often brings about destruction and it is occasionally not feasible to use broad mass force to accomplish the ends in view. Thus, it is necessary to align the individual against his desire not to conform.

Just as it is a recognized truth that Man must conform to his environment, so it is a recognized truth, and will become more so as the years proceed, that even the body of Man can be commanded into health.

The constitution of Man renders itself peculiarly adapted to re-alignment of loyalties. Where these loyalties are indigestible to the constitution of the individual itself, such as loyalties to the 'petit bourgeoisie,' the Capitalist, to anti-Russian ideas, we find the individual body peculiarly susceptible to sickness, and thus we can clearly understand the epidemics,

illnesses, mass-neuroses, tumults and confusions of the United States and other capitalist countries. Here we find the worker improperly and incorrectly loyal, and thus we find the worker ill. To save him and establish him correctly and properly upon his goal toward a greater State, it is an overpowering necessity to make it possible for him to grant his loyalties in a correct direction. In that his loyalties are served and his obedience cravenly demanded by persons antipathetic to his general good, and in that these persons are few, even in a Capitalist nation, the goal and direction of Psychopolitics is clearly understood. To benefit the worker in such a plight, it is necessary to eradicate, by general propaganda, by other means, and by his own co-operation, and self-willedness of perverted leaders. It is necessary, as well, to indoctrinate the educated strata into the tenets and principles of co-operation with the environment, and thus to insure to the worker less-warped leadership, less craven doctrine, and more co-operation with the ideas and ideals of the Communist State.

The technologies of Psychopolitics are directed to this end.

### MAN AS AN ECONOMIC ORGANISM

*(Hatonn: Please note that it is and has always been perfectly alright for the Communist leaders to live in luxurious villas, with hordes of servants and the most sumptuous food. It is only bad for the proletariat. This has become a matter-of-fact existence in your "free" country also--you set up your "rulers" in the finest limousines and homes and choose them from the already wealthy elite. Please note that only ones from the Trilateralists ever get Peace Prizes, etc. Funny thing--Mr. Gorbachev was "best dressed man of the year", in addition. Does this strike any of you as possibly "strange" in a time of total economic chaos in Russia--do you have even the slightest idea how and where this man lives? I thought not!)*

Man is subject to certain desires and needs which are as natural to his beingness as they are to that of any other animal. Man, however,

has the peculiarity of exaggerating some of these beyond the bounds of reason. This is obvious through the growth of leisure classes, pseudo-intellectual groups, the 'petit bourgeoisie,' Capitalism, and other ills.

It has been said, with truth, that one tenth of a man's life is concerned with politics and nine-tenths with economics. Without food, the individual dies. Without clothing, he freezes. Without houses and weapons, he is prey to the starving wolves. The acquisition of sufficient items to answer these necessities of food, clothing, and shelter, in reason, is the natural right of a member of an enlightened State. An excess of such items brings about unrest and disquiet. The presence of luxury items and materials, and the artificial creation and whetting of appetites, as in Capitalist advertising, are certain to accentuate the less-desirable characteristics of Man.

The individual is an economic organism, in that he requires a certain amount of food, a certain amount of water, and must hold within himself a certain amount of heat in order to live. When he has more food than he can eat, more clothing than he needs to protect him, he then enters upon a certain idleness which dulls his wits and awareness, and makes him prey to difficulties which, in a less toxic state, he would have foreseen and avoided. Thus, we have a glut being a menace to the individual.

It is no less different in a group. Where the group acquires too much, its awareness of its own fellows and of the environment is accordingly reduced, and the effectiveness the group in general is lost.

The maintaining of balance between gluttony and need is the province of Economics proper, and is the fit subject and concern of the Communist State.

**Desire and want are a state of mind. Individuals can be educated into desiring and wanting more than they can ever possibly obtain, and such individuals are unhappy.** Most of the self-willed characteristics of the Capitalists

come entirely from greed. He exploits the worker far beyond any necessity on his own part, as a Capitalist, to need.

In a nation where economic balances are not controlled, the appetite of the individual is unduly whetted by enchanting and fanciful persuasions to desire, and a type of insanity ensues, where each individual is persuaded to possess more than he can use, and to possess it even at the expense of his fellows.

There is, in economic balances, the other side. Too great and too long privation can bring about unhealthy desires, which, in themselves, accumulate if left action, more than the individual can use. Poverty, itself, as carefully cultivated in Capitalist States, can bring about an imbalance of acquisition. Just as a vacuum will pull into it masses, in a country where enforced privation upon the masses is permitted, and where desire is artificially whetted, need turns to greed, and one easily discovers in such states exploitation of the many for the benefit of the few.

If one, by the technologies of Psychopolitics, were to dull this excessive greed in the few who possess it, the worker would be freed to seek a more natural balance.

Here we have two extremes. Either one of them are an insanity. If we wish to create an insanity we need only glut or deprive an individual at long length beyond the ability to withstand and we have a mental imbalance. A simple example of this is the alternation of too low with too high pressures in a chamber, an excellent psychopolitical procedure. The rapidly varied pressure brings about a chaos wherein the individual will cannot act and where other wills then, perforce, assume control.

Essentially, in an entire country, one must remove the greedy by whatever means and must then create and continue a semi-privation in the masses in order to command and utterly control the nation.

A continuous hope for prosperity must be indoctrinated in to the masses with many dreams and vi-

sions of glut of commodity and this hope must be counter-played against the actuality of privation and the continuous threat of loss of all economic factors in case of disloyalty to the State in order to suppress the individual wills of the masses.

*(Hatonn: Go back and read that please and see if it doesn't fit with today's terror tactics and factual, fall of the economy, job losses, property losses, etc.)*

**In a nation under conquest such as America, our slow and stealthy approach need take advantage only of the cycles of booms and depressions inherent in Capitalistic nations in order to assert of more and more strong control over individual wills. A boom is as advantageous as a depression for our ends for during prosperity our propaganda lines must only continue to point up the wealth the period is delivering to the selected few to divorce their control of the state. During a depression one must only point out that it ensued as a result of the avarice of a few and the general political incompetence of the national leaders.**

The handling of economic propaganda is not properly the sphere of psychopolitics but the psychopolitician must understand economic measures and Communist goals connected with them.

**The masses must at last come to believe that only excessive taxation of the rich can relieve them of the "burdensome leisure class" and can thus be brought to accept such a thing as income tax, a Marxist principle smoothly slid into Capitalistic framework in 1909 in the United States. This even though the basic law of the United States forbade it and even though Communism at that time had been active only a few years in America. Such success as the Income Tax law, had it been followed thoroughly, could have brought the United States and not Russia into the world scene as the first Communist nation. But the virility and good sense of the Russian peoples won. It may not be that the United States will become entirely Communist until**

past the middle of the century but when it does it will be because of our superior understanding of economics and of psychopolitics.

The Communist agent skilled in economics has as his task the suborning of tax agencies and their personnel to create the maximum disturbance and chaos and the passing of laws adapted to our purposes and to him we must leave this task. (Hatonn: I believe I need make no further comment regarding this. Even the Russians knew your Income Tax law was illegal and Constitutionally unlawful. They further knew that you would pull your own noose upon you with a welfare state which would run out of both tax money and welfare funds--and collapse is all that remains to occur.) The psychopolitical operator plays a distinctly different role in this drama.

The rich, the skilled in finance, the well-informed in government are particular and individual targets for the psychopolitician. His is the role of taking off the board those individuals who would halt or corrupt Communist economic programs. Thus every rich man, every statesman, every person well informed and capable in government must have brought to his side as a trusted confidant a psychopolitical operator.

The families of these persons are often deranged from idleness and glut and this fact must be played upon, even created. The normal health and wildness of a rich man's son must be twisted and perverted and explained into neurosis and then, assisted by a timely administration of drugs or violence, turned into criminality or insanity. This brings at once some one in "mental healing" into confidential contact with the family and from this point on the very most must then be made of that contact.

Communism could best succeed if at the side of every rich or influential man there could be placed a psycho-political operator, and undoubted authority in the field of "mental healing", who could then by his advice or through the medium of a wife or daughter by

his guided opinions direct the optimum policy to embroil or upset the economic policies of the country and when the time comes to do away forever with the rich or influential man, to administer the proper drug or treatment to bring about his complete demise in an institution as a patient or dead as a suicide.

Planted beside a country's powerful persons the psychopolitical operator can also guide other policies to the betterment of our battle.

The Capitalist does not know the definition of war. He thinks of war as attack with force performed by soldiers and machines. He does not know that a more effective if somewhat longer war can be fought with bread or, in our case, with drugs and the wisdom of our art. The Capitalist has never won a war in truth. The psychopolitician is having little trouble winning this one.

Dharma, close here, chela. I ask that this segment go forth in conjunction with Number One writing of this morning. I do not want more than the equivalent of one Express shipped at a given time for I ask that each portion be studied prior to moving on to the next segment. We will next take up the subject of goals--*State goals for the individual and masses!* I move to stand-by.

Hatonn to clear, please.
