5/19/91 HATONN
SUNDAY

HEAR IT AGAIN!

Hatonn present in the Light of Creator's wondrous presence--come to walk with us and give our journey purpose and meaning--for we are given to discouragement as the confirmations of the "illness" of society flows in upon the minds and hopelessness overwhelms the motivation processes.

As confirmations flow from man the very paperwork is sent unto us to ask comment. Dharma's response is, "Where have you been, we have written about that subject at length two to four times in almost exactly the very same language and sentence structure--where are you?" When we get about ten of these responses from regular readers stating that "...and you should see what So and So has written, why didn't you tell us that?" and I can see that it was taken from the Phoenix Expresses, I am both amused and know that you must again receive it. Some subjects bear the retelling and the reshewing for they are so entangled in the beast's maze of confusion that you DO miss it the first few times for you hang up on one point or another and simply cannot believe the dirty deed is actually **ALREADY ACCOMPLISHED!**

When I tell you, for instance, that it is **ALREADY** a FELONY of-

fense in California, New York and Washington D.C., etc., to have an unregistered gun in your possession or in your home--you go crazy. **BUT IT IS FACT! RIGHT NOW!** Further, when I tell you that **RIGHT NOW** in those places, the police need no warrants and no pre-entry knock at your door to come in and search and seize all weapons including the unregistered ones--along with which you have created a felony offense warranting up to 15 years in prison--**RIGHT NOW!** Then when I say that if you injure or, God forbid, you kill an intruder--no matter what the intruder intends or does--with one of those weapons (guns or any other weapon requiring registration and permits--which is **ALL**) you will be tried (and convicted) of **FELONY MURDER AND YOU ARE GONE!**

So, if you think Mr. Paul, Mr. Sutton, Mr. McAlvaney or, or, or does a better job than Hatonn--**EXCELLENT! WE ARE MAKING PROGRESS IN INROADS WITHIN THE MINDS IN AWAKENING AND I AM PLEASED TO OUTLAY IT EXACTLY AS THEY HAVE.** I SHALL HEREIN START WITH **MR. MCALVANY** FOR I BELIEVE HE HAS DONE THE **BEST JOB AT PRESENT OF RECOMPILING THE INFORMATION INTO SUCCINCT FORMAT AND IT SAVES ME "TIME".** I will simply follow along with his basic format for it is

SO UNDENIABLY IMPORTANT THAT YOU GET THIS PICTURE IN CEMENT INTO YOUR BRAINS--YOU ARE ALREADY ENSLAVED BUT YOU CAN CHANGE IT IF YOU ACT NOW!

I honor Donald McAlvaney (Intelligence Advisor) who does a monthly report--I do not always agree with his conclusions nor his investment projections in all cases for he falls short of giving you methods for privacy, i.e. Nevada corporations, investment against gold collateral, etc. Frankly, we do not intend to make a "big deal" of any of the opportunities, save in mentioning them and making assistance available to our own readers--for too much attention and the laws will abruptly change to capture our own privacy. But, we will continue to press **HARD** for income tax coverage by Constitutional rights, etc. Some of the shelters, however, are better for the small group if the masses are, frankly, unaware--but I disappoint at you regular readers who do not participate for I tell you again, your options are gone for valid protection and "iffy" in all shelters! **THE BIG BOYS INTEND TO RUN THE WORLD, HOOK, LINE AND SINKER--OPERATIONAL BY YEAR 2000 AND WELL ON THE WAY TO FINALIZATION RIGHT NOW!** But McAlvaney, for instance, is on the right track and I enjoy recognizing those who are beginning to see the **WHOLE** picture and

possibilities outside the "norm". If you wish subscription information: P.O. Box 84904, Phoenix, AZ 85071. Almost all newsletters in thrust are "disinformation" and 99.9% of all INVESTMENT newsletters are trying to stay alive through "investing" and are telling you lies, lies and more lies to sucker you IN. It requires attention and "reason".

One major point of continual raising of the postage rates is to finally cause the newsletters to have to cease operation for the rest of the media is totally controlled. You can now expect the postage rates to jump to at least 35 cents a letter and many small newsletters will simply have to give up the fight for the cost cannot be met as printing and labor also climb "out-of-sight" and there comes a limit to what the "ordinary" reader can afford. We are faced with it daily so it must be obvious to all of you what the legal, governmental point and intent is to accomplish. Worse, as in the case of Spotlight, efforts are to close the entire publication facility--in addition, already, infiltrated staff who are of the Establishment have been put into places of decision of product and no longer are ones with REAL NEWS, for you ones are phased out! These are still better sources for gaining insight--but they are being eroded rapidly.

So, back to the "GUN CONTROL JUGGERNAUT":

Oh, before I go on, you "inquiring minds" want to know what Queen Elizabeth is doing in America--REALLY? Inspecting her Kingdom, good people, inspecting HER KINGDOM--OF AMERICA!

GUN CONTROL--REVISITED

HEAR YE, HEAR YE--THIS TIME, HEAR YE! I am not going to waste precious postage and time saying who said what--we are going to write, copy and whatever

else required to ALLOW YOU TO SEE AND HEAR!

Gun control advocates, liberals and the political left in America, armed with gun control endorsements from Presidents Nixon, Ford, Reagan and Bush, are currently building gigantic momentum for a series of local, state, and national gun control initiatives aimed ultimately at banning the manufacture and sale of all firearms in the U.S. and registering and confiscating all firearms owned by honest, law-abiding Americans.

As crime and pillage increases all over America, honest law-abiding citizens who wish to hunt, target practice, or most importantly defend their families are being declared to be criminal felons for not registering or turning in their firearms. Hundreds have been jailed for so-called firearms felonies and tens of thousands more will be jailed if the plethora of new gun control legislation across the country is enacted.

Gun control in America is apparently to be a major cornerstone of George Bush's and Mikhail Gorabchev's New World Order. It will be very difficult for the globalists to establish their world government under the United Nations without first disarming the American people.

The idea of an armed citizenry is as relevant today as it was 200 years ago. The British tried to keep firearms out of the hands of the colonists before the War for Independence. They said that the colonists did not need their guns because they had the British Army to protect them from French and Indian attacks. Hostilities erupted near Boston on the road from Concord to Lexington when the Red Coats tried to confiscate a magazine of colonial muskets.

Today's Red Coats, the Kennedys' and those from Handgun Control,

Inc., tell you the same thing the British told your forefathers--that private people do not need their guns.

You need your guns more than the American colonists needed theirs for the dangers lurk closer to home. While you seem to enjoy some measure of peace with the French and the Indians today, America is a battleground in a drug, and drugged, war. Americans are being held hostage in their homes because they do not dare go out on the streets. There are not nearly enough police to protect the citizens and many of the police head the drug groups under total protection of higher enforcement. Even at that, statistics show that there are some 150,000 police on duty at any one given time, in the entire country, trying to protect a quarter of a BILLION Americans (actually more than a 1/4 billion).

There are over 100 million firearms in private hands in your country, yet only a tiny fraction of one percent are ever used in crime. Private citizens are able to kill over 3,000 attackers in justifiable self-defense each year, and they wound and apprehend over 15,000 each year in addition and these are minimal figures which somehow "slip" out from under the cover-up.

On average, over 2,700 Americans each day use a handgun, or a rifle, or a shotgun to resist a criminal attack. While the advocates of gun control talk of it being more dangerous to use a gun in self-defense, Dr. Gary Kleck, a criminologist at Florida State University in Gainesville, has found that, in fact, one is nearly twice as likely to be harmed when failing to resist a criminal as when resisting.

Gun control only has implications for law-abiding citizens. They will lose the ability to defend themselves and become more vulnerable in your crime-ridden society.

Surveys of felons have shown that their proclivity to commit criminal acts is more constrained by fear of encountering an armed victim than by fear of police and courts. In 1990 about 645,000 citizens used their handguns to protect themselves from robbers, rapists and murderers. Hard statistics prove that armed citizens are far less likely to become crime victims than those who are unarmed. Citizens acting in self-defense kill about three times more assailants and robbers than do police. Gangs and criminals kill at random in crime against other criminals for territory and product and **THEY ARE THE ONES WITH THE REAL DANDY WEAPONS--FURNISHED BY THE VERY GOVERNMENT WHO WOULD TAKE YOUR LITTLE DEFENSE WEAPONS AWAY--READ ON.**

The gun controller's war on semi-automatic rifles is a subtle attack on ownership of ALL rifles and shotguns (since about two-thirds of those in existence are semi-automatic), just as the gun controller's campaign to ban "Saturday night specials" was a disguised attack on ownership of ALL handguns. By calling these semi-automatic rifles and shotguns "assault weapons" or "para-military weapons" they have persuaded liberals in the national, state and city governments and in the media that they are inherently evil and should be banned. (These rifles are actually no different than regular hunting rifles except for larger magazines. They just LOOK different.)

They claim that semi-automatic weapons are the weapon of choice of drug dealers and organized crime. This is a lie. Police stats show that the lion's share of gun-related crime in America is committed with shotguns (i.e., 60%), .38 specials and .22 caliber rifles. So-called "assault rifles" are used in less than one,(ONE; 1%) percent of homicides in America.

The ultimate goal of the gun controllers is registration and confiscation of ALL handguns (semi-automatic or not) and ALL rifles and shotguns. They believe that they can accomplish this within five years. The trend in gun control legislation (local, state, and national) is accelerating dramatically like a floodtide. By the mid-'90's, if this momentum is not blocked, the American public will be disarmed and the doom knell sounded and the noose closed. The tyranny of the Soviet-style police state will follow as the enforcement is **ACTUALLY TURNED OVER TO THE SOVIET RUN U.N. POLICE FORCE.**

CONTROL INITIATIVE ACROSS THE U.S.

There are numerous anti-gun legislative initiatives emerging across the country. One has been introduced which will ban nationally the sale of all new semi-automatic rifles and pistols, capable of holding a 10-shot magazine (which is almost all of them) and shotguns and .22 rifles with tubular magazines holding more than six rounds. Every person who presently owns one of these so-called "assault weapons" would have to register it with the BATF (Bureau of Alcohol, Tobacco and Firearms) within 30 days, including fingerprinting, mug shots, etc. All magazines holding 10 rounds or more and fitting a semi-automatic rifle, pistol, or shotgun will become illegal to possess.

Another bill specifically bans AR-15's, Ruger Mini 14's, and eight others, but says the Attorney General and Secretary of Treasury **CAN BAN ALL OTHERS.** A person who fails to register his .22 rifle (or other semi-automatic) or turn in his 10 round magazines is subject to a five-year jail sentence as a criminal felon. This bill calls for confiscation within 30 days of enactment into law with no compensation.

IN CALIFORNIA--TAKE NOTE

For it will be everywhere: In California, it is now a felony to possess, sell, or manufacture 56 different semi-automatic pistols, rifles and shotguns. Failure to register these firearms in California carries prison terms of up to three years (simply for failure to fully comply). Police in the "Golden State" can now kick down the door of a gun owner (YOU), search (your) home **WITH NO WARRANT**, confiscate the gun and anything else considered probable in criminal intent--**AND ARREST THE OWNER (YOU) WITH NO RECOURSE, WITH CUFFS AND INCARCERATE, ALSO WITHOUT RECOURSE.** That person (you) is now considered an alleged criminal felon in the process of committing a felony by virtue of simply having on his premises, an unregistered gun in his home--even if the gun in point is totally inoperable.

BUT, IS THIS POSSIBLY CONSTITUTIONAL? NO--BUT HAVEN'T WE TOLD YOU ABOUT THE DEMISE OF YOUR CONSTITUTION? IT IS LEGAL! HE WHO HAS THE BIGGER GUNS MAKES THE RULES AND LAWS AND ENFORCES THEM ANY WAY HE CHOOSES!

Similar and identical legislation is underway and in passage in Florida, Colorado, Oregon, Washington, Minnesota, Massachusetts, Connecticut, Rhode Island, New York, New Jersey, Maryland, Illinois, Wisconsin, and about a dozen other states as well as local legislation in Cleveland, New Orleans, Los Angeles (even though the State already has the law in force) New York City (likewise), Denver, etc. One bill introduced in the Colorado legislature even calls for police and highway patrol road blocks to stop cars and check them for firearms. So, you dear ones might ask, "Is

this America or the Soviet Union?" Doesn't make a bit of difference for this is the New World Order and it is only a piddling portion of the overall plan--disarmament is only one of the final parts of the plan. Your enemies are all now UNITED AND WORK AS ONE SINGLE SOLIDIFIED UNIT--FORECLOSING ON THE PLANET--AND YES, THEY CAN! THEY CAN AND THEY ARE IN THE FINAL STAGES OF SO-DOING AND YOU ARE GETTING EXAMPLES OF THOSE WHO DEFY THE PLAN IN ANY MANNER WHATSOEVER--TOTAL DEVASTATION OF THE SOVEREIGN NATION AND THE PEOPLE.

In many states from Hawaii to New York, so-called "assault weapons" bills are brewing. In New York, Governor Mario Cuomo, in addition to a 10% surcharge on all guns and ammo, is attempting to impose an outright ban on possession of military style firearms (which is anything so chosen to fit the guidelines), plus conventional rifles and shotguns. New York City Mayor Dinkins' bill goes even further; it would ban anything which the police commissioner considers to be "suitable" for military purposes as just stated.

In Maryland, Governor Donald Schaefer is not only trying to ban new purchases of semi-automatic pistols and rifles, but the present owners are required to register all of these guns which they already own, and to pay a \$100 non-refundable registration fee to keep each gun. They must also "PROVE that they need" the gun in order to be allowed to keep it. In California, pending legislation would subject adult gun owners to criminal prosecution and jail sentences of up to four years if one of their children should accidentally kill someone with the parent's gun, or use it to commit suicide.

A few of the major national gun

control bills will be herein discussed.

BRADY SEVEN DAY WAITING PERIOD BILL--HR-7

As you read this it will probably be finished. Right now the House of Representatives, led by the political left and Handgun Control, Inc., passed the so-called Brady Bill by a vote of 239 to 186 (nice Zionist Elite controlled House). This legislation, which gained support not only from liberal members of Congress but also from 56 previously "pro-gun" Republicans in the House, will impose a national seven-day waiting period before a handgun can be transferred by a dealer to an individual. Presidents Ford, Nixon, Reagan and Bush have all endorsed the legislation as a necessary first step in gun control. On the surface, it does not seem at all unreasonable to have a seven day cooling off period before a person can take delivery of a handgun, and that is how the legislation is being sold to the public.

However, HR-7, which now goes to the Senate and then the President really has very little to do with a seven-day cooling off period. It is a disguised way of registering all future handgun purchasers on a local and/or national basis and, in many cities or towns, a way to completely deny the constitutional right to purchase handguns at all.

If this legislation becomes law, it will later be expanded to cover rifles and shotguns and perhaps even ammunition. Once all future purchases (and purchasers) of handguns are registered, registration of ALL guns, and gun owners, will follow, as in the case of California, New York City, Washington, D.C., etc. Gun confiscation legislation will be the next step. As the National Rifle Association, which has 2.3 million members has said, "The Brady Bill is a prelude to confiscation because it would

start a nationwide list of new gun owners."

It must be completely understood that when a gun is registered, it is really the gun owner who is being registered and once that has happened, and that gun owner is in the Federal computer data base, the government can come after him and all of his other guns which may or may not have been registered--along with anything else questionable they might encounter in their search and seizure (whether already present OR PLANTED). THEY INTEND TO GET THE WEAPONS OF ALL TYPES AND PUT OUT OF CIRCULATION, ALL PERSONS WHO CAN BE REMOTELY DEEMED AS TROUBLESOME.

Let us consider the Brady Gun Control Bill for ominous factors which need consideration:

The law is unconstitutional because it infringes on the right of law-abiding citizens to keep and bear arms by requiring them to prove themselves innocent to the State's satisfaction (which will not be allowed), before exercising a constitutional right. According to English common-law, the foundation of the U.S. Constitution, guilt must be proved by the State before an individual is deprived of constitutional rights. Current legislation, court decisions and media bias is rapidly altering this fundamental premise, forcing individuals to prove their innocence and, in fact, is depriving citizens of their rights until such time as they can do so. This is especially true in cases involving firearms, the use of cash for "privacy", and taxes. The implications of this are staggering.

Most criminals (well over 90%) do not buy firearms through gun dealers but get them illegally, steal them, etc. Of the 10% or so who might buy firearms through a store, most are first time criminals (after the fact) such as John Hink-

ley, and have no existing police record. It is well known by law enforcement officials worldwide that hardened criminals and terrorists do not obtain firearms from stores where they leave a paper trail. Honest law-abiding citizens DO. As one of your own columnists recently wrote: "What possible success can a waiting period have in keeping guns out of felons' hands when few criminals acquire guns by purchasing them from gun stores in the first place? On the rare occasion when they do, they usually use a clean family member, friend or alias."

"How can a waiting period succeed when the majority of criminals have no criminal record? A majority of criminals are not even apprehended. A majority of those who are caught are not brought to trial. A majority of those tried have no felony records because they reduce their crimes to misdemeanors with plea bargains--as did Patrick Purdy, who had a clean record despite arrests for extortion, weapons charges, drug charges, robbery and receipt of stolen property (and now you know the REAL VALUE of PLEA BARGAINING!--You knew it would come down to this, did you not?) Purdy went through California's 15-day waiting period and police background check, bought his gun and killed five school children just exactly as programmed to do!"

The criminal will always be able to obtain firearms. Like prohibition, when the use of alcohol could not be legislated out of existence, neither can firearms--AT LEAST NOT FOR CRIMINALS AND THAT IS EXACTLY THAT WHICH IS FULLY PLANNED!

Therefore, the Brady Bill is actually directed against honest law-abiding citizens who want or need a firearm and you had better get on with facing that fact. The NRA has said it accurately: "The bill is a flawed attempt to control crime by

regulating the behavior of law abiding members of the community who are already victims of the criminals who will continue to act without restraints."

If you have ever been arrested for ANYTHING, or someone has wanted you arrested, regardless of whether the charges were dropped, or you were tried and found innocent, you will be denied the right to purchase a firearm. If your name pops up ANYWHERE in the local, state or federal government law enforcement computer data base, even if you were only a part of a group assembled to quietly protest this or that petition--in a legal public gathering (and millions of Americans are in those data files)--YOU ARE GOING TO BE DENIED CLEARANCE AND IN ADDITION, YOU WILL BE LISTED AS PROBABLE "TROUBLEMAKER" AND WILL BE PLACED ON COMPUTER SURVEILLANCE IN EVERY ASPECT OF YOUR FUNCTIONING LIFE.

Do you really believe that confiscation of Joe Doe's .22 pistol in southern Dog Neck, Calif. is going to stop crime in the gang wars in Los Angeles? Reason is the better part of intelligence, my friends! It won't even stop crime in southern Dog Neck! But it may well allow for the increase in crime in southern Dog Neck.

This next had better scare the living daylights out of ALL OF YOU--ESPECIALLY IF YOU HAVE EVER BEEN TO AN AUTHORIZED "COUNSELOR", ESPECIALLY A CERTIFIED PSYCHIATRIST OR PSYCHOLOGIST: In states like California that require psychiatrist to REPORT THE NAMES OF THEIR PATIENTS TO A CENTRALIZED DATA BASE, (didn't you nice citizens know this?) denial could and would arise for all individuals that have sought care and counseling for depression caused

by the death of a family member or whatever, regardless of the diagnosis. All will be lumped into the same pot as to need for counseling and denial will be forthcoming and there is not even requirement to respond to the applicant nor to provide reason for denial. There will be no appeal and no reason for denial given to the individual--under the LAW.

Another problem is that the records in America's criminal "justice" system are known to be highly inaccurate. A recent study of New York State's criminal justice system shows that over 75% of their records were in error--accidentally or deliberately tampered. If a person has unpaid traffic tickets in some portions of the country--or maybe they were paid but not properly recorded as such, or paid late, a gun permit would be denied. It would be held up for review by government red tape and bureaucracy indefinitely--by law. Recently in New York City, 11,500 were threatened by the City with wage garnishment for unpaid parking tickets when actually ALL 11,500 had paid their tickets. Another problem, according to the US Attorney General speaking to the US Congress in October '90, is that "automated conviction records are too incomplete to identify convicted felons." So the system is not even fool-proof to catch criminals if they should try to purchase a firearm at a gun store.

A dangerous criminal can get fake identification papers (i.e., Social Security card, alien registration, etc.) for \$35 and therefore purchase a gun undetected by a government background check. But, of course, if you use the same method and the checkers come to check and you are found to have fake records--they can get you on felony charges on both counts of fake ID and unregistered or erroneously registered weapons. It is a Catch 22 exactly as they have planned it and written the scripting

for the fall.

Dharma, allow us a break please. We will continue this subject today or tomorrow. Thank you for your service and thank you readers, for being responsive and attentive. The depth of your understanding is increased without my ability to place measurement upon it and the questions are worthy of note. We ARE making inroads even if it appears to continue otherwise--there IS unity forming in "reaction" to facts which is pleasing indeed. Salu.

Hatonn to clear.

5/20/91 HATONN
MONDAY

Hatonn present in the Light of Holy God--to give more challenge unto your day and week. I must ask that whatever meetings regarding the legal council be set-up away from the dwelling for the most part, unless we can bring the current situation under faster control than I suspect probable at the moment. We come under harsher bombardment with our new subject material regarding nuclear reactors (production reactors) which will begin to follow-on immediately subsequent to "Gun Control" summary under way. I am sorry, chelas, but it has to be written and no amount of avoiding can allow us to neglect the important issues confronting our people.

Due to "time constraints" please KNOW, all you wonderful friends, that your information and attention to current events is very, very much appreciated for it is the only way we can measure response to our writing and further, attend those things pressing upon your hearts and minds.

I hope that some of you will catch the new weather predictor on television tomorrow (Tuesday) morning--HENRY KISSINGER yet. I am not sure which of the

network programs upon which he is to shower his great knowledge of meteorology (CBS) but you can be sure that he will be pretty accurate and you will get clues upon clues as to total weather management--just as has just been exemplified in Bangladesh. You think he is just going to flash a few weather cuties--no, it is the Cartel opportunity to tell every nation in the world that the "foreclosure" is underway and cross the Cartel and you are DEAD DUCKS. By the way, I shall take up the subject, very soon, regarding the "DESERTING OF AMERICA" so you can see how the game is played. There are now parts of the Western U.S. which shall never again be growing fields but rather "blow-sand" desert. The drought was too much and the ground-water far too depleted to recover. I understand that you cannot comprehend that ones on your own planet would destroy your planet--for they, too, must live upon it--but they see and feel it not--all toward the Elite Control. So be it.

Let us finish the Gun Control summary, Dharma, and then we will speak of reactors.

We were generally listing some underlying observations regarding these advocated and already activated initiatives so I will simply take up with the sixth, or so, issue to consider.

CONTINUATION OF GUN
CONTROL SUMMARY

Waiting periods in states like California, Maryland, Virginia, etc., have not lowered crime by one iota--it is still skyrocketing, just as rigid gun control in New York and Washington, D.C. have not lowered murder by firearms--they have the highest incidence in the country in those two cities. In California, the "waiting period" in recent years has been raised from 2 to 5 to 15 days and in the same time frame, the state's homicide rate

rose 126%--more than DOUBLE THE NATIONAL INCREASE. Criminals and murderers have easy access to firearms in those two cities--and everywhere else for that matter. Honest law-abiding citizens who need to defend themselves do NOT. In the 12 months after New York City passed rigid gun control laws in 1912, the murder rate rose 18%. Over the next 78 years, they were amended and made tougher 68 times and yet today New York City is the murder capital of the world. As the old saying goes, "When the guns are outlawed, only the outlaws will have guns."

The police cannot protect everyone--not even from their fellow-police. They attempt to pick up the pieces after most crimes are committed. There are Americans who are at high risk of attack, robbery or murder who are precluded from protecting themselves by waiting laws. In 1983, Igor Hutorsky was murdered by two burglars who broke into his Brooklyn furniture store. The tragedy is that his business partner had applied for permission to keep a handgun at the store some time before the murder. Even four months after the murder, the former partner had still not heard from the police about the status of his gun permit.

So what will the Elite now set up for your massive consideration in addition to no guns? NO MONEY! The point will be that if no cash were available, there would be no motivation for robberies--especially of stores--for certainly there is no real incentive to rob you of couches and chairs on a Friday night drug money robbery. Oh yes indeed, THEY have covered all the bases and the run in-between.

The Brady Bill is a foundation upon which additional gun control laws can be built. Pete Shields, Chairman Emeritus of Handgun

Control, Inc., told the New Yorker Magazine (7/26/76) that his ultimate goal is "...to ban the private possession of handguns. But to achieve this goal, we're going to have to take one step at a time...The first step is to slow down the increasing number of handguns being sold in this country." The Brady Bill would accomplish this since police departments at present routinely deny handguns to law-abiding citizens under their state background checks.

Further, with the new regulations, it is even better than before for every handgun in the hands of law-abiding citizens are pegged, labelled and it will be mandatory that they be identified and available for confiscation when the government is ready to strip you.

What do they plan for the gang and crime related weaponry? All-out gun-war. The plan is to go, with military equipment of every type from tanks to missile launchers, into the "infected" areas and simply kill the children and remove the weapons--open war. Any one attempting to protect or hide the gun-holders or drug-involved persons will likewise be shot or arrested. It is the major manner planned for genocide of the black and other minority communities. You can herein mark my words right along with Henry Kissinger's weather predictions for the future. NEAR FUTURE!

Shields went on to say that "...the final goal is to make the possession of all handguns and all handgun ammunition--except for the military, policemen, licensed security guards, licensed sporting clubs, and licensed gun collectors--totally illegal.

Handgun Control, Inc., Ted Kennedy and the political left are simply--by their own admission--using the Brady Bill as a stepping stone to total gun registration and

confiscation. Odd that President Bush should be going along, OR IS IT?

Another problem with the Brady Bill and other gun control laws is the "escalation factor". When gun control laws on the books at any given time fail to curb crime, and they always FAIL, the "solution" is always additional gun controls. That is the pattern in California, New York, Washington, D.C. and across the nation and world.

Handgun Control, Inc. is planning, after passage of the Brady Bill, to sue any municipality where a handgun related crime or accident occurs and a background check was not adequately performed, even though nothing in the Bill requires a background check! A few multi-million dollar lawsuits will intimidate many underfunded police departments to strictly enforce the waiting period and background checks.

Many, if not most, gun dealers who are being forced to help the government register new gun buyers, will find it difficult to remain in business as their gun sales dry up to a mere trickle. This is one of the goals of Handgun Control, Inc. and the BATF--to regulate most gun dealers completely out of business. Growing numbers of BATF stings are being run against these dealers and that is stated to be the next approach and funding is already asked for the increased sting operations.

THE BUSH CRIME BILL--HR-1400

Let us now look at some points regarding the Bush Bill:

It will outlaw all pistol or rifle gun magazines with over a 15-round capacity; dramatically increase the penalties for the use of semi-automatic firearms used in a crime with life sentences and death penalties called for in some instances--as if

crimes committed with revolvers, shotguns, and hunting rifles were somehow less lethal.

Don't miss something here, which I MUST REMIND YOU: The controllers are on the same side and Bush wants you disarmed far worse than does Brady--but by working seemingly against each other--they can lump both bills into a package and dump on twice the burden. The problem is that everyone in California with an unregistered semi-automatic rifle or pistol (over 500,000) are already considered to be criminal felons. If one of these people kills or injures someone in self-defense, he could be convicted of murder or assault with an illegal weapon and given a 5-10 year MANDATORY prison sentence. This will happen all across America as the Brady Bill and other gun control laws are passed.

Watch out: making false statements in connection with firearms purchase will become a CRIMINAL FELONY PUNISHABLE BY INCARCERATION and fines--just in case you thought you might like to use an "alias".

Police or government agents of the FBI, DEA, CIA, BATF or CID will, under the Bush Crime Bill, be able to enter a home, car, or business without a search warrant or court order and seize property, financial records, or firearms. This legislation, which says that it will rely on the "good faith of local or federal police performing their duties not to abuse their power" (ask Mr. King of L.A. about this abuse of power issue!), totally nullifies your Fourth Amendment protection against unwarranted search and seizure. In cases where law enforcement officers suspect the commission of a violent crime, drug-related activity, or violation of gun laws, Fourth Amendment protection will be COMPLETELY ELIMINATED AND NO GOOD FAITH BY POLICE IS RE-

QUIRED. Never before has a single group, like U.S. gun owners, faced such an attack on their most basic Constitutional rights. Non-court approved telephone wiretaps are likely to follow on a widespread basis. More insulting is that the Elite sit in their planning session and weep from laughter at how you-the-people will take, and demand, more of the poison and enslavement. The Mafia is up to and over their eyes into the crime aspects, as is the government itself. God have mercy on you if you, as a nation and world, continue in this insanity of self-destruction.

Do government agents or local police ever abuse their authority? Again, remember the Rodney King/L.A. police beating and the rape of a suspect in a police vehicle in the same period of time--by a police officer. The incidents occur on a regular basis and are shushed up instantly--it is all part of the training of the police force for UN police force take-over where the S.S. of Nazi Germany looked like little tin soldiers playing at tea parties. The devoted and decent police are being weeded out of the corps--all across the nation--your police are being trained in terror.

You had better remember things like the series of articles run last Fall in the New York Times, on how the Connecticut State Police, for instance, and 12 local police departments in that state were illegally recording all telephone conversations between prisoners and their attorneys in violation of Fifth Amendment Constitutional protection. This is already commonplace and will become open and widespread as well, for suspected gun owners in your private homes. MOST of you-the-people are already onto systems that monitor every phone call, every fax-entry sent and/or received and what TV shows you watch. This is electronically monitored and entered into PERMANENT DATA BANKS. The files are then en-

tered into the "Beast" through the SDI satellite system in order to have total information on EVERY INDIVIDUAL IN THE WORLD! EVERY BANK TRANSACTION IS LISTED--EVERY ENCOUNTER BY POLICE, EVERY BUSINESS TRANSACTION AND THE MINUTE OF YOUR BIRTH. If you believe yourself not to already be within the Beast's system--forget it; every citizen is within the system and already categorized as to potential problem to the Elite Cartel Banksters.

The practical application of this part of the Bush Crime Bill is that police or government agents will be able to conduct no-knock, unwarranted searches--day or night--of any person, his car, home or business searching for unregistered guns. Remember that they can already do this in California and the Bush Crime Bill and the host of local, state and national gun control initiatives now in the hopper will shortly make this a reality across the whole country.

The Bush Crime Bill paves the way for George Bush's national police by greatly expanding the powers of the FBI, DEA, BATF, CID, etc. This national police force will have (legal, but NOT Constitutional) police state powers of investigation, search and seizure, etc., not unlike those seen in Nazi Germany prior to World War II, as I mentioned before, and in the Soviet Union today. This legislation, which on the surface might sound great to anyone who hates crime and the liberal soft-on-criminals attitudes of recent decades, will set the stage for a dramatic contraction of U.S. freedoms and civil liberties and a national police force to be the domestic enforcer of George Bush's New World Order.

As a part of this whole thrust, the Justice Department on April 10 declared war on "gun-toting criminals" under a new program called "Operation Triggerlock". US At-

torney General Dick Thornburgh said, "For the first time the Federal government has directed all 93 US attorneys to make certain that all crimes committed with firearms are moved to the highest level of the prosecution agenda". If genuine criminals, murderers, bank robbers, etc., are the real target, "Operation Triggerlock" might be fine. But at the "crime summit" held in Washington in March (1991), which launched "Operation Triggerlock" and which focused on expanding successful Federal anti-crime programs, the Bureau of Alcohol, Tobacco and Firearms (BATF) bragged about their "Project Achilles" which obtained more than 1,700 convictions for gun offenses last year. These were not crimes such as robbery, murder, etc., over which BATF has no jurisdiction. THESE WERE STINGS RUN AGAINST GUN STORE OWNERS AND GUN OWNERS FOR VIOLATION OF REPORTING REQUIREMENTS AND OTHER GUN CONTROL MEASURES.

It is now revealed that the BATF has for the past year been conducting "Operation Forward Trace" in California (and probably in other states as well). THIS IS AN illegal OPERATION WHEREBY THE "BATF" IS GOING INTO GUN STORES, DEMANDING THEIR 4473 FORMS, COPYING THE NAMES, ADDRESSES AND DATA ON GUNS PURCHASED AND COMPUTERIZING THE INFORMATION. This is ILLEGAL under present Federal law and amounts to Federal gun registration BEFORE the legislation is even law. This however, is the manner in which your JUDICIAL SYSTEM ALREADY FUNCTIONS--WITHOUT ' THE LAWS BUT UNDER THE SERVICE OF THE ANTICIPATED NEW WORLD ORDER--YOU HAVE NO JUDICIAL SYSTEM LEFT INTACT TO CONSIDER CONSTITUTIONAL LAW.

But the BATF (which many gun dealers and owners see as the gun confiscation gestapo) is a law unto itself. Operation Forward Trace is an indication of how serious the Federal government is about gun registration and confiscation. If you have bought a firearm through a gun store in the past 2-3 years (especially a semi-automatic), there is a reasonable chance that the BATF has already computerized information on your purchase and will be around to check with you very, very soon!

BATF concentrates primarily on forms where military style semi-automatics are transferred, justifying their actions by claiming that purchasers of such firearms fit a certain criminal or drug-related profile. For instance, a Houston, Texas gun dealer had to watch in dismay, while undergoing his ANNUAL records audit by a BATF agent, as all 4473's with ethnic sounding names were pulled, photocopied on a portable machine (computerized) and taken with the agent. Such abuses are not the exception--they are the rule and the apparatus for the electronic listings are with every BATF agent in the field. This is obviously racist and UNCONSTITUTIONAL, and is OFFICIALLY DENIED by the Bureau but continues to occur--as in "Read My Lips" and "I was not in Paris in 1980" when Bush was seen, documented and recognized as having been in Paris several times in 1980. WAKE UP, YOU SLEEPY-HEADS!

The "Voice for Crime Victims" spokesman has said, at the Washington crime summit: "We must make people realize that taking or threatening a life with a gun is the ultimate crime." Does that mean that a law-abiding citizen pointing a gun at a would-be attacker, mugger or rapist and thereby threatening his life, or using the weapon to defend themselves, has just committed the "ultimate crime"? In the

state of the "NEW WORLD ORDER"--most certainly, YES!

Oh yes, "Read My Lips--No New Taxes, No New Gun Control" Bush has already said that he will veto the Brady Bill and a ban on the sale of semi-automatics UNLESS IT IS MADE PART OF HIS CRIME PACKAGE!

HR-19

This bill is a comprehensive ban on nearly all rifles and shotguns since it is cleverly worded to ban all semi-automatic or single shot firearms which are not suitable for "sporting purposes" (which the BATF defines as hunting). The Secretary of the Treasury (or government bureaucrats working for him--probably in the BATF) has total power to decide "what is suitable".

HR-19 bans ALL rifles or shotguns to which a silencer or bayonet can be affixed without alteration of the firearm--WHICH IS ALL RIFLES AND SHOTGUNS WHICH HAVE A BARREL. How many rifles have you ever seen without a barrel? This bill makes it illegal to own, transfer, manufacture or export any rifles or shotguns fitting the above criteria or designated by the Secretary of the Treasury or his bureaucrats. By the way--all the guns used in the Central and South American drug business--COME DIRECTLY (OR INDIRECTLY) THROUGH ISRAEL--even after the countries involved petitioned to stop the flow from the U.S. It is exactly like the heroin trade from the Golden Triangle in southeast Asia and the coca trade from south of your borders--the major shipments come in aboard CIA and military planes and are funnelled right through your U.S. military bases. Shocked? I certainly do hope so!

All magazines holding over seven rounds of ammunition are banned by HR-19. They cannot be owned

or transferred. Criminal penalties for violation of HR-19 are one to five years in jail and a heavy fine per violation. If a person has, for example, a total of five rifles and shotguns, the penalty could be five to 25 years in jail and hundreds of thousands of dollars in fines. The bill allows the Secretary of Treasury to charge a fee of \$50 per weapon it confiscates. (That's right, YOU pay to have your gun confiscated.) The bill calls it a "transfer" fee.

It is important to understand that this is NOT a gun registration bill. This is a gun confiscation bill designed to confiscate ALL rifles and shotguns in America as well as most ammo magazines. Tens of millions of honest, patriotic Americans who believe in firearms, who believe in defending their families, their homes and the U.S. Constitution, and who believe in the Second Amendment to the Constitution which guarantees them the right to own and bear arms, will not turn in their rifles and shotguns if this bill passes. Therefore, tens of millions of Americans will overnight be declared by your government to be criminals and tens of thousands will be jailed as well-publicized examples to intimidate the rest. Indeed, in California, about a half-million gun owners who have failed to register 56 different types of firearms totaling perhaps a million are now considered by that state to be criminal felons! Arrests, convictions and jailings, it is already announced, will commence very shortly.

This is exactly how it all began in Nazi Germany, in Russia, in Cuba, in China, and in the other communist countries, as those dictatorial police states moved to confiscate firearms and extinguish freedom. Tienanmen Square, the Hungarian slaughter of 1956, and the recent Soviet massacres in the Baltics would never have happened if the people had not first been disarmed.

The Nazis and Communists said it was to fight crime and criminals. Today, the gun owners of America are being declared to be the criminals.

THE BIDEN CRIME PACKAGE

Oh yes, you will keep seeing the Elite traitors' names pop up over and over again--I remind you, the Elite constitute a mere less than 3% of your population--and ALL of the rest of you are destined to be the enslaved!

Senator Dennis DeConcini (D-AZ) and Senator Howard Metzenbaum (D-OH) have introduced legislation as part of the Biden Crime Package which bans the sale of virtually all so-called "assault" rifles. An amalgamation of HR-7, HR-19, and this bill are likely to pass along with the Bush Crime Bill by summer or fall--unless a monumental pro-gun effort is launched to stop this juggernaut. George Bush, who has been a closet gun control advocate since his days as a Congressman from Texas has been joined by former presidents Ford, Nixon and Reagan in advocating gun control. With the credibility of four U.S. presidents, the present gun control momentum is going to be very difficult to stop.

CONCLUSION

For years George Bush has pretended to be pro-gun rights and against gun controls. As a lifetime member of the National Rifle Association, it was supposed that he was a pro-gun advocate. He was, in fact, courting the vote of the Republican right--it's called conning the gullible. In 1989 he endorsed a ban on semi-automatic weapons and helped kick off the campaign to abolish so-called assault rifles. With Ronald Reagan's endorsement of the Brady Bill, Bush has found an excuse, or cover, to support that legislation as well, and on April 18, Bush came

out publicly in support of the permanent banning of nine types of semi-automatic weapons.

The Liberal Eastern Establishment wants total gun registration and confiscation in America and believes they can slam dunk this on the American people over the next three to five years. Bush hails from the hierarchy of that establishment and three more of the establishment's men (former Presidents Ford, Nixon and Reagan) have all jumped onto the gun control bandwagon as well.

Bush and the establishment believe that the American public must be disarmed before they can merge America into the New World Order under the United Nations. The best armed populace in the world will be very difficult to subjugate under a Soviet-style police state (a la the Soviet Union, China, Cuba, etc.)--remember, the United Nations Charter requires that the police force be headed by the Soviet Union. You ones better get on with checking the UN charter against the Constitution and then look at the New Constitution and division of the U.S. as is already in order and working on the basis of "districts". You are all but dead in the middle of the big, bad ocean! So you must be rendered helpless, unarmed and assetless. The big push for disarming Americans is set to come next year following elections when no-one has to face constituents--just like the major raises in pay to the Congressmen.

The implications of America's present control juggernaut are:

1. Millions of law-abiding U.S. citizens who simply wish to protect themselves or just feel free to own property, are about to become CRIMINALS (or already are) as Bush, the Congress and the political left criminalize non-criminal conduct. Tens of thousands of these individuals will be jailed. This is a MAJOR, MAJOR reason

for doubling the size of the U.S. prison system.

2. The Bush Crime Bill and the gun control legislation described above will destroy America's civil rights, their Constitutional rights, and their freedom, and usher in a police state--then you will also be set-up for the plucking of all assets in precious metals and cash--which is also intended for confiscation! The powers of the FBI, DEA, CID, BATF, etc. are about to be expanded dramatically, with an all-powerful national police force totally emerged by year 1994. In the very near future gun owners and other Americans are going to have to fear that knock on the door in the middle of the night. The American version of the KGB and SS is already at hand.

3. The present control legislation will drive a wedge between honest law-abiding citizens and the local police--who will be forced to divert their energies from fighting real crime to harassing non-criminals who are about to be called criminals by "Big Brother". This legislation will turn the police against the citizenry, and the citizenry against the police.

4. This gun control juggernaut is just part of the larger plunge into socialism by America. The Bank Secrecy Act of 1986, the Clean Air Act of 1990, the Hate Crimes Bill of 1990 are all part of a thrust to criminalize non-criminal activity, to control the American people and to transform them into slaves by the end of the decade.

5. America is becoming more like Russia or Nazi Germany every day. You can go to jail for owning a gun even if it is a treasured gift hand-me-down from Dad, for taking your own cash from a bank in amounts larger than \$3,000 and not filing a withdrawal form (for the government), for holding and paying debts or purchases in cash and on and on and on--where are you,

America? What did your loved ones die for which you sent to foreign soil? What are the yellow banners for? What are you as a nation allowing to happen here? **YOU ARE KILLING YOUR OWN CONSTITUTION--YEA, DEMANDING IT!**

America's jails are now beginning to fill up with people accused of so-called "white-collar crimes" (economic crimes which were perfectly legal, **ETHICAL AND ACCEPTED PRACTICES ONLY A DECADE PAST**). Economic crimes have been criminalized in the Soviet Union since the 1920's. Now they are being criminalized in America as well, in almost the same manner. I do not speak of things like the S&L frauds--for those criminals had sentences all changed to represent mere misdemeanors and "naughty boy" trips to "Club Fed"--I speak of you-the-people who make wrong judgments in business and errors in operation--the point is **TO GET RID OF YOU!** This effort covers dealing in cash, for advocating financial privacy, for polluting the environment even with their own production autos, for having unpopular thoughts and for speaking out as in this very manner! This writer has been shot at, insulted, ridiculed and efforts at total taking of property of real nature. There are other cases wherein there is the terrible/horrible crime of accepting cash or cashier's checks under the amount of \$10,000 and the legal fees for defense now run well into the hundreds of thousands of dollars with no end in sight--is this what you want in America?

More common is becoming the attack, arrest and conviction of Christians, conservatives, gun dealers, coin dealers, and advocates of liberty. These people acting under total law within Constitutional rights are being jailed as Big Brother tightens his stranglehold on the American people. Whether you call it Orwell's

"1984", or a Soviet/Nazi-style police state, or George Bush's New World Order under the United Nations, if Americans don't wake up and say **NO** to these controls (unConstitutional controls), and **NO** to the New World Order and a government no longer within the United States but totally, 100%, under the One World Government of the United Nations under police control headed by the Soviets (UN Charter) (America forfeits all rights to Sovereignty), they will be **THOSE SLAVES BY YEAR 2000--IT IS THE GLOBAL PLAN UNDER WAY SINCE BEFORE THE TURN OF THE CENTURY AND IN THE FINAL STAGES OF COMPLETION!**

The Second Amendment to the U.S. Constitution was enacted not to protect hunters and sportsmen, but to insure that the government never had a monopoly of force it could use to oppress the citizenry with a police state. Recent events in China, the Baltics and the Soviet Union should remind you once again that when a government has a monopoly on firearms, there is no check on its lust for power or oppression.

WHAT CAN YOU DO?

Herein I shall stick squarely to the issue in point for we have written volumes and volumes on other items, as well as detail regarding this issue and your Constitution.

If this thrust for controls, specifically at this time, gun controls, which has nothing, **REALLY**, to do with guns but rather the intent to take all arms capability from you-the-people and set laws which will incarcerate great numbers of you, some who just happen to have an old gun around the house which might not even be workable, frightens or angers you, then write, fax, wire or call immediately to your local, state and national representatives and **DEMAND** that they vote **NO** on all of the upcom-

ing control initiative or face your wrath in the coming election. Call the White House opinion line 202:456-1111 and remind George Bush of his campaign promises. These unConstitutional controls can be stopped but only if millions of American send a resounding **NO** to your representatives and elected officials and do so **IMMEDIATELY**. You are well on your way to total removal of **ALL OF YOUR BILL OF RIGHTS AND REMOVAL OF THE CONSTITUTION OF THE UNITED STATES OF AMERICA**. This rises above religions, creed, race, color and any other thing which can be "called" bigoted. **YOU ARE LOSING YOUR AMERICAN SOVEREIGNTY AND YOUR CONSTITUTIONAL RIGHTS AS A FREE NATION--IT'S ALREADY ENACTED AND IN THE WORKS.**

There is no bias toward one group over another but the issue at critical point this day is the issue of the gun control. Check into the National Rifle Association (1600 Rhode Island Ave., N.W., Washington, D.C. 20036-3268, phone 202:828-6000) and find out how to join in efforts to retain Constitutional rights--you don't have to **JOIN** to participate. The thrust is not just for "guns", it is for the Constitutional Rights of You-the-People, **CITIZENS OF THE UNITED STATES OF AMERICA**. You will also find specific point response from Gun Owners of America (8001 Forbes Place, Suite 102, Springfield, VA 22151) and the Firearms Coalition (Box 6537, Silver Spring, Maryland 20906). Both groups represent a hardline position against all controls against the Constitutional Rights of Citizens and deserve all the support you can offer.

On a personal level, just for your information and "timing"--any firearms, ammunition, or magazines which you might feel you may ever need for hunting, home

protection, etc., for the remainder of your life should be purchased by the end of this summer of 1991, IF NOT SOONER. What is happening in California, Maryland and New Jersey is GOING TO HAPPEN TO YOU!!!!

We shall take up the subject of the nuclear reactors when we sit again to write. Thank you for your attention. Salu.

May each be given insight to rise above prejudice, ignorance and bias to join in what is your last opportunity to salvage your Constitution and remain a Sovereign Nation, under God, with Liberty and Justice for all. If you look around you, you will see that you are all but lost. The treason is not of the people but of those who have taken your government and have sold your nation into slavery. So be it.

LET'S PLUCK THE
CUCKOO BIRD

TO ALL WHO WOULD HEAR GOD'S WORD IN THIS TIME OF TOTAL MASQUERADE. IT IS TIME TO PULL OFF THE MASK ALONG WITH THE BLINDFOLDS AND EAR-PLUGS. THE TIME IS AT HAND TO GAIN TRUTH AND INSIGHT AND TAKE ACTION FOR YOUR WORLD IS IN GRAVE DANGER.

That which is called the "Anti-Christ" is at hand and has deceived most of the world. You are surrounded by multitudes of replicas and man-made humanoids who have basically gained control of your planet.

Our intent in these Journals is to give you proof of that which we project--by documentation of history, origins and other boring information. But the information will get far less boring

as we move along, dear ones--and so, let us move along rapidly.

I repeat again and again--**the evil brotherhood of darkness cannot stand the focus of the light of Truth**, just as it requires only the tiny spark of light to cause a place to no longer be in darkness.

Hatonn includes the PROTOCOLS and also continues to keep us current on world affairs.
