ILLUMINATI'S Long-Time Use Of MIND CONTROL

Dynamite Revelations Impacting All Of Us!

12/17/96 RICK MARTIN

The following extemporaneous interview with Fritz Springmeier took place on 12/10/96. CONTACT readers will find Springmeier's name familiar as we have presented several excerpts of his material on mind control recently, in the 11/12 & 11/19/96 issues. Fritz is the author of several books; see information contained within this article for details. The historical scope of mind control use by the secret Illuminati "high society" bloodlines, which Fritz so well presents here, is worthy of very careful attention, as such practices have long infiltrated all of the structures we recognize as contributing to an organized society.

Rick: I want to open by just saying that we've run a lot of

Illuminati's Long-Time Use Of Mind Control

[Continued from Front Page]

Fritz: How I came to know about the subject of mind control?

Rick: Yes.

Fritz: The briefest answer is "the school of hard knocks". If you go to university, they're not going to teach you courses on mind control. Psychiatrists and psychologists are not taught about how to program a multiple personality. I was investigating the Illuminati and my investigations into the Illuminati brought me into contact with a fair number of people who were trying to get out of the Illuminati who had been subjected to their mind control.

Rick: Why were you looking into the Illuminati?

Fritz: Ok. In 1983, I had started a ministry to free Jehovah Witnesses. I was trying to bring them out of their organization and bring them to Christ, and I was getting tired of working with the little Jehovah Witnesses on the street. I wanted to decapitate the authoritarian organization that was over them, and so I was praying the Lord would give me the ability to do

that. At that point I got confidential information that the heads of the Watch Tower Society were collaborating with the heads of the LDS [Latter Day Saints or Mormon] Church, and that confidential information totally changed my life. I realized that some of the organizations that I had investigated previously, like the LDS Church and the Jehovah Witnesses, were all tied together. And so, in trying to understand what's behind these organizations, I was investigating the Illuminati and in investigating the Illuminati, there was no way to get around dealing with their mind control. Because one of their biggest tools that they have in their tool-box of tricks is their ability to create totally undetectable mind-controlled slaves. These are programmed multiple personalities, and that gives them the ability to infiltrate any organization—nothing is as it seems any more. It doesn't matter what kind of political system, religious system you have as a front, it can be infiltrated and controlled, secretly.

Rick: You were investigating the Illuminati. How

did you stumble across mind control? How did that happen?

Fritz: Well, there are generational Satanic families—and they have several inside names for themselves, like Myriah Conquering Wind, or Myriah for short; another name for them is the Illuminati. These bloodlines, which are more like tribes—when I say that there are 13 top Illuminati bloodlines, I'm really referring to 13 tribes rather than 13 last names.

These bloodline groups, these Elite groups, they make up movers and shakers of the world. They have been carrying out mind control on their own people, as well as others, for centuries and it's been a closely guarded secret. It's given them the ability to carry out a lot of things in secret. I'm trying to keep my answers brief.

Rick: Well, we don't need to keep them too brief. We have anywhere from one to two hours to talk, so they can be as long as you like. I ask you, originally, "briefly" because there is so much ground to cover, I just thought it would be good for our readers to know how you got into this because obviously you're into it very deeply now.

Fritz: Yes. Well, initially, when I started debriefing people who had come out of the Illuminati, because of their mind control, they couldn't talk to other people. But because I had done my homework and my research, they could talk to me because—how to explain this, there's so much to try to explain—but when you're under mind control, if you reveal secrets you've got internal programming, for instance, if you tell a secret, your heart will stop and your heart will go into seizure, or you'll get a headache, or you'll feel cold all over, or your mind will become confused, and people that are programmed multiples that are members of the Illuminati, they are programmed to the hilt not to reveal the secrets. So, it's very difficult for them to talk to an outsider, plus the Illuminati operates outside of the box of what's commonly believed, so most of these people that have been members of the Illuminati have been involved in things that the man in the street wouldn't believe in. And so it's very difficult for someone who is trying to get out to just open up and talk to a person. But because I had done my homework, there were a lot fewer hurdles for these people that were trying to get out, to talk to me because I understood what they were trying to talk about already. And so they didn't have to say a lot and trigger a lot of programming, a lot of suicide programs, and they also had the trust or the confidence that, if they did say something, I would believe them.

One of my big breaks in investigating the Illuminati was that we had four people that had been teamed together. They were two two-person teams and they were all—they all had made the decision—their multiple personality systems had made the—the primary alters had made the decision that they wanted out of the Illuminati. And so, I had four people whose stories, their life stories overlapped and their evidence confirmed each other. And that helped my learning curve greatly because if I had gone in and not had the evidence to start with, some of the things that I heard would have been difficult for me to have accepted. But because I had four people who were all telling me the same thing and whose stories backed each other up and their evidence collaborated one another, it gave me

more confidence as a researcher to move forward on the information that I was getting.

All members of the Illuminati receive some form of mind control. A lot of them receive trauma-based mind control and go through systematic tortures and very sophisticated programming techniques for their entire life.

I enjoy asking audiences, "What do you think the most popular occupation is for somebody in the Illuminati?"

And, generally, they give me answers like, "Lawyers, politicians..."

And I say, "No. Christian clergymen." If you're going to create someone who's a multiple personality to disguise who they really are, to disguise this Dr. Jekyll/Mr. Hyde effect, you try to construct the best front personality that you can imagine. And so these candidates for programming—they are tested when they're very small babies by sophisticated testing techniques, and the Illuminati has already determined what their talents and potential are—and then they design that person and their front personalities to have a front cover role in life, and they want that to be the best cover that they can possibly construct. And of course, since they are movers and shakers, they have the ability to send their people to the best schools, to open up opportunities, job advancements, career advancements that the ordinary man in the street wouldn't get. So, a lot of people that are in a lot of important positions have been, I guess in a way you could say, infiltrated-in by the Illuminati, so that via these programmed multiples they can pull the strings of the world, behind the scenes.

Rick: Now in all the material we've run, it's pretty apparent that there are many, many, many multiple personality mind-control victims out in society walking around.

Fritz: Yes.

Rick: What would you say: Are there any common themes that you've come across, in terms of what the New World Order agenda would be for these—is it merely chaos? Or, is it total control of the population? What is your sense of it?

Fritz: From debriefing people that have sat in on high level meetings—when I say high level, I'm talking about Illuminati meetings—what I'm describing is that, some of the people that I have worked years with, and some people that I've only talked maybe a day with, or so, some of these people have sat in on Illuminati meetings where their 20-year plans, their 30-year plans, their 50-year plans have been discussed in detail. And, one of the major designs to what they are doing is that, everything is to happen in the unfoldment of their plan, as if it just happened naturally. For instance, O.J. Simpson: O.J. Simpson worked for the CIA, had a type of mind control, and it's my conviction from

what I know and have heard, that O.J. Simpson's whole mess, this whole long mess that the networks are broadcasting to us in such abundance, was planned long ago. [Editor's note: Long-time CONTACT readers will readily note that this information about O.J. has long been suggested within the pages of this newspaper.] When you're able to control millions of programmed multiples from behind the scenes, you could manipu-

late so many events that are historically happening before our eyes, in a way that it appears that these are

just random events that are happening, without any grand design to them. It's just like the Russian Revolution "just happened", the Civil War "just happened". But they didn't. These were carefully detailed plans that were carried out very systematically. I've got-

ten to—I haven't seen—you know, the complete scope of their plans. But what I have seen from debriefing people and some of the documents I've seen, is they're very detailed. They've got very sophisticated, detailed plans for manipulating world events.

Rick:

Now, in last week's paper, the headline was rather shocking, "Mind Control At China Lake—Testing New 'Weapons'—1000 Babies

Was A Small Batch!" I'm sure there are a lot of people out there in average America that would look at that and say, "This is obviously fiction. There is no way any such thing could even take place because we would know about it. How could they cover up such a thing." I'm sure you run into that a lot.

Fritz: I want to specifically address your point, Rick, that 1,000 children seems like a sensational number, because in practice the Illuminati programmers have historically worked with small numbers of children. That figure of 1,000 is based upon recollections of two men who helped at China Lake with the programming. It is also based on other research which indicates the size and scope of what the Illuminati are doing. Some China Lake victims I've talked with experienced much smaller groups. It's like, how many people attend a basketball game? It depends on who,

what, where, and when, and how many people get mind-control programming at a programming center—it depends on who, where, what and when.

Sure. And I discovered that the major difficulty that I had in communicating what is going on is not [because of] a lack of facts. I have file cabinets and file cabinets of facts. I have an 800-page *Be Wise As Serpents* book, which is loaded

with facts. I have no problem with presenting facts to people. My problem is that from the cradle to the grave people's world view, their frame of reference, has been built by the world system. Their frame of reference has been built so that they can't assimilate the truth about what's going on.

So what we're dealing with is a communication problem. It's very similar to the communication prob-

lem between cultures. For instance, if I was to go to somewhere in Africa where the tribe had their own unique culture, because of the cultural difference there would be a lot of communication difficulties. And it's the very same problem. When I start to talk about mind control, I have to teach some very basic things before I can start even getting into the real basics. When I have gone to Portland State University's library here—as you know, I live in Portland—to do research, everything's been computerized, and if you type in the subject on the computer: "mind control", their library does not show anything, does not have a category for books under mind control. The only thing that you'll find is a book on Silva Mind Control. In other words, as a subject in this big library, it doesn't exist. Well if the subject doesn't exist, how are people going to file it away in their minds? The word Illuminati—recently the *New York Times* had an article where they belittled the whole concept. How many people have heard of

the Illuminati, and even know what it is? I even find that when I say the word "generational Satanist", people are puzzled. What's a generational Satanist?

Rick: Sure.

Fritz: If I talk about the Khazars, like your CONTACT

magazine has, or if I talk about the City of London—not the London metropolitan area, but the other London, the financial district, which is a separate city—if I talk about a lot of these things, I get blank stares from people. If I talk to people and say, "Such-and-such Christian minister is a 32nd or a 33rd degree Freemason," they look at me with a puzzled look and say, "So what?" You know? What is a Freemason? They don't know anything about the secret societies. So, you have to teach them the basics before you can even really get to the basics of what you want to talk about. And there's such, there's this big gulf in—big difficulty in trying to communicate basic concepts to people that—that's why I like to work with books, because then somebody can assimilate the information, this vast amount of information that they need to learn to catch-up, to just get to the starting line.

Rick: People can always go back and refer to what they read and assimilate at their pace.

Fritz: Yeah, exactly, right. Because I was finding—when I would say, such and such Christian minister is a 33rd degree Freemason, and then I would have a Christian minister give me a blank stare and say, "Well, the Freemasons, they're just a group of old men that play cards."

And I'm thinking, "Oh boy, they must have some really powerful card games considering the millions of dollars that they've put into their temples and things." Here in Portland, they have something like 77 properties. There are more Masonic temples and lodges than there are churches of any denomination.

Rick: Were you ever a member of the Masonic Order?

Fritz: No.

Rick: How did you focus on Freemasonry? Was that just part of an offshoot of the study into the Illuminati, or did you study Freemasonry first and that led to the Illuminati?

Fritz: I studied Freemasonry first, but you can't separate the two. The Masonic Lodge or the Masonic system—and there are a lot of different rites, you've got the American rite and European rites—your Masonic system is the outer symbols of the mystery religions. Now, first thing you do to join the Freemasons is fill out a form requesting to be initiated into the

It doesn't matter what kind of political system, religious system you have as a front, it can be infiltrated and controlled, secretly.

All members of the Illuminati receive some form of mind control. A lot of them receive trauma-based mind control and go through systematic tortures and very sophisticated programming techniques for their entire life.

mysteries. And if you read any of their top writers, they will tell you that those mysteries that you are joining are the mystery religions, the mystery religions of Babylon. So that's the very first thing is, you request to be initiated into the mysteries. The Illuminati is also a continuation of the mystery religions, but it's the hard core rituals, the hard core part of the mystery religions.

Although, when you get into the very upper levels and some of your more esoteric Masonic rites, you get into the same stuff that the Illuminati does.

Rick: Most of our readers are aware that 33rd degree Masonry involves a Satanic ritual of the mock-killing of the Christ. Have you found much of a correlation between Freemasonry at its highest levels and mind control?

Fritz: Yes. A lot of the victims here in Oregon, for instance, that have been subjected to trauma-based mind control happen to have been programmed in Masonic lodges and temples and also in the Shriner hospital here.

Rick: And for what purpose?

Fritz: Boy, many purposes. Let's see if we can review a few of these. Let me explain this in steps so that the readers that may read this interview can understand. Let's say that you're a girl that's been inducted into the Illuminati. You've gone before the Grand Druid Council, and then formally been approved, at the age of 3. The first level that you will join, of the Illuminati proper, will be the Sisters of Light. The Sisters of Light have their rituals in Masonic lodges and Masonic locations, and Sisters of Light are very interwoven with the Freemasons. You had to be a very high-ranking Freemason to get to—I guess, from their vantage point it would be to enjoy—the Sisters of Light. There's Egyptian Hermetic sexual rites and stuff—anyway, the Sisters of Light are subjected to a lot of abuse within Masonic rituals. So, see, here you've got an overlapping of the Illuminati. That's an Illuminati rank that's interwoven with the Freemasons. So one purpose for the programming would be to create sexual slaves. And you're not going to get normal people to subject themselves to some of these horrible Hermetic sexual rites unless their mind has been tampered with. The Sisters of Light are terribly abused by these high-ranking Freemasons. From there, a girl would progress into the Mothers of Darkness, which is a higher Illuminati rank. And when the girls advance into the Mothers of Darkness, then they break free of that intense traumatization. The Mothers of Darkness have their rituals without men being present. Some of the rituals may have one man present, but it's a whole different—it has a whole different feel to it than the Sisters of Light. The Freemasons have been involved, as other secret societies, in illegal activities. People that are involved with gun-running, drug-smuggling, white-slavery and this type of thing need to have programmed mind-controlled slaves at their disposal so that they can carry out these nefarious activities without getting caught. But one of the things that I've learned in researching the power structure is that it defies labels. You can't place all of the blame for what's happening on the Masonic Lodge. Nor can you place it, let's say, on the Catholic Church or anything else. Basically you have a network—and that's their own terminology for what they call themselves, "The Network"—you have a network of criminals that are in very powerful positions around the world, and using labels to identify them just falls short of getting the job done. What

When you're able to control millions of programmed multiples from behind the scenes, you could manipulate so many events that are historically happening before our eyes, in a way that it appears that these are just random events that are happening, without any grand design to them.

I'm getting at is, let's say, George Bush—is George Bush a bad character because he's a 33rd degree Freemason? Is he a bad character because he belongs to the Order of the Skull & Bones? Or is he a bad character because he was Director of the CIA? You know? Just...

Rick: All the above.

Fritz: And the answer I would say is, he

is a bad character because of the bad things he does. So I try to stay away from throwing a lot of labels around, you know. I know very well what a large number of these groups are up to, but this thing is so big that it's gotten beyond labels.

Rick: Has anyone tried to stop you?

Fritz: Oh yeah, many times. As I'm looking here, talking to you, I'm looking at a bullet hole in some bullet-proof glass. We installed bullet-proof glass in this house, and they still managed to get a bullet to make a hole in it. Yeah, but I don't talk about that very much. I prefer to keep quiet about those kind of things. One reason why is because I believe that this New World Order is made up of a lot of bully-type people, and one thing I learned in school being around bullies was, if you're afraid of them, it only encourages them. They feed off of a spirit of fear. You look at the aliens that have been talked about so much in recent years, and I prefer to call them demons, but whatever label you want to put on these aliens, they feed off of our fear. So, I encourage people, as they go through life, not to respond to the New World Order out of a spirit of fear and not to respond to things that way, but to find other more efficacious motivations.

Rick: I would imagine that there are quite a few victims who would seek you out and you only have so much time in which to work, lecture and write.

Fritz: That's true.

Rick: Do you have your own network of referrals?

Fritz: I sometimes refer people other places but I don't know very many people that I feel comfortable using for referrals. There are a number of people that have worked with some of the better therapists in this country, and they have come here because they felt like this was the only place that they could get help, at the level of help that they needed. By being available, or trying to be available for the public, to help in this respect means that I'm run ragged and there are a lot of demands made on my time. The phone rings incessantly. But, as is humanly possible, I try to make myself available and not try to hide. Very few authors are willing to allow themselves to be interrupted like that. Most authors prefer to sequester themselves in isolation so that they can get the work done, but I felt like the most important thing in life is people. My calling on life is to be a social and religious reformer, and in trying to carry out my calling, I try to make myself available.

Rick: Let's get back to the large numbers of mind-control victims.

Fritz: Ok.

Rick: Just China Lake: I'm going to come back to that again, the numbers are so massive. What happens to these beings—I'm almost reluctant to call them

human beings because of the way they've been treated since birth...

Fritz: Correct.

Rick: What happens to these aberrations after the programming? Do they find their way to the so-called Underground Railroad to different abuse situations or slave situations; are they manipulated in terms of political espionage world-wide? Are they used for private sexual deviations? Or, all the above?

Fritz: All of the above. But the thing that I am trying to communicate that has not been communicated by other people, and maybe others who are exposing the mind control just aren't aware of this—but what I am trying to communicate is that they are using these mind-controlled slaves across a wide spectrum of society. They create doctors, engineers, lawyers. They have these people infiltrated into many different organizations. Let's say they want to control a labor union, or let's say they want to control what's happening at a D.A.'s office, they will have their mind-controlled slave situated in a key place within a particular labor union or their mind-controlled slave situated in a particular D.A.'s office—that gives them control over the situation. It's not all for drug-running or for money-laundering or for spying. A lot of this is just so that they can control the world. I'm bumping into—in my head I have so much to say, and it's hard to know where to start and I'm trying to go through a process—like I say, I know we have the time, but on the other hand, I want to be succinct for you. Do you feel like I've communicated enough on that, that I've gotten...

Rick: Well, I think it's an important area because much of what our readers have read so far has to do with the sexual aspects, and you're getting into an area that is a little broader spectrum, and I think that's useful to understand the wide use of these beings to usurp powerful and key positions in our society. Basically, creating a mind-controlled civilization, essentially.

Fritz: Exactly!

Rick: So let's talk about that.

Fritz: Well, in debriefing people that have sat-in on Illuminati meetings, they were instructed

There's Egyptian Hermetic sexual rites and stuff—anyway, the Sisters of Light are subjected to a lot of abuse within Masonic rituals.

how all of the political positions were going to be controlled. By this time, if the time-table was carried out like it was supposed to, essentially all political positions around the world have been brought under their control. Not everybody that they control is a mind-controlled, programmed multiple. There are some people that they are blackmailing, and there's a number of different coercive methods to control people. But you can imagine the power that they have if they control all of the politicians around the world. Imagine the power that they have if they control a large percentage of the hospitals and doctors around the world. Now one of the things that you need to do to control people is to weaken them, to make them unhealthy, because somebody who is sick is much easier to control. [Editor's note: Again, long-time CONTACT readers will readily identify with this statement and even expand upon it, in that the crooks in high places want us to be (1) poor and preoccupied with just making a living (high taxes); (2) dumb, so we don't question what is going on ("control of education"); and (3) too sick to care (their control of "health" industry).] So there's been a medical conspiracy—anybody who's tried to promote alternative medical methods that really genuinely work, has noticed that they are running up against a very powerful medical establishment. They control the health of the world at all levels: what you're able to—the type of hospital that you're able to go to, the type of health care that's available, the type of training the doctors get. And to be able to fully carry out that type of control, they have had to not only work off of bribery and intimidation, but they've also had to infiltrate

their mind-controlled slaves into key positions. Let's say, for instance, you're wanting to control the AMA, ok?

Rick: A good example.

Fritz: Yeah. Well, if you don't have some people in key positions that are totally unscrupulous and you can totally depend upon, then there's the possibility that they might, in a sense, turn traitor toward the World System and actually have a conscience. So they could do a lot of

damage in a position like that to your great plan to bring in a New World Order. You have to have your key people in those kinds of positions under mind control. You know, they have a Secret Strike Force to destroy alternative medicine. And again, if the public found out about the CCHI and the NCHF, which are secret strike groups, then your corruption would be exposed. So you have to have people that you can depend upon to keep secrets. The one thing—the reason why it's hard to talk about this is because I don't know whether the people that are reading this are going to realize that you can erase the memories of a mind-controlled slave after you use them.

Rick: Yes, they've read that in Cathy's material. [Editor's note: By the way, see Cathy O'Brien's eye-opening inside information on our new Secretary of State, Madeleine Albright, on p. 6, following this interview, which she appropriately titles: "The Dark Side of All-Bright".]

Fritz: Right. So you have to understand the big picture and some of the details before some of the things that I have to say make much sense. If you have your people salted in, like in the judicial system, then when a doctor who's—let's say he's a homeopathic doctor—is arrested on false charges because you have control over the judicial system, you can put the screws to the doctor. You have to have everything in place for the thing to work. If the hospitals weren't in line, and the AMA wasn't in line, and the judicial system, and your secret strike forces, and your regulatory groups, if one link in the chain wasn't working, why the chain would break. In order to make their conspiracy work, they have to have all of the links of the chain of this conspiracy strong. So they have to plant, or if you want to use the word salt or seed, they have to place these mind-controlled slaves across the board in society at large so that there are not any weak links. Otherwise, like using the example of health care, if the people could get financial assistance to go to alternative medical practices, they would. Or, if the public could go to medical school and learn about these alternative practices, they would. So each one of these places has to be controlled. And in order to control such a vast apparatus secretly, they use mind-controlled, programmed multiples.

Rick: I'm sure there's a whole bunch of people out there who would say this whole thing sounds nuts, it sounds like conspiratorial hooey. I think, by and large, almost all of our readers are not of that school, but I'm sure that part of the difficulty in breaking through in all of this is the fact that it sounds nuts. It is so vast and so broad and so far reaching in every fabric of society that to, one, expose it is only the—it's not even the beginning. It's almost like a prethought. There's so much that comes after that in terms of undoing the damage that has been done, if it is even possible to undo. Again, I will say, by and large, I'm sure most of our readers believe in God and the power of God being absolutely unlimited, and if it were not for that fact, this picture would be extremely bleak.

Fritz: True. What we've had, century after century, is one lie painted over another. They have been layering-in the lies for thousands of years. We're talk-

ing about going back and looking at history, Ralph Waldo Emerson and others have called it *The Unseen Hand*. And asking yourself, where in history did the powerful Elite ever step down and really quit manipulating things behind the scenes? You can't find a point in history. And unfortunately these powerful people have been the ones with enough power to control who the historians are and what the historians write and publish, and they have carefully manipulated history so that a very distorted view of history is presented to

the common person. And they have been sitting on technology way beyond what they're allowing the common person to realize. They are, very easily 30 years beyond what we see today in their workable technology. So this is not a problem that has come about overnight. When people go back and take the time to read some good overviews of how this conspiracy has operated for thousands of years, then they will begin to see the problem that we have arrived at today didn't come about overnight. This has taken a long time, and lots of deception. And of course, as the readers are aware, lies don't stay single, deceptions don't remain single, but they like to breed. Lies like to breed more lies to protect the first ones. So we've had deception after deception after deception, and this has permeated our society like a cancer. So on the one hand we have our

intelligence agencies making the people believe that they're protecting them—that they are deceiving to protect their national interest, but if people would study what the effects of deception are on a culture, any society or culture that begins to have a level of distrust, starts falling apart. Every deception that the CIA perpetrates has a chain reaction of more deceptions resulting from it, and in turn, those spread out secretly through society and are destroying the very fabric of society because society is built on communication and cooperation, and deception destroys those. And one of the things that these mind-controlled slaves are doing, very subtly, is they're spreading their fear and distrust that they have on a subconscious level to society in general, and the very fabric of our civilization is coming unraveled. We've got their great cancer of deception. And you mentioned whether it was possible to ever really right things. I don't really think it is. We have programmed robots programming robots. This thing is entirely out of the hands of sane, sensible people.

Rick: Well, I would hate to end on a note like that, so let's keep talking.

Fritz: Ok. [Laughter.]

Rick: [Laughter.]

Fritz: So far, we've just barely scratched the problem. I am...

Rick: You've read what we've printed of your material, and you are aware of Cathy [O'Brien] and Mark's [Phillips] material. What areas have we not explored that you feel are significant for our readers to understand to get an overall comprehension of the scope of things?

Fritz: Ok, good question. The New Agers have a term *paradigm shift*, and the ramifications of this mind control are so far reaching that it's taken me years of paradigm shift. One of the things that people need to realize—and get me right, I'm not saying that there isn't hope. There's lots of hope. And that's probably

a subject for another interview. There are lots of reasons for hope, but we have to base our hope on reality, not *pie-in-the-sky* false hopes, and in order to really have true hope, real solutions, we have to really understand what the problem is. And the ramifications of this mind control are just so mind-boggling that I will present some of them right here, right now. But because this is such a major paradigm shift, even though I just rattle them off, it will probably take years for the readers to really appreciate what I'm saying because it took myself years to really make the shift.

Everything in society has been corrupted. Our professional sports have been corrupted. You can throw a basketball game to one side or the other using a mind-controlled player or a mind-controlled coach. You can corrupt the judicial system. You can control the rate of how inventions reach the public. One of the things that they are doing is: they are programming these slaves with inventions, like 20 years prior, to the inventions being supposedly discovered. In other words, I take a slave, I program an invention into him. He's programmed that at a certain point in time his mind will think of this invention, and then other people are programmed to create a company around that invention. And therefore, you can control the rate at which that technology is being released into society, which is important if you're trying to control society.

The vast amounts of immigrants that are coming from Eastern Europe and the former USSR, large numbers of these are under this trauma-based mind control. How many Spetsnaz agents have been infiltrated into this country through immigration? If you look at

the figures for immigration, you'll see that the former Communist countries, the former Soviet Union, China, and Vietnam, and Eastern Europe, are right up at the top of where im-

migrants to the U.S. come from. It is just simply mind boggling to think how many Spetsnaz and other mind-control slaves have been infiltrated into this country to wreak havoc upon this nation and everything we stand for.

Rick: How do you keep from falling into deep depression, in your understanding of all of this?

Fritz: Well, that comes from a deep understanding of God and the limitation God has placed upon evil. Evil is not out of control, but God placed a point in time that He allowed evil to come into being, and He's also placed a point in time where He will do away with evil. And I also understand some of the reasons why God has allowed these traumas and evils into our lives, that He's trying to develop an opportunity to truly love Him, that He's given mankind free will here on this planet. People have an opportunity that's very unique, they have a choice to accept their Creator or to reject Him. They have a choice between good and evil. When people talk about some of the grey aliens and you look at the reptilian control over them, you look at other species of life here on Earth—they've not been given a conscience, they've not been given a consciousness to the level that humanity has. So we have some real opportunities here, but they're choices that can go both ways. But in the end, we know that evil is going to be turned towards good. And the life of Christ was to show, was to prove to mankind, that here was an innocent man who suffered and was killed by the people, and yet you see that God was able to take that life and bring good out of it. So, we're told in the Word of God that we're going to experience evil, but that God can develop faith and virtue and knowledge and self-control and Godliness and love out of those evils that are traumatizing us.

Rick: That's a perfect place to end, right there.

Lies like to breed more lies to protect the first ones. So we've had deception after deception after deception, and this has permeated our society like a cancer.

And you mentioned whether it was possible to ever really right things. I don't really think it is. We have programmed robots programming robots. This thing is entirely out of the hands of sane, sensible people.

The Dark Side Of All-Bright

12/12/96 CATHY O'BRIEN

As Congressional Confirmation Hearings continue on Clinton's Cabinet appointment of Madeleine Albright as Secretary of State, I realize the most pertinent issues will not be publicly brought to light nor considered at this time. Exactly what is "former" U.S. United Nations Ambassador Albright's agenda, and what are the fruits of her labors? Is there anyone out there besides George Bush/Bill Clinton who respects her dedication to New World Order controls and mass genocide?

To those of you who so wisely refuse to follow the controlled "news" media, "they" have been recently repeatedly telling US that We-the-People "do not care about ethics". It seems that the majority of the sheeple are either led to believe this misrepresentation, or the voice of the majority is publicly silenced. It is Mark's and my observation as we travel throughout the country that people are waking up to reality on such a mass scale that the controls being implemented by the perpe-TRAITORS of the New World Order are far from representative of the majority's soul-conviction. Many are awakening spiritually to rise above deliberately instilled earthy perceptions to finally embrace TRUTH.

One TRUTH you Need-to-Know is that Madeleine Albright's treasonous crimes against humanity must be brought to light and stopped. It is time she, like George Bush and other perpe-TRAITORS of the New World Order, be held accountable for her inhumane actions. Mark Phillips' profound advice to me of voicing no negatives without a SOULution certainly needs to be applied to Albright's recent cabinet appointment. A prime solution to this negative would be to shine the proverbial spotlight of TRUTH on her now highly visible, powerful Cabinet position. There is nothing new under the Sun as far as Albright's agenda and purpose are concerned. Instead, her role as US Secretary of State keeps her and her agenda far more visible than it previously has been.

It was my experience as a Pentagon-level CIA MK-Ultra mind-controlled slave during the Reagan/Bush Administration to have had repeated contact with

Albright (re: *TRANCE Formation of America*). During the 1980s, she represented the interests of George Bush/New World Order in Caribbean operations through her office in the Organization of America States (OAS) building in Washington, DC.

In 1984, I was in Washington, DC as ordered and had been instructed to meet with then-President Ronald Reagan at a White House cocktail party (quoting *TRANCE Formation of America*, Chapter 20): As I walked through the crowd toward Reagan, I saw familiar faces associated with the "Order of the Rose". (The "Order of the Rose" was an emblem of those ushering in the New World Order. "Orders from the Rose," were orders from George Bush.) Across the room, Bill and Bob Bennett were laughing with Dick Cheney.

Arab World Gets Personal In Press Attacks On Albright

■ Media: Secretary of State-designate is butt of cartoons, mean commentary. Critics charge she has pro-Israel bias.

By JOHN DANISZEWSKI
TIMES STAFF WRITER

RIYADH, Saudi Arabia—Here are things about U.S. Secretary of State-designate Madeleine Albright that you might not know unless you are a regular reader of the Arab press:

- She is a frustrated old maid.
- President Clinton promised her a husband if she got U.N. Secretary-General Boutros Boutros-Ghali, an Egyptian, fired from his job.
- She is Jewish, a Zionist, in Israel's back pocket and it goes without saying, hates Arabs.
- She does the macarena.

Of course, only the last of these assertions is factual. But judging by the furious, mean reaction to Albright in the Arab world, Clinton's choice to lead the diplomacy of the world's only superpower already faces some formidable challenges in this region.

Here in the Middle East, where American secretaries of state in recent years have played critical roles in advancing the peace process—in part by emphasizing their impartiality—some respected Arab commentators are convinced that Albright's appointment heralds a new American tilt in Israel's direction.

Ironically, the assumptions are being made about a foreign policy professional whose work has been concentrated on Europe and who

outside of her ambassadorship at the United Nations—has a relatively thin track record on the Middle East.

In Washington, State Department spokesman Glyn Davies appeared speechless when told of some of the more personal attacks that have been leveled against Albright. "Statements of that kind are without foundation, biased and reprehensible. Any press comment portraying her along these lines is a lie—and that's about the most charitable one can be on something like this."

As for any alleged pro-Israel bias, Davies said, "it's inaccurate to describe her as coming into this job with those kind of prejudices."

A U.S. government official said that as a longtime foreign policy expert active in the Democratic Party, Albright naturally worked with many supporters of Israel. But she also has taken positions contrary to those of Israel, he said. A recent example is the just-completed deal allowing Baghdad to sell \$2 billion in oil to relieve malnutrition and disease in Iraq; Israel opposed it at the U.N., while Albright was a principal supporter.

Still, the image of Albright as Israel's new champion at the State Department persists in the male-dominated Islamic world. "That horrible, macarena-loving woman," was the way one otherwise U.S.-leaning academic in Saudi Arabia dismissed Albright in

Then-Governor of Pennsylvania Dick Thornburgh was encased in conversation with Senator Arlen Specter. Within the farthest reaches of my expanded peripheral vision I saw George Bush talking with his U.N. confidant Madeleine Albright. Knowing I could see him as though I had eyes in the back of my head, Bush subtly signaled me to join them.

"You know Madeleine Albright," Bush began. Expertly using terminology from previously-instilled Catholic Jesuit beliefs, he continued, "She's the reverend mother of all sisters (slaves). She's so close to God that an order from her is an order from Him." Albright snickered, apparently impressed with Bush's "witty" manipulation of program verbiage. "She rose in the U.N. through me to implement the New World peace process."

Albright said to me, "I hear you're a world (whirled?) piece".

"Who told you that?" Bush demanded.

"Larry Flynt, for her stint in Jamaica," she quickly explained. (While in Jamaica under Albright's [via Bush's] instruction, Larry Flynt photographers took advantage of my being there to use the picturesque Dunns River Falls as a backdrop for pornographic photos used in *Hustler* magazine.)

Bush threw up his hand in apparent disgust at the idea of sex relating to someone with two digits in their age. "Spare me," he said.

"That's my job," Albright said matter-of-factly with a smile of pride. She shooed me away while condescendingly saying, "I'll see you tomorrow at the OAS

an interview this week. "Madeleine Albright is no friend of the Arabs."

The Saudi-owned and London-based Arabic daily Al Hayat on Saturday asserted that Albright was not Clinton's choice but "the choice of the Jewish lobby in America, just as William Cohen is at the Department of Defense."

"It has become very difficult to find one position [in the Clinton administration] that is not held by a Jew," the paper claimed.

Cohen's official biographies list him as a member of the Unitarian-Universalist Church.

As for Albright, she was born in Czechoslovakia to a Roman Catholic family; as an adult, she became an Episcopalian. Married in the United States, she and her husband had three daughters before their divorce in 1982.

Some of the criticism of Albright began even before Clinton nominated her to succeed Secretary of State Warren Christopher. It stems from her part in ousting Boutros-Ghali, a role interpreted by many Arabs as a personal vendetta against a distinguished Arab leader simply for being too independent and fair.

The United States has insisted that it vetoed a second term for Boutros-Ghali not because he is an Arab, but because the administration wants a secretary-general who will press harder for reforms at the world body.

Still, Egyptian newspapers, in particular, have been livid over the treatment of their countryman.

One editorial cartoon referred to Albright using an Arab word that means "maid" or "spinster" and showed Clinton offering her a husband if she would bring down Boutros-Ghali. Another portrayed her knocking out Boutros-Ghali in a boxing ring, then striding off to tackle her next victim, "the Arab World."

Several cartoonists identify her with Israel—holding that nation's flag, dressed in six-pointed Jewish stars or as a reincarnation of Golda Meir, the late Israeli prime minister.

In print, meanwhile, commentators accuse her of suppressing a U.N. report last spring that criticized Israel for the bombardment of a U.N. peacekeeping camp in southern Lebanon where scores of refugees were killed. She is also painted as heartless when it comes to the suffering of the Iraqi people after six years of U.N.-imposed sanctions.

Walid Moualem, Syria's ambassador to the United States, was quoted as saying that Albright will have to work very hard to overcome her negative image among Arabs. "She must redouble her efforts to understand their cause," he said.

But Egyptian Foreign Minister Amir Moussa offers a rare conciliatory voice. Egypt "does not reject or fear the appointment," he said, and looks forward to cooperating with Albright.

Times staff writer Tyler Marshall in Washington contributed to this report.

office. Now, you run along and play." Noting that her nonspecific orders left me unable to determine which way to turn, literally, she aimed me back in the direction of Reagan. (End quote)

Albright was/is an expert at manipulating the subconscious mind through Neuro Linguistic Programming language and has a full working knowledge of National/International MK-Ultra mind control, which includes (but is not limited to) Jesuit programming themes. When Reagan first introduced me to her as "my mentor" for Jesuit operations in the Caribbean, he told me, "Madeleine Albright is a Saint. The Mother Teresa of the Caribbean."

Although I consider Albright to be among the most intelligent people I have ever encountered, she has no wisdom. No depth of soul. She, like so many others I knew while under mind control, has apparently failed to consider the strength of the human spirit. TRUTH and LOVE are alien to her... which WILL be her inevitable downfall from assumed power. It never occurred to her that a former robotic slave such as myself could ever think to tell of her misdeeds, and she blatantly conducted herself as though she were above reproach.

It was my experience that Albright and Bush were friends, sharing the same agenda and motivations. Unlike Reagan, Clinton, Saudi Arabian King Fahd, Canadian Prime Minister Brian Mulroney, Mexican Presidents de la Madrid and Salinas, etc., Albright did not "answer" to Bush. Instead, she executed her agenda along side of Bush, complementing his works. They appeared to mutually respect each others' workload and role in fulfilling what Hitler and Nero termed New World Order.

Likewise, Albright and then-CIA Director Bill Casey shared all agenda and workload... but with a slightly different spin. Albright utilized her working knowledge of Jesuit-based mind control programming/conditioning with ease when manipulating me, yet it was my experience that Bill Casey was the most powerful link of Jesuit/Vatican ties to the CIA. While Albright and Casey shared prominent and influential positions in the New World Order Elite's Order of the Rose, it was Casey who was forever silenced during Iran Contra for what his position could/would reveal about the overall world dominance effort.

From my perception, Casey "religiously" implemented Jesuit/Vatican controls globally while Albright simply used them to further her New World Order agenda of mass genocide and mind control. While Casey orchestrated the annihilation of Haitians (as detailed in Chapter 23 of *TRANCE Formation of America*) Albright's focus was more diverse. The end of Haitian President Baby Doc Duvalier's regime in 1985 and subsequent annihilation of many Haitian people through the deliberate spread of AIDs prompted the relocation of CIA drug routes from Haiti. While Casey's influence on Haiti was an end to a means of no-longer-needed CIA drug routes, Albright used Haiti as a means to an end of a previously established culture and an opportunity for advancement and expansion of New World Order controls throughout the South American Hemisphere.

Haiti was/is but one small tentacle of Albright's global reach.

Political motives aside for the moment, Albright accessed my mind-controlled sex programming in a most UNSavory way to satisfy her perversions while in her OAS office in 1984. My distasteful sexual experience with Albright exemplifies the physical gratification level of her needs, as she apparently did not have time to be hindered with any kind of personal relationship. While sex was not driving her the way it apparently did others to whom I had been prostituted, her preference for women was glaringly obvious to me. Sexually gratifying herself was more akin to absolving a physical annoyance through any convenient means that did not involve intimacy, whereby a mind-controlled slave could quickly and conveniently satisfy her needs. She accessed my programming accordingly.

Today I am appalled that the controlled media tell US that "Women's groups" are actively supporting the appointment of Albright as Secretary of State. Why? Is this inhu-

mane creature considered to be a "woman"? By whose definition? Who appointed these "Women's groups" to play out a staged competition of the sexes that has nothing to do with peacefully and naturally living True-to-Soul? How could Albright possibly epitomize "woman"—let alone represent OUR nation—through perversion of power that includes mass mind control and genocide?

As Secretary of State, Madeleine Albright will have ultimate control over the management of OUR nation's secrets with the power to invoke the 1947 National Security Act to cover any crime she desires and further withhold critical information that We-the-People have a right to know.

It is time her soul-less agenda be brought to light. I realize there will be those few who choose not to face TRUTH and will pull down the blinds to the windows of their souls. But no matter how tightly they may close their eyes to reality, TRUTH does not go away. TRUTH, by its very nature, prevails. Once TRUTH is embraced and acted upon in love it is TRUTH that sets US free!! Embrace TRUTH now... while you can still think to do so for the sake of humanity as we know it. And help Spread the Word through disseminating information. Knowledge is our ONLY defense against mind control and NWO mind controllers like Madeleine Albright.

A Christmas Message

From Doris Ekker

12/10/96 DORIS EKKER

Beloved Friends,

I sit looking at pictures which represent life and change over some 16 years, 34-35 years at second thought, and my mind sees and recognizes only one continuity of thought and/or activity with only a bit of a twinge of humor at our perceptions of life, time, and presence.

We have many such notes, pictures and remembrances from so many of you that our hearts can't hold it all so we have to pass it back to you and perhaps THAT is what this journey into the unknown is all about. HOW do we move into this "unknown" in KNOWING?

As for friendships, I have engraved in my mind a parting sharing of one of my best FRIENDS, my son Paul at his passing—which now brings a twinge of envy from my own soul longing to be free:

"Don't be dismayed at good-byes. A farewell is necessary before we can meet again. And meeting again, after moments or lifetimes, is certain for those who are friends."

Now, don't laugh: Paul sits with me now as we write and I shall never feel need to weep over an empty grave in some distant Halloween site. With other friends like you I must allow your own wings to take you where they will for MINE must take me to my purpose and that is among the stars and among my own. My "own" is now coming from everywhere around this globe and for that I can rejoice in recognition that I always KNEW it was like this. And here comes the second thought I hold ever near the first so that I don't fail in that which I must do, to simply hold a moment in time that so quickly is fleeting:

"Fly free and happy beyond birthdays and across forever, and we'll meet now and then when we wish, in the midst of the one celebration that never can end."

Paul had a grasp of the understanding of infinite life and infinite dimensions which surpassed my own—until this experience within those dimensions which, I

guess I have to realize, all cannot know. Paul has been blessed by the Masters in that his work as a young adult person is correct and outrageous in concept. Parents: stay humble with the children placed into your care for they surpass in importance anything you might have otherwise chosen—for any reason. And we never can see it at a moment of crossing ideas, ideals and/or simply in the need for "growing up". Have WE actually grown up ourselves? Are we without flaws appearing to others and moreso to our own selves? Do we appreciate the gifts which make us imperfect that we can grow beyond those things and into perfection? And then, what is beauty? Is it the covering of a physical appearance or the LIGHT which glows from the very core of soul? I know that I reflect GOD and therefore as to whatever may be my "appearance" I can only be beautiful for if I remain a reflection of that perfection, I cannot be otherwise.

A Christmas card from Europe reads: Where to start? What to say? What to do?

We CONTINUE where we ARE. We say that we LOVE and CARE! We DO that which is our mission and try never to disappoint or damage ANY OTHER while bringing the very best of what we are, and they are, to full allowance of blossom. We accept what we ARE and strive ever harder for the growth which is obviously our intended purpose. And then comes the time together? There is all the "time" in the universe for a MIND is a wondrous thing which holds no separation and therefore there is no "apart" or "together".

Memories and speculation are strange things which always produce a big "IF" into every circumstance. Well "IF" it had been any other way, it would not be this way. If it would not be "this way" then there would be no "AM" or "ARE". I might "think" I would like a lot changed—but no, perfection is in what IS.

But I hear the meaning and I can read the longing for the sharing of knowing which only shares and does not judge, thoughts of greatness which become reality in the hearts of another. Some of the greatest gifts I have received have come from another's storehouse of meaningful things. I have received things such as rings and handmade slippers, both porcelain and knitted—and I don't want them changed (to Clays). I received a ring yesterday with a suggestion that if I would have other settings they would do it. I would not change it for it holds the hearts of the moment that it became precious—TO YOU. And YOU will be here and that is what I hold in my heart and balance in my mind when I am weary and hard-put to DO IT ALL. Then I weep a little for that which I know awaits our beloved "Phillips" of the world who must bring us home and I can keep right on keeping on a little while longer—FOR THEY MUST HAVE GUIDANCE WHICH FLOWS FROM HIGHER KNOWING THROUGH THESE HUMBLE HANDS OF "OURS" FOR MY HANDS ARE BUT TEN FINGERS. SO, CLAYS, I HAVE NO FINGERS LEFT TO PUSH THE CAMERA TRIGGER.

My own "Paul" comes rushing back to me in the faces of Phillip, Paul, John and on and on and on.... I am so blessed that when Pablo lovingly calls me "Mom" we both chuckle but I see the future in his love. And who is Pablo? A young man from Mexico who has some 35 brothers and probably as many sisters. He tries to

care for them all and bears the burden upon his back like super-glue and all we can do, really, is love him and be grateful he is "legal" in his citizenship status for it is very hard for "visitors". The U.S. Government only allows citizenship without trouble to its SPECIAL allies. I have no time or space for prejudice—but I respect bias as in a person's own expression and, in addition, I have the only bilingual English/Spanish speaking Big Birds (Three Macaw parrots). Ringo, the Amazon parrot, and Rosie, the Rose Breasted Cockatoo, just scream loudly a correction to English. The rest of the menagerie, aviary and petting zoo, simply accept the loving and the feeding with little real appreciation of what or who anyone IS.

All of you would appreciate, however, the year (1988) of the first "encounters" of the vapor variety. Our computer-run whirlpool bath would turn on and run WITHOUT ALL ITS PARTS. The Smoke alarms went off every ten minutes for five or ten minutes each and the "visitors" would inspect the house for danger on our "return" and leave the doors open—which caused shouting at one another in the illusion of personages left in the COLD. You who have visited here and sat through those old growing schoolDAZE with us still get belly-laughs from the experiences. We still don't know how many times we were "saved" or "missed getting the 'big one'" but we sure do know how many electronic answering machines, etc., that were "blown out" to hold our security.

One of the most amusing events was one of my times of making that transition and I was just about fed up with being bumped off by the idiot "people" on two legs. So, I refused to come back and boy did I get a guilt trip dumped on me. Ah, but the second time I refused the return trip to finish my job I was simply told, "OK, it's up to you—but you are NOT finished," and, "however, you do whatever you want to do, Dharma." Does anyone have any idea what it is like to have at least seven MASTERS watching while you have a tantrum? The punchline? "What if everybody copped out?" Answer? "I'm just ONE..." and back at you: "Ah but are you perhaps THE one?" Let me tell you that it is not what I always expected, friends—THEY really dump a load on you. And yet you finally realize the load is on SELF, not what "they" say or do. Well, I'm not sure about Commander because somehow the bunch of US spent a lot of time with this one in Egypt and other places too numerous to name here in, what seems to be becoming, our Christmas Card Letter.

By the way, I have been so deficient in sending annual greeting cards, since it seems just before the first of the year—is our worst time of service as they get ready for the next big steps forward—so, I have enough cards stored to last the rest of my natural lifetime. We also have enough memories stored to last through them all no matter how many might come.

I am constantly asked as to "what does Commander really look like"? Well, he IS NOT a lot of things as presented in something like *Independence Day*. He is the presentation in total reflection of GOD in Radiance. His more physical presence is sharp, wise, disciplined, perfect in countenance and is so "light" as to simply hydrofoil instead of walking. Most of us (you and I) are more qualified to our tasks THERE than ever accomplished HERE so we all spend a lot of time THERE and that makes for a hard, weary journey struggling through "here". And no, the classroom lessons are NOT HARD—but the implementation HERE is where we find the "sticky wickets".

Letting go of physical activities as bothersome interruptions of a task-flow is not difficult and "things" become appreciated but unnecessary. The focus presents TOWARD the goal but I think the difference now presented is the absolutely comfortable realization of being able to walk away instantly from ANY THING on this plane of experience. The RESPONSIBILITY of "leaving" a life-form, even a pet, without proper care after your transition becomes the painful part of transitioning processes. THINGS cease to have any

meaning at all except possibly the appreciation surrounding the item. Negative impacts have NO MEANING AT ALL!!!

I am constantly asked why I don't follow up with requests for interviews, etc.? Well, we did a few and fun and games was the uncomfortable outcome as the hosts of such shows realized the REALITY of their guests. The most interesting, of course, were the meetings with such as Col. Bo Gritz and I enjoy watching him squirm to this day. It is NEVER WISE to take on a contest of wits with Commander Hatonn!! Our attorneys live in a cold sweat for fear I will just bring him to court and the show will begin. Our current lawyer can't even bear my own presence in a courtroom for fear the judge will ask me questions. Of course, with lawyers, they have to consider that HE will simply close the cases and then what will they do? Our opposing attorney staffs will not even be in the same elevator with me. It is as if they expect me to somehow ZAP them senseless. And occasionally I have to admit that I do CONFOUND them to the point of idiocy and making errors. You who know me now, will find that truly amusing.

I am so happy, however, that there comes along an accepted thing called "remote viewing" because that lets me off the hook for insane speculations. I am also credited with being able to hypnotize and render helpless whole rooms full of people and causing them to remain "asleep" for years on end. My goodness, do you realize that you are among the ones I can control? Yes indeed it is stupid and silly—but, the enemy fights "any way he can". I think my most "fun" comes with personally sharing with Mark and Cathy over "mind control". No, I know TRUTH and in TRUTH there is NO MIND CONTROL—just hard work. Sometimes insanity looks *really good*.

I am sharing this because I think, friends, we are coming down to the small circles of team-mates and I am asked constantly about "how it is that...?" I didn't realize at first that we were/are "different" although it was always KNOWN in actuality. And if there is "me" then there must be "you" who are in that reality of truth in expression.

Little Crow confronted ME with a lesson missed at that meeting, the FIRST time we crossed paths, when he said to me, "You will soon know your purpose and you will be given whatever energy necessary to accomplish OUR task here. You are chosen and it is a strong day that offers us meeting. We shall, through what we do, change the world." Now, if you think I didn't fold over in laughter—think again. "Us, change the world?" He chuckled back and said, "Remember this day." I DO. And I am caused to frequently remember, when I think I can't go on another step or another word:

"But they that hope in the Lord shall renew their strength, they shall take wings as eagles, they shall run and not be weary, they shall walk and not faint." Isaiah 40:31.

And then, I just sit and wait for Commander to carry me!

One day it was so bad and Commander wanted to speak of things which I KNEW would blow me out and get me, probably, "suicided", and I shouted at him: "Damn, then it is your responsibility for I will NOT be responsible for what YOU say or do!" There was great laughter from the "other side" and Commander quietly said, "Thank God, I thought we would never make it!" And the first few times Germain and/or Commander said "Bullshit", I about choked. God wouldn't, after

all, say such a nasty word and I knew I was in for it. Surely enough, the backwash was immediate and as expected. I got a lecture on bulls and s..., on the indecency of having written such a term in the words of A MASTER. So, what happened? I had to sit up most of one whole night writing rebuttals to the rebuttals with an explanation that when a Teacher is training his student, do you want the Teacher's message or the student's EDITING?

The "other side" is not like we expect. It is an extension in perfection of activities not far removed from this expression and the very silliness of what we have come to believe is dumb from the minute you come into realization. Does this conscious experience make me different, better, somehow radical? No, it means I have to work a bit harder for I have now achieved a greater responsibility to BOTH sides of this play. Is "my" work more important? NO, only necessary to go first, sometimes. I could write until those proverbial cows arrive home but if it just SITS somewhere, there would be absolutely no importance AT ALL to my task. And, to assume myself somehow more important or necessary is but an ego-massaging which is not unlike spitting against the wind—wherein the spittle simply splatters in your own silly face. To put myself into such a perception would only insure my being alone and this journey is lonely enough as it is. WE either do this together or there is no point, in my opinion, of doing it at all. It might only REQUIRE "one" to do something—but if we don't share there is no achieving greatness. We simply become the reflection of the Satanic fool's reflection when we ridiculously try to claim a place on Man's pedestals of self-aggrandizement. Aren't there enough FOOLS already vying for that position?

I want to be logical about my position and work and I have come to KNOW that to be logical I must have WISDOM and if I am to have wisdom I must have the proper perceptions. My teacher gladly shares those lessons.

So, next big question is: "How do you feel about this Christmas holiday stuff?" I love it. I love the lights, the trees, the annual "be nice" time of year and I FEAR IT. If I fear anything it IS the misperceptions and wrong attitudes surrounding all holidays which have been totally usurped by the adversary of TRUTH. I sit right here right now with a note from '2 X 6' in Florida: "Santa = Satan" and "Claus = Lucas" (one more name for Satan). Well, that sort of reverse spelling, etc., can go on endlessly and until we give it meaning, it has none. Therefore, if we give the adversary NO POWER, he has none. The Force of Evil is just that—a manipulating Force which I do not longer ACCEPT. If I do not "accept" it, then there is no power over my being AT ALL. This does not mean it becomes a smooth sea in the face of the Forces applied—It means simply, that there is no power radiating from that ridiculous energy-form. This attitude, I find, leaves the mind fully capable of RESPONSE TO THE DIRTY TRICKS—IN WISE ACTIONS. My enemies don't like me much! Why? Because they are NOT my enemies and because they make ME theirs, they don't stand a prayer of overcoming my wishes. I make sure that every time I have to concern about "skeletons", I REVEAL THEM. If I have to confront anything—I MAKE VERY, VERY SURE THAT I STAND IN TRUTH—EVERY TIME AND NOBODY HAS TO WORRY ABOUT MY TESTIMONY, EVEN MY ATTORNEYS. Attorneys just can't seem to function within that concept. If I have confusion about right or wrong I go to God and we quickly sort the difference! Usually with a "2 x 4" across MY beanie.

I admit that in ALL things I stick to Commander like SUPER-GLUE because I don't REMEMBER all about "the way". He KNOWS, but I do not, so I have learned to LISTEN, WATCH and really SEE. We may have surprises but we always have a PROPER RESPONSE which boggles the minds of simple man. In these court cases, for instance, except for the expense of

the stupid ongoing harassments—there is no concern about winning or losing—WE HAVE TRUTH AND THEREFORE WE CANNOT "LOSE"—ONLY POSSIBLY BE RULED AGAINST. THIS is an amazing tool and I have to further realize that these things will continue until higher-source decides it is time to end the lessons in THAT schoolroom.

To you who have sent me gifts, my heart is so grateful and my neck warm in the snow as is the rest of me because I have also received coats and sweaters which have more warmth than the sum total of the fabric content. When I go to court, for instance, I wear as many "things" from you friends as I can carry without appearing a Fool. I took a small wooden cross to one deposition and I thought poor Steven Horn would have a heart attack. My day went well; his didn't. It was Easter Saturday, this year, and his Jewish stance was most uncomfortable. I also had Rick's gold cross on the gold chain I always wear, and Horn just looked from one to the other and continually had to correct himself. His day with his buddy, the Devil, is coming and I think it will be a bit like his "Waterloo" as his own lies and cheating now come to the light of day. Do I feel sorry for him? NO, I hope he gets what he deserves and I don't have to concern about what that might be. E.J. is even more practical about that outcome than am I. You see, friends, something else happens here: We don't have to "fudge" before God. We do the best we can do in our circumstances and HE knows what are our intentions and Truth, so why struggle with covering up what HE ALREADY KNOWS—EVEN TO THE WORST ABOUT OURSELVES? Do I want "revenge"? NO, I WANT JUSTICE AND CONSEQUENCES DIRECTLY REFLECTIVE OF THE EVIL PERPETRATED—AND IF IT BE PRISON, GOD WILLING, IT WILL BE PRISON FOR THE CRIMINALS. If the costs be a million \$\$\$ then I want at LEAST that returned rightfully and righteously. If punitive damages are considered—we want JUSTICE in the accounting of God in return for the service. This is anywhere from tenfold to a hundredfold. I do not expect anything—I ask for justice. Because we are RIGHT in all contests in ongoing litigation—we WILL win; I just don't yet see HOW because lawyers never see anything the way Truth unfolds. They only seem to be able to measure their own "retirement program" as gleaned from the misfortunes of confronting parties. Right or wrong have no meanings and if a lie will serve even lesser than the truth—use the lie for "it is more believable to the jury", your barrister will tell you. No, I can't remember my own phone number under oath at deposition—I could never remember a LIE. TRUTH SUFFICES. Liars don't remember all their lies either—THANK GOODNESS. Even accomplished liars eventually reveal themselves—if we wait long enough.

Well, I have rattled on here a long way past my allotted time and I will make efforts to get this into cards and actually mailed so I can honestly say—"it's in the mail..."

There is no way E.J. and I can thank you enough. There are not words, nor resources great enough to reflect our offerings in heartfelt appreciation. If our reflection is in "being blessed" it is because God has blessed our journey with incredible friends such as you. And if this be "blessing", we are truly BLESSED.

I have grown to understand and KNOW "LOVE" and a strange thing happens as I grow up: Love is none of the "things" I once perceived. It needs nothing more than itself to sustain itself—into infinity.

In THAT love we send our message and wishes that we all share equally in this wondrous journey to wherever and whatever awaits our graduation.

And to you who ask for pictures—we don't want to be identified for the messages are NOT ours, only the secretarial service is utilized. And, I find it amusing how many perceptions there are of even myself. During our August time of sharing a fairly new visitor told E.J. that "Doris is so beautiful..." We both laughed for I am now at 65 years, going on at least 580 million yarns,

old, typical of anyone, and frankly I just don't think about it. But I know what the person meant and means. Nobody even SEES "ME" when Commander is present—and yes indeed, he is BEAUTIFUL and I am simply within his radiance and that is always a compliment to myself. People also wish to say, "Doris has such charisma..." No, Commander has charisma and no one comes to JUST visit with "Doris" except old friends along the way. NO ONE READS THE MESSAGES BECAUSE OF SOME UNKNOWN "DORIS", AT LEAST NOT "WILLINGLY". And that is the way we like it best. God save us from the responsibility of holding your journey as well as our own.

This beautiful entity of perfection is not "ours" more than "yours" and therefore, I appreciate, gratefully, your allowing us to share in YOUR journey that you will share this great gift with us.

Does this somehow make us "wimps"? No, certainly not. We understand the strength and yes, power, of our gifts and in that KNOWING we do not even infer weakness in our selves for we do not base our foundation upon our "selves". Therefore, if God be willing to "try" me, I shall measure up; no more but certainly NO LESS for I must reflect his perception of ME. Whatever is required in Truth, I shall do and that simply IS the way it IS. And, "I" can only even begin to speak for SELF for I have no hold on any OTHER. If "you", for instance, like me then I am grateful. If you do not, then it is none of my business and I shall try not to annoy you.

I have been asked to put some "human" feelings to paper here because I know people like to relate for it becomes our very confirmation and, therefore, comes this rather personal dissertation for sharing, not intended to be simply "boring" prattling. I am so separate in my own "self" that it becomes quite embarrassing at meetings where I too sometimes wait for Commander to get on with his lecture. I have also gone so soundly asleep during "his/my" lectures as to have to be awakened at the end of it. I have to note that if I have to cough—I don't, if I hurt, it stops in total comfort and peace. Sometimes the only residual from many hours of duty translating is a raspy voice. No, I do not "understand" it and I always have to KNOW that speaker, and to monitor to always be sure—IT REMAINS THAT SPEAKER. I can KNOW because of the factual TRUTH he brings. He doesn't let us off the hook because we are somehow special kids. He, as far as I can experience, is far harder on us in immediate service than on anyone else. We are not allowed the "slippage" of others who err. I often resent that circumstance—you know, "It isn't fair!" And, "Mommy always loves you more than..." Friends, I don't know if God is "FAIR" or not; I know that HE IS "JUST" and it works out to be enough for me. I further know that when I can't see "the way" HE always shows me and pushes and shoves until I see it too. I have certainly learned, in wisdom resulting from this experience, to be very, very careful for that which I ask—because I usually "get it" and part of my training has come in the form of KNOWING HOW TO ASK AND FOR WHAT AND THEN SHUTTING UP MY MOUTH AND LISTENING—AND I ALWAYS FIND THE ANSWER. It is rarely as I perceived my wishes to have conjured.

To play on THIS team, mates, is just about as SPECIAL as we shall ever be. Thank you for including us in yours. You see, this letter is something any one of you would have written and therefore it becomes each of us and unnecessary as to publication. But your acceptance of me is MY CONFIRMATION for how else can I know? I look around and every other job seems far more important and more difficult than is mine, for goodness sakes. It is not "easy" any way you cut it except in KNOWING TRUTH and once knowing truth the "rathers" may be difficult but the choices are NOT. Implementing the "choices", however, is often breathtakingly daring and painful. And yes, I often long for the days of *ignorance* for it seemed more physically fun. Responsibility can be a bitter load when you would rather be playing. Although, as I consider

this very statement—if I would rather be doing something else—surely I would be doing that something else. So choices and alternatives are, after all, exactly that—choices and alternatives. For instance, I choose to breathe regularly because I do not choose the alternative and then the concept becomes extremely simplistic. I am asked what I think about being number one on Kissinger's hit list? Well, at first I found it more stupid on his part than anything else—now I rarely think about it at all since it is so much more stupid on his part than I at first even imagined. When I picture a Henry Kissinger or a sick Bush and his twig-twits trying to do anything TO ME against this massively capable guardian of my being—it becomes totally and absurdly laughable. Satan is a fat, squat, piglet type of energy that is quite nauseating in his insipid presentation. There is NO FORCE to match THE POWER which offers my protection. I don't enjoy or like what is thrust upon us by these misfits manipulating evil intent—but is it not because of FEAR. They have NOTHING while I have ALL in creative infinity—on my side. My "only" problem is in getting everyone on this team to understand as much because if we are on the same team—I cannot win the game until YOU wish to win the game and that IS frightening from time to time.

It is not as simple, either, as just saying, "If you don't want to win this game then get off the team," because I have no right to make those final choices for any other players. I find that most who serve the adversary tenaciously hang on to us until it appears most ridiculous—but then their choices are their own. It seems silly to me to bother oneself so much as to continue a losing battle wherein you become the Fool you present of self, but, I realize that too has a lesson to be learned for myself. Evil intent will always reveal itself as will the people who practice such deceit. The negative intent even wears a mask upon their beings which is bloated and takes the reptilian aspect of the wearer. If you cannot at first discern this characteristic in a first impression—just wait for, as the assaults become more ill-intended, the person in point becomes the reflection of that evil intent. Moreover, the gray energy moves like thick fog all about the entity and the mouth takes on the snarling sneer of that anger which has consumed the light of that being. He/she becomes an image of mockery in motion. And, these beings will be most uncomfortable in the presence of "light" and therefore will pretty much move out of your space if you carry that "light" in your living being. I don't long have to put up with such ill-intentioned persons coming into my space. If they remain at all it is as in lurking in a room as far from me as they can get, pretending whenever they have to speak to me, and always making EXCUSES to me. For what? I don't usually know! They know, however, and I eventually, even if I don't want to know, will find out in most unusual ways. Their very "mask" becomes their disclosure. And, their very actions become their downfall.

No amount of money in this whole world could have purchased the education we have been gifted. What an interesting place upon which to experience our learning for it could not be more than a classroom setting for

our lessons—IT SIMPLY COULD NOT BE MORE. "WE" do not "LIVE" on this orb. We only express and experience that which we learn—ON THIS PLACE. It CANNOT be otherwise. If we ever get even a glimpse at PHYSICS of universal laws, it becomes quite evident that WE ARE ONLY REPRESENTATIVE OF ENERGY EXPRESSED IN MANIFEST FORM. It physically can not be otherwise for the "I" of "me" is not the physical expression of "ME". "I" could have a completely different physical body from any number of causes—and "I" would remain "ME"—only the housing would be different. Most of us are not so happy with whatever housing we have, so what's the big deal?

At times I think: "So sad that so late, wise." And then, I remind myself that "So soon wise, at any time, is good because it seems there is time enough left to make a difference." I have infinity and this is but a blip on a radar screen while "wisdom" is long in arriving.

I wonder what this day will bring? It is always a wonder what comes in any day. I wonder, more often, how other people pass the boring existence of their chosen treadmills.

I am often asked, "Isn't it hard to carry this load and responsibility?" I think my answer might well be: "No, HE is my brother and he isn't heavy." I have feet to walk and HE has wings to fly—and it works out very well, at least for me.

May our recognition of one another last beyond all holidays and beyond all time—for it has thus far been so and the future looks far more interesting than has the past.

I so appreciate it when I am allowed voice on my own behalf and now, as usual, the note of personal sharing has grown into a volume impractical to fold into a Greeting Card. Oh well..., as the saying goes. I don't have true friends who don't read CONTACT anyway.

I have also botched up this thing until E.J. will have to redo it, probably. Again however, oh well...

There is no way for this crew here to express, adequately, our appreciation to all of you who seem to be distant from us—for we have no concept of "distance" any longer in our ongoing tasks. It truly has been a concept change of sequence of events wherein "time" no longer has meaning except to keep records of necessary encounters. We have not had "time" here to count the passing days, weeks, months, years—they simply "pass" in a whirlwind of motion. It is really as simple as again using an example such as "breathing". It is that as soon as you finish a breath it is time to do it again and therefore telling one from the other becomes impossible.

But—may we all keep breathing for, if one of us stops, it is so difficult for the others of us to fill the hole left open on our team. And please, to each of you, KNOW: if you can do it, then I can do it, and only then. YOU make "US" possible.

May the life you live BE YOUR OWN and may you always remember that you cannot soar too high if you do it with your own wings.

May the Light of this and EVERY season rest gently upon you. From our home to yours—for a house is but where we dwell—HOME IS WHERE WE LIVE.

O.J. SIMPSON FOOTPRINTS??

From the *LOS ANGELES SENTINEL*, letter to the editor, 11/14/96, [quoting:]

It is time that someone spoke out concerning the Bruno Magli shoes and bloody footprints found at the Bundy crime scene in the Simpson Case!

On 2/17/95 Det. Phillips testified during the murder trial, showing some 30 photos of shoe soles, and explaining the reason he took those photos.

Phillips said that at sometime after the murders, he discovered a discrepancy between his own report and the report done by the first police officer on the scene. He checked into the matter and discovered that, in fact, new bloody footprints had been left at the Bundy crime scene after 12:13 a.m. and before 2:10 a.m. on June 13, 1994. As such, Phillips called in all police officers who had been at Bundy during that time, to photograph the soles of the shoes they wore to Bundy that night to see if any of them could have left those bloody footprints.

What he failed to say and what no one ever said, was that O.J. Simpson boarded a "redeye" flight bound for Chicago at 11:45 p.m. on June 12, 1994, and between 12:13 A.M. and June 13, 1994, Simpson could not have left bloody footprints at Bundy because he was aboard an airplane, in the air, surrounded by people, bound for Chicago!

Subsequent testimony concerning the bloody footprints was that all matched exactly, that all were left by the same person wearing the same shoes. As such, O.J. could not have left any of those bloody footprints! Yet, the "insanity" over these bloody footprints and shoes continues, needlessly. —P.J. Brown, Gilheat, Ariz. [End quoting]

Wouldn't it be appropriate to find out why Mark Fuhrman used the *5th Amendment* to prevent testifying and then admitted to lying later? Could it be that he didn't want to tell what he did in planting evidence which would have completely exonerated O.J. and put himself into prison?

After reading this and the other writings about this case in the various issues of this paper, why don't all of you take up your pens and write about your feelings on this topic to O.J. and his attorney[s], with copies to the judge?

GOVERNMENT BEHIND EXPLODING COLLEGE COSTS?

From the INTERNET, 12/96, [quoting:]

After the federal government got into college financial aid in a big way—during the late 1970s—tuition charges started skyrocketing. From 1980 to 1992, public-college expenses—as measured by the proportion of median family income needed to attend—jumped by one-third to 15.8 percent. The price of a private university education leaped to 39.7 percent of a family's pretax income. In the decade between 1984-85 and 1994-95, charges at public colleges jumped 23 percent, with private college prices increasing 39 percent.

Analysts say that the increases are the result of a spending boom by colleges once federal aid and loan guarantees started flooding in. Nearly a decade ago, Bruce Carnes, a former under-secretary of education, warned that colleges and universities "seek to maximize revenue, not profit", and therefore they have no incentive to keep costs down.

Critics also warn that President Clinton's schemes to make education costs more affordable will only send tuition costs soaring again, and put loan recipients in hock for decades to come. [End quoting]

The Elite are now purposefully trying to put college education out of reach of the common person. First they dumbed down the education process and now are trying to keep all except the "chosen" out entirely. They cannot control well educated masses of people and they know it. One of the first groups they will kill off are the educated ones, when the hammer comes down.

A RICH HARVEST OF VIOLENCE AND CRIME

From the INTERNET, 12/96, [quoting:]

A sharp increase in juvenile drug arrests nationally is prompting warnings from criminologists that a generation is on the verge of graduating to more serious crimes. Young drug offenders, driven by their need to pay for their drug use, will become involved in robbery, aggravated assault and even murder as adults.

Drug-related arrests among children under 18 increased by more than 137 percent from 1991 to 1995, according to the most recently released FBI Uniform Crime Reports. This corresponds with a recent Department of Health and Human Services report that found drug use among 12 to 17-year-olds has doubled since 1992.

The nation's top drug-policy official, Barry McCaffrey, has warned, "By the time these kids reach their 20s and 30s, we could see a rich harvest of violence and other serious crime."

For more information on Juvenile Crime, visit the NCPA's Juvenile Crime Hotline at <<http://www.public-policy.org>>. [End quoting]

This also is part of the New World Order plan for enslavement. Hopefully all who care are seeing the different portions of the Elite's plan and how it is being carried out.

We still hear many people say there is no conspiracy. How can anybody who sincerely wants to know and gathers information believe it is just coincidences that all of these happenings take place in such sequences?

WHY YOU'LL NEVER BUY A NEW VERSION OF WINDOWS AGAIN... AND WHAT TO DO INSTEAD

From the INTERNET, ZD Net AnchorDesk, 12/96, [quoting:]

Microsoft has switched from all-at-once upgrades to piece-at-a-time enhancements. New approach means you are unlikely to buy shrink-wrapped Windows ever again (though you'll get new versions with new machines).

The company has quietly released dozens of small patches and improvements already. *Required*: Vigilance to seek out component-level enhancements as they appear. Links and advice at the Web site.

WHY WAIT FOR WIN97? BUILD YOUR OWN "WIN96" NOW WITH THIS BUNDLE OF FREE UPGRADES

What? You didn't hear about the new "Win96"? Lucky for you, our obsessive Technical Director has. Must-have, free-for-the-downloading Win95 upgrades mean you can build your very own "Win96" right now.

Links and valuable advice at the Web site <<http://www.anchorDesk.com>>. [End quoting]

Remember, this is not yet fact, but you certainly can help yourself to free updates off the web, now.

WHAT'S IN THE FLU SHOTS??

From the INTERNET, *Conspiracy Nation*, 12/96, [quoting:]

Once a year, like clockwork, the latest "flu" virus appears.

Like with AIDS having its mysterious origins in "deepest, darkest Africa," the vague sense is that the yearly influenza virus comes from a mysterious faraway land: Asia.

My parents always heed the warnings each year to "get your flu shot". So, a month or two back they went through the yearly flu-shot ritual. I visited them shortly thereafter. A few days later, by an interesting "coincidence", I was one of the first to suffer the latest edition of influenza.

What if. What if our perceptions are bass-ackwards on the annual flu season? What if the initial introduction of the virus into the population occurs via the inoculations given to ward off the virus, and from *there* the disease is spread?

Sound far-fetched? The medical industry has gotten it wrong before, for example with Beriberi. Beriberi is a fatal illness caused by lack of vitamin B1. In the 1880s, a Japanese doctor named Kanehiro Takaki discovered that Beriberi could be cured and prevented through proper nutrition. He published the results of his research in *Lancet*, a British medical journal.

Unfortunately, writes Dr. Peter Duesberg in his book, *Inventing the AIDS Virus*, "Instead of acknowledging poor nutrition as the cause of beriberi, the scientific community wantonly disregarded it. The report had arrived during the height of the bacteria-hunting craze...and microbe hunters were eager to find new germs." [End quoting]

A good friend of mine had a flu shot 3 years ago and immediately came down with the flu. Last week she had another one and immediately developed a fever. I was talking to her several hours after she had the shot and she told me about her fever. I suggested she take some of the colloids of minerals and vitamins, Oxysol, gold, silver, Aquagaia and Gaiandriana—she did, and within a couple of hours her fever was gone and she had no further symptoms.

Many doctors do not know about what is being done to the vaccines and the conspiracy involved with them. They swallow the American Medical Association propaganda "hook, line and sinker".

INVENTOR WINS WITH PLASTIC STRENGTHENER

Scientist At Edwards Lab Receives Award

Excerpted from *THE DAILY NEWS*, Los Angeles, 12/9/96, [quoting:]

Joseph Lichtenhan's invention might soon show up in everything from contact lenses to fighter jet canopies and rocket parts.

Lichtenhan developed a white powder additive called polyhedral oligomeric silsesquioxane or POSS for short, that makes plastics tougher, more resistant to scrapes and able to withstand temperatures that would turn normal plastics into vapor.

"We call it the STP for plastics", said Lichtenhan, a researcher at the Air Force's Phillips Laboratory Propulsion Directorate—or "the rocket lab"—at Edwards.

For his work, the 32-year-old Lichtenhan received the 1996 Air Force Basic Research Award. The award recognizes the scientific efforts and achievements of Air Force researchers who have made outstanding contributions to the world of science and technology.

Working with researchers at Phillips Laboratory,

the University of California, Irvine and the University of Dayton Research Institute, Lichtenhan developed a new class of materials that are somewhere between ceramics and polymers.

"These things are revolutionary—not only for high-technology and military applications, but to everyday life," said Col. John Rogacki, commander of the rocket lab.

Lichtenhan, who had tried to design exotic materials in graduate school, came up with the idea for research into this new class of materials.

Working in the laboratory, he said, forced him to focus on "real world" applications for the material.

Right now, material made with POSS costs about as much as that made of more exotic synthetics, such as the Kevlar used in bulletproof vests, about \$60 a pound. But the cost is likely to drop as industry begins using it, Lichtenhan said.

A chief benefit to industry is that POSS does not require any changes in machinery used for manufacturing plastic parts.

"You drop it in, and it doesn't screw anything up," Lichtenhan said. [End quoting]

Hopefully the Elite won't keep this just for themselves like they do so much of the very good technologies, as they have continuously done for decades.

RADIO WAVES CAN ZAP WHIPLASH PAIN, RESEARCHERS SAY

Excerpted from *THE DAILY NEWS*, Los Angeles, 12/9/96, [quoting:]

Zapping nerves in the neck with radio waves can temporarily relieve the pain of whiplash, a study found.

Doctors in Australia tested the technique, called percutaneous radio-frequency neurotomy, on men and women with lingering pain from whiplash suffered in car accidents.

While not everyone was helped, the researchers found the three-hour treatment could make the pain go away for more than a year. Eventually, though, the procedure had to be repeated when the nerves grew back.

Whiplash is an injury to the neck portion of the spine that happens when the head is violently bent forward and backward.

The radio-wave procedure has been used in the past, but the new study was an unusually rigorously controlled experiment. The results were published in the *New England Journal of Medicine*.

Dr. Susan M. Lord and others from the University of Newcastle in Calaghan randomly assigned 24 patients to get either the real treatment or a look-alike fake procedure. Not even the doctors knew which was which.

After 27 weeks, eight of the 12 getting the real treatment were completely free of pain, as was one of those in the untreated comparison group. The only side effect was numbness around the treated nerves.

In an editorial, Dr. Richard B. North of Johns Hopkins University said the work makes an "important contribution". But he cautioned that the procedure

needs more study before doctors can be sure of its role. [End quoting]

GREENSPAN COMMENT SENDS MARKETS DIVING

Excerpted from an *Associated Press* clipping sent by reader, 12/9/96, [quoting:]

In a scholarly after-dinner lecture that strolled through America's economic history back to colonial times, Federal Reserve chairman Alan Greenspan proved once again why he's considered the second most powerful man in the country.

With a single question, Greenspan sent financial markets reeling around the world.

"How do we know when irrational exuberance has unduly inflated asset values, which then become subject to unexpected and prolonged contractions as they have in Japan over the past decade?" Greenspan asked his audience at a black-tie dinner at the American Enterprise Institute, a conservative think tank.

Greenspan never answered his own question, but to financial markets that didn't matter.

As soon as reports of his comments flashed across their screens, traders seized on the fact that the chairman of the most powerful central bank in the world was wondering out loud about "irrational exuberance" in stock and bond markets.

All the turmoil came because investors read Greenspan's comment as a coded message that the Fed was getting ready to prick a speculative bubble on Wall Street by raising interest rates. [End quoting]

Some more of the banksters' scam games.

Have you noticed how the markets are up one day and down the next with the swings getting more and more severe. This is not, I repeat NOT, an accident or coincidence. This is a planned milking of the assets from the non-Elite. The Elite make a financial killing when the markets go up or down. They planned it that way and they know the suckers will be there for the milking until they decide to stop the whole game and claim it all, without any recourse by you.

KILL MOM AND POP? WAL-MART MAY SNUFF OUT WEB ENTREPRENEURS

From the INTERNET, 12/9/96, [quoting:]

The world's largest retailer just announced a massive expansion of its online store. By this time next year, Wal-Mart will be selling more products in cyberspace than it stocks in its physical stores. Along the way, it may kill mom-and-pop Web stores the way it killed so many mom-and-pop retailers in the real world. [End quoting]

Cyberspace is such a lucrative gold mine for ambitious and innovative Mom-and-Pops or Mom or Pop alone. The overhead is very low in comparison to most other types of businesses. Furthermore, the overhead will be quite heavy for big business, in comparison, I feel.

I think there is plenty of opportunity for good

ambitious individuals who are willing to take some risks. "Nothing ventured, nothing gained."

BOUTROS-BOUTROS GHALI

Excerpted from *THE ORLANDO SENTINEL*, 11/18/96, [quoting:]

"The United States has said we are opposed to [Boutros] Boutros-Ghali continuing as secretary-general not because we have anything against him.... This is not personal. This is business." —U.S. Ambassador to the U.N. Madeleine Albright, Sunday on *CNN's This Week With Frank Sesno*. [End quoting]

The word that I get is that George Bush intends to have that position and to help get it he is having the government hold back over \$1 billion owed to the U.N. until he does get it—**BUYING THE POSITION AS "KING" OF THE WORLD WITH OUR TAX MONEY!**

I have heard a report that Madeleine Albright has proudly admitted to being a reptilian!

BAN ON MEDICAL EXPERIMENTS WITHOUT CONSENT IS RELAXED

Excerpted from the *NEW YORK TIMES*, 11/5/96, [quoting:]

For the first time in a half century, new Federal regulations allow investigators to enroll patients in some medical research studies without their consent.

The Food and Drug Administration regulations, which took effect on Friday, apply only in carefully circumscribed situations. The patients must have a life-threatening condition, like a severe head injury, and must be unable to say whether they want to be part of a study. They would be selected only if it was not feasible to obtain consent from a relative.

Furthermore, the community in which the research is done must be notified about the study, and the research design must have been reviewed and approved by the Food and Drug Administration.

Even the most ardent supporters of the new regulations say they understand the seriousness of what they have done [*I'm sure they do, and I'm sure they don't think you do or they wouldn't have done it.*]. They have repealed a principle that dates back to the Nuremberg trials of Nazi doctors after World War II, when American judges were agonizing over rules that might prevent doctors from ever again using human subjects in horrendous experiments. The judges wrote a code of ethics, the Nuremberg Code, whose first principle was that no one should ever be forced to take part in a medical experiment. "The voluntary consent of the human subject is essential," they wrote.

"It's a tremendous philosophical change," said Dr. Norman Fost, director of the Center for Clinical Ethics at the University of Wisconsin, who lobbied for the change. [End quoting]

THERE IS NEVER—UNDER ANY CIRCUMSTANCE—A NECESSITY TO COMMIT A CRIME SUCH AS THIS!! EVIL WILL STOOP TO ANY DEPTH TO ACCOMPLISH THEIR PURPOSES!!

Certainly you remember that the Food and Drug Administration are the ones who keep taking the health foods and supplements off the markets. Plus they are forbidding you to get alternative methods of health care and you are expected to believe they are doing the above to help you stay alive.

They even tell you they convicted Nazis, in court, for doing testing without permission of the person

involved. The people behind this decision are the same ones who did this in Germany.

Don't ever forget, their plan 2000 is to clear the Earth of over 5 billion people by no later than year 2000. And you still think they are doing this to help SAVE your lives???

MISSING SOMETHING

From *ANGELS ON EARTH*, Nov./Dec. 1995, *Guidenposts*, 39 Seminary Hill Rd., Carmel, NY 10512, [quoting:]

My day had been the worst. A friend snapped at me for no reason. Every other car on the road cut me off. When a bank teller didn't make eye contact, I took it personally. Even the bag boy at the grocery store gave me a sideways glance when I asked him to use paper instead of plastic.

As I pulled into our driveway, I waved to Kenneth, who was sweeping up his fresh-cut grass. We considered him the neighborhood angel, always willing to lend a hand. "Why aren't more people like him?" I thought.

When I heard my husband come home, I took a deep breath so I could tell him every detail of how I had been slighted. "Who mowed the lawn?" he asked before I could let loose.

I looked out the window at the freshly trimmed grass. *Kenneth!* I was ashamed I hadn't noticed such an enormous kindness.

What other angelic doings had I missed because I was blinded by pettiness? It was something to think about. —Jill Elizabeth DeHoog, Asheville, North Carolina [End quoting]

EMERGENCY HEATER KIT ITEMS

Patrolman Jeff McLaughlin shows a homemade emergency heater and an emergency beacon. The time-exposure photo makes the flames appear higher than they should be.

Emergency kits or items to make your own kit are available at sporting goods and military surplus stores. Montana Highway Patrol Officer Jeff McLaughlin and winter survival expert Steve Jenkins suggest carrying these items for winter emergencies:

- Warm clothing: A coat, mittens, warm boots, warm socks a hat (preferably with ear flaps). Clothing should be woolen or polypropylene
- Emergency "space blanket," a silvery blanket that folds to pocket size
- Sleeping bag and blankets
- High-energy food. McLaughlin packs along packets of nuts and hard candy. Take along some non-alcoholic beverage, such as water, hot chocolate, tea or coffee.
- Carbon monoxide detection patches
- Portable shovel with folding handle
- Bag of sand to pour under tires
- Battery-operated beacon
- Fuses
- Safe light
- Unbreakable mirror (for flashing a signal if the sun is out)
- Waterproof matches and match holder
- Candles
- Parachute cord. In a blizzard, you may not be able to see anything. If you need to leave your vehicle even momentarily under such conditions, tie one end of the cord to the car and one end to yourself, so you can find your way back.

HOMEMADE HEAT IS LIFESAVER

From *HEALTH & FITNESS* monthly magazine, 11/25/96, [quoting:]

A homemade emergency heater can keep occupants of a stranded vehicle warm, according to winter survival expert Steve Jenkins.

Jenkins, who teaches courses for the Local Technical Assistance Program based at Montana State University in Bozeman, and Montana highway Patrol Officer Jeff McLaughlin gave these instructions for a homemade heater:

- You will need:
- * Empty 1-pound coffee can with lid
 - * One regular-sized roll of toilet paper (Cheap, small rolls won't work as well.)
 - * Four 8-ounce bottles of 70 percent isopropyl alcohol. Don't use alcohol with higher than 70 percent isopropyl because the flames will be too high. Don't use wintergreen or other scented alcohol because it will smell awful in your vehicle.

Begin by removing the cardboard core from the toilet paper roll.

Then stuff the toilet-paper roll into coffee can, so that the paper is below the can rim. The roll should fit snugly into the metal can.

Put the lid back on the can and store it with other items in your vehicle for emergency use.

To use the heater, remove the can lid and pour two or three ounces of 70 percent isopropyl alcohol on the toilet paper.

Shake the can to make sure the paper absorbs the alcohol. Light the alcohol-saturated paper with a match. The alcohol will burn, but the paper will only be singed.

"Four pints of isopropyl; will keep a car at 60 to 70 degrees for 24 hours," Jenkins said.

"They're extremely safe, and they don't produce any carbon monoxide," Jenkins said.

McLaughlin suggests that the heater should be burned for a while to warm the occupants and then extinguished.

Be careful. The can rim will be too hot to touch during and for a while after burning, although the can could be held from the bottom even while the heater is burning.

McLaughlin suggests carrying a metal pan or cookie sheet to set the heater in, and using a metal lid to snuff out the flame.

Don't pour more alcohol on the heater while it's burning. Wait for it to burn out. Blow out the flame carefully.

McLaughlin recommends keeping a window cracked open an inch while burning the heater. This heater isn't recommended for cooking, he added. [End quoting]

This is the best solution I've come across for maintaining long-term heating of a stalled car. I would however suggest some wire to hang the can to something like the sun visor, for instance, since a car is so cramped it would be too easy to bump and tip over without some type of fastening (keep it away from the ceiling). Be sure to keep the window open about an inch—there may not be any carbon monoxide produced but it uses up the oxygen which needs to be replaced. Anytime you spend much time in a closed car you should open the window a little to get fresh air—heater burning or not.

One last suggestion I highly recommend is that you set this up and try it out at home before you ever get caught in an emergency.

Tough Love For All Who Despair

SPIRITUAL FACTS

The following letter comes from "Pedro" of and in Brazil. I have two comments right up front here: See, you people who think because you have only some 1300 subscribers, you don't reach the multitudes; and secondly, I ask that when we get exact clarification of the spelling on the return address that it be run in the paper.

FOR YOU WILLING WRITERS:

PEDRO RENDA JC.
Tv. TOMAS VALENTINA
2/62432
[66240-000] BELEM Pa.,
BRAZIL

I especially ask that since you DO NOT know the status of this writer that you keep your contacts comfortable and spiritual. You do not know whether this is a Vice President or a murderer awaiting execution. My mission is to convince YOU that it doesn't matter in the eyes of God—when a man calls out for help from within his soul.

I especially ask that Terry D. take a turn at writing to this man because I remember a bit longer letter from Terry with expressions of despair, endless pain and troubled Spirit.

(Received: Dec. 10, 1996; letter undated, postmarked: Central, Belem Pa, Nov. 28, '96) (Postmarked and return address: Brazil)

[QUOTING:]

Dear Aton, [H: Emptiness and despair always bring us back to the "Big Boy"!]

I read your article in the *Phoenix Journal*.

I'm certain that I will never qualify for ascension because the task is just too big for me. (Please don't encourage me.)

Since I don't want any kind of agreement with reflexions, I beg you to de-create me as soon as possible.

You made me a loser and I'm happy to serve you as such. But I really can't cope with it any further.

Waiting for your answer as soon as possible, I remain -

Yours,
Pedro

[END OF QUOTING]

Since it is stated that there are no agreements wanted, the contact is turned over to me so that we can

share the lessons with this brother. This is what we are here for and sometimes it is only to hold the hand of a fellow traveler. You who know me well, however, know that I will not just hold this man's hand and leave him groveling in despair. I will tell him TRUTH and he must do that which he will.

First of all, for all you readers, this man has addressed GOD as "ATON" as is suitable for HE IS the entity labeled "One Light" or "Source".

So, to get right to it:

December 11, 1996

Dear Pedro,

Your letter is handed off to me for answering. Thank you for sharing your feelings for I welcome the opportunity to confirm your despair and yet set your thinking to reality in thinking.

What makes YOU think you are not qualified for ascension? Are YOU the one with such rights as to decide such a major transition? God is not a loser and is fully capable of making a decision with one suggesting *uncreation*. You see, that power is ONLY in the allowance of GOD. I realize you only "asked" so we can assume you cry out in pain—having somehow come to a point of total despair, in your living manifestation as a human physical person.

My plan is certainly not to *encourage you* but, rather, to give you FACTS, Sir, nothing but the facts!

GOD DOES NOT CREATE LOSERS!!! Man chooses to become winner or loser and ONLY in the perception of the single individual can such a decision of status be ratified—*incorrectly* at best. You also ask for that act of "cop-out" to be ASAP ("as soon as possible"). No, brother, you do not have such an option but, yes indeed, it is certainly fine to ask. Whatever is your despair, it will be confronted and not "just undone" for, in the doing of anything, it is then past experience and is never uncreated—even if the person is.

By the way, GOD DOES NOT MAKE AGREEMENTS. Man makes agreements and then breaks them, so let us toss out the possibility of agreements before we go further. And yes, Pedro, if you are willing to

serve God Aton as a loser, then you ARE NO LOSER and yes, YOU CAN cope with it as long as is necessary to come to peace within self. Forgive SELF right now for whatever you perceive in your own conscience and conscientiousness made you acclaim yourself a loser. Spit it right out front for YOURSELF for you do not need to bore anyone else with your personal dirty laundry. Recognize that the past is over and gone and you cannot make actions or thoughts undone or unthought. So, where to next?

Emphatically remind self that you DO actually believe in God or you would not have bothered to pen a note to Him—for any reason. What you DON'T believe is in the false references TO GOD by the hypocrites who pronounce religious nonsense upon your heads. You are reaching out to your SOURCE and THAT IS GOD, so let us first recognize the connections and then we can move forward with our discussion.

When people wonder and criticize my writings as offered from Aton, and we speak of things such as creation and uncreation, I have a reason for so-doing. Leon Fort, a friend here (oh yes, he is a friend who has forgotten as much) objected, even in a courtroom about that ONE PHRASE regarding creation/uncreation. Now, you see, readers, this one phrase has brought healing and petition RIGHT TO SOURCE. So, next time you criticize our offerings to you, remember Pedro in Brazil sitting in total and desperate despair believing himself to have been created a "loser".

GOD, I REPEAT, DOES NOT CREATE LOSERS—MAN CONJURES SUCH SILLY AT-TRIBUTIONS TO THE PERFECTION OF GOD'S WORK.

Pedro, you have one other option: cope with it well or cope with it badly, BUT YOU HAVE TO COPE WITH WHATEVER IS PRESENT WITHIN YOUR SELF. GOD NEVER ALLOWS MORE THAN THAT WITH WHICH A BEING CAN COPE, AND WHEN YOU TURN TO GOD FOR THAT SUPPORT THROUGH WHICH YOU CAN REGAIN BALANCE—YOU ARE COPING AND YOU ARE GOING TO COPE MORE EFFECTIVELY FROM THE MOMENT OF REALIZATION AND PETITION—ONWARD.

I can tell you that you are not as "far gone" as you wish me to believe or you would not be "Waiting for your answer as soon as possible...". You already have and know your answer but you have given US an opportunity to share your burden and make some valid and truthful observations of LIFE.

There are ones here who work 24 hours a day, week after week, year after year, wondering if ANYONE reads or hears. If you have done NOTHING else worthy

in your entire lifetime, you have become worthy, most certainly of ascension, by recognizing and calling out to ATON AND, for having done so by READING our presentations. You have no idea, son, how many times Dharma has cried out to me: "Why did you create me to just have bashing and insulting assault against me, time after endless time—just because I write for you?" Today, Pedro, you answered her cry. Remember something else, and this is responsibility, not encouragement: If you consider yourself to be among the least of God's creations—then remember what was said those years ago: "If you do this unto the least of mine—YOU HAVE DONE IT UNTO ME." If you have recognized God—then you are no longer among the "least of these" for you have become among the "highest of these, my own".

There is no magic in a murdered man (crucified, I believe goes the tale) who will suck away sins from anyone. Every, each, one, must acknowledge for SELF, repent for SELF, forgive for SELF, rectify for SELF, and it is then SELF who confronts GOD. No action is unforgiven by GOD and "ascension" is through the GRACE OF GOD—not self or another.

I recognize the desperation resulting from YOUR CURRENT CIRCUMSTANCES and it gives pause for reflections on an entire lifetime—but your lifetime is short or long as you choose to make it. There is NO THING SO BIG THAT GOD CANNOT CARRY YOU AND THAT BURDEN.

I am going to share a poem that "sounds" good and then I am going to ask all of you to pause and see if you can find what is totally WRONG with the concept.

WINGS

Oh, to catch the winds of flight
And soar where eagles go,
To leave the woes of troubled souls
Behind me far below.

I'd listen to the song of birds
And sail in endless flight
Then chase the Sun through cloudy paths
And play with stars at night.

The boundless heavens for my home,
The breeze to lift me high
To rise above my mortal bonds
And never have to die.

Knowing I had found the way
To trails where angels trod,
And when my wings could fly no more -
I'D TAKE THE HAND OF GOD!
(C. David Hay)

Wow, and how do you feel now? Resurrected? At peace? This whole concept is pure B.S. in actual thought sequence. The last line should be FIRST: "I'd take the hand of God." If man would take the hand and place his soul into that hand, there would THEN come the wondrous fulfillment of wishes as to soaring with angels and eagles. When MAN gets his priorities straight, then and only then can he actually soar through the stars.

Now, let us look at people in their perceived lockdown, their prisons of loneliness and pain and see what is REALLY taking place. Even a prison with bars, a compound with razor wire, is only an incarceration place made by man. There is no prison for the SOUL unless the individual CHOOSES to imprison himself. I repeat: GOD DID NOT MAKE ANY LOSERS. NEITHER DOES GOD MAKE MISTAKES. MAN ERRS, GOD IS PERFECTION.

When YOU, any of you, consider skipping out on reality of responsibility—as presented in confrontation by God, think again—and then again. When you TAKE THE HAND OF GOD, then all else becomes EASY.

Your contribution and service unto that God presence? Perhaps, Pedro, you just paid for your ticket with this short note.

Did "I" pay you for this note just so I could have a lesson? No, but I would have if I could. YOU and GOD had to arrange this when we needed it so badly. Never mind encouraging Pedro; Pedro has encouraged US and we can cope with anything today that the world can throw at us—because we know our work is arriving at the eyes of those we are trying to reach. It is a long way from California to Brazil. And, there have been almost 200 journals—how be it that THAT ONE ENDED UP WITH PEDRO? GOD DOES, AFTER ALL, WORK IN MOST MYSTERIOUS WAYS HIS WONDERS TO REVEAL.

Pedro, I am going to take the liberty of offering your address herein so that those who feel you have made a contribution to their own INSIGHT, might drop you a note, a card, a word. They can be encouraging or not, as they choose. We do not attend a brother or sister because we first judge them. THERE IS ONLY TRUE JUDGMENT BETWEEN SELF AND GOD—not here.

How "else" might you serve? Well, perhaps you could share some tales from Brazil!?! Brazil is not the ONLY place where evil and despair have taken hold—and YOU ARE NOT ALONE. The world of mankind is crying out just as are you. And the reclamation can only start with one: SELF.

By the way: you slipped, Son—you used the term "decreate". GOD CREATES AND UN-CREATES—HE DOES NOT DE-CREATE!

Thank you for your letter; thank you for asking for an answer. Totally "gone" people do not ask for a

response! And that might well be considered "encouragement"!

In closing, please realize this comes from Just Another Teacher, BUT I AM your FRIEND. I cannot change your circumstances and God will NOT—but you CAN. Salu.

George Hatonn. (Please call me Hatonn, if you would; there are so many Georges around. And, there is only ONE ATON and, yes indeed, I have a lot of "pull" with that One.)

Readers, in the very darkest of dungeons the LIGHT can be brought within the soul and, after all, the SOUL is the YOU of your expression.

*But they that hope in GOD
shall renew their strength,
they shall take wings as
eagles, they shall run and
not be weary, they shall walk
and not faint. Isaiah 40:31*

Since it takes so long to get letters point-to-point at great distances, please use "Via Aerea" (Air Mail) postage. And yes, a nice Christmas Card would be appropriate.

Kudos To Legal Team, George Green Whereabouts

12/11/96 #1 HATONN

I do, before I close this, wish to make a statement of appreciation to our own LEGAL TEAM who are working overtime to pick up all loose ends in these ongoing and endless cases.

The Supreme Court of the U.S. issued a denial to Mr. Abbott and Horton and therefore there is no further need for delays, unless the Judges deliberately and unlawfully do so, in the Overton matter.

I know it is difficult to reach out and step right out there and confront Judges if you are an attorney with your life career at stake and in the hands of manipulators and liars working against you. All we can do is assist in any way possible—and thank you for going right ahead in the face of these miserable misfits.

Further, do not miss peeking in Colorado for the Greens. They would need to hook up with some people there in their journey to wherever they are hiding. Check with the banker who serviced Gary Anderson as well. It is a very small world! For some people who have stolen, lied and cheated against us—there shall be no where to run and no place to hide from the consequences of their criminal actions. Just a thought for the day.

In appreciation to our harassed legal team, we want to publicly acknowledge their efforts and offer our gratitude. And to our readers who responded to charges presented by those unlawful pretenders at law: THANK YOU! My promise is that it shall prevail as you request for it appears the foxes are now running to their hiding places.

I would close now and allow us to move on to our other tasks. I simply do not take time often enough to give those tokens of appreciation for it always appears I am catching what is missed—but that, after all, is my job—to see to your success.

Good morning and may this day bring tidings of great things abounding. Salu.

RAY RENICK: BEWARE

Ray Renick has recently had forwarded to him an outstanding set of documents—and the final page wraps up the WARNING TO BEWARE. Not of the documents, but this party in the hands of his representative, Vassilos, is in grave and serious trouble with usage of this individual in point.

Who, what, and so forth, is Vassilos? I prefer to not go into that matter; I just want to present something, here, to you in its form of arrival and without any changes. We all, and especially those claiming to take shorthand notes of some variety or another, will often use phonetic terms. But THIS is a serious deviation from such use. Your person in prison does not have a prayer with this person "representing" him if you are going to concern with God and Christ and what is truly right vs. wrong.

To Ray came this note scribbled on the back of the last page. Ray has sent it on to CONTACT while directly addressing "Commander and Crew".

Nevada Corporations

Nevada Corporations: Here Today, Gone Tomorrow?

12/12/96 CORT CHRISTIE

ATTACKED RAYELAN AND G.?

CONTACT did no such thing. I TOLD THE TRUTH and therein lies the problem. Rayelan continued to paint herself as an authority in "channelling" (for whom is worthy of your notation in itself) and both she and Gunther ripped off so many innocent victims trying to help them as to astound anyone. They used credit cards, solicited and took money, presented their victims as some kind of CIA operatives which somehow was to EXCUSE their criminal actions—and we still have reference to US PERSECUTING THEM??? Forget it, good buddies, we have been stricken by the best you have to offer in the fraud and crime departments. No thank you, Jimmy boy, if you can't get your own act together, then I would suggest you quit trying to warp and twist the very soul-level truth of God, Christ and mankind. Be Forthright? How can you possibly be MORE FORTHRIGHT than we have been? YOU PEOPLE HAVE MANUFACTURED EVIL CARNATE BEINGS—NOT GOD. IF YOU CHOOSE TO CALL "GOD" BY ERRONEOUS TITLES, SO BE IT. YOU CAN MARCH IN ANY DIRECTION YOU CHOOSE—BUT IT WOULD BEHOVE ALL OF YOU READERS TO BEWARE THE PIPER OF LIES, EVEN IF HE BELIEVES THEM TO BE TRUTH, FOR THAT IN ITSELF IS THE WORST KIND OF MIS-DISINFORMATION! IT IS TIME TO "GROW UP"! WHY, IN ADDITION AND INDEED, HAS SUCH AS JIM VASSILOS NOT BEEN FORTHRIGHT WITH US? It is your life as individual person—but it is time you look very carefully at SELF and stop the insanity.

Make sure Ray gets this writing from today, Ray. And Ray, thank you for attending some of our load lately.

A corporation formed in Nevada is an incomparable financial tool, one which makes it possible to accomplish what many would say was "impossible". In Nevada, and only in Nevada, it is possible to set up an entity that is "at arm's length" to the individual or individuals that control it. That one feature sets a Nevada Corporation apart from any other, and allows for an amazingly broad range of strategic applications.

It is possible, for instance, to split income as many ways as desirable in order to remain at the lowest possible tax rate, which is just 15% of net income. In addition, that net income might be substantially less through the use of a corporation, as a corporation is entitled to many more deductions than an individual. But there are many more advantages to be derived from a "corporate friend" including, but not limited to, the areas of asset protection and liability protection.

Who should work with a Nevada Corporation? Virtually anyone who has some measure of control over how their income is received. Even an employee could derive benefits from a Nevada Corporation, either by arranging to work on a contractual basis, or by setting up a small business outside of their normal work relationship. A simple strategy using two Nevada Corpo-

rations "at arm's length" to each other can be used to manage investments, without falling under the IRS designation of a "holding company", which would entail a surcharge of 39.6% on "passive income"!

At NCH, we are often asked what would happen if the rules were to be changed. While it seems unlikely that the big players who set these rules up for themselves would ever want to close this down, it could happen. The Nevada legislature only sits every two years, and they will be convening again in 1997. If the rules are changed, and financial privacy is removed as a possibility, the new rules will almost certainly not apply to corporations formed prior to the changes—because this would "drop the drawers" on the big players. Instead, it would seem likely that the new rules would be applied to corporations formed from that point forward, or to corporations formed after a certain date, for example December 31, 1996. If you have not yet formed the corporations that you may need, it could be wise to do so prior to the end of this year.

If the rules affecting privacy were to be changed, it would be reasonable to assume that any corporation "grandfathered" under the old rules would instantly be worth a lot of money, and worth even more as the realization set in that such privacy could no longer be obtained at any price except through the purchase of a "grandfathered", "old", Nevada Corporation. We have clients who have set up a number of Nevada Corporations against this contingency, as an investment. Even without a change in the rules, a "shelf" corporation (one which was formed and then put on the shelf, with no activity) appreciates in value by about \$500 per year. We can only estimate that any shelf corporation would be worth many times its cost if the rules were to be changed.

Nevada Corporations have been tested in the courts and have withstood all challengers' attempts to pierce the corporate veil. Steven Presser, an attorney specializing in such matters, failed to produce even one successful example regarding a Nevada Corporation in his 800+ page book, *Piercing the Corporate Veil*, a "how to" guide for other attorneys. From our own experience, we know that the *CONTACT* newspaper and many other good businesses could not have stayed in business if it were not for the benefits afforded by Nevada corporate structures.

Incorporating in Nevada offers the last refuge for privacy in your financial transactions, relief from onerous tax burdens, asset protection and liability protection. It's a good idea at any time, but especially NOW, before the next sitting of the Nevada legislature.

It's Tax Free Nevada (The last of the "safe havens")

If you're looking for the benefits that incorporating has to offer, such as limiting your personal liability, increasing tax-free benefits, and raising capital through the sale of stock—taking just 5 minutes of your time to explore the benefits of forming a Nevada Corporation could save you and your company thousands of dollars.

Confirmed Sad News About Canadian Journalist Serge Monast

12/11/96 #1 HATONN

I ask that the report from Daniele Boudreau through John Ray be run in the paper, regarding SERGE MONAST. [see to right]

I ask you readers to be especially careful as to what you do about this and what you consider sending, for sometimes "help" of the wrong kind can cause a person to not qualify for "help". I refer to the portion of Boudreau's notice which refers to the financial plight of Mrs. Monast. If it is found that you have sent material support—this woman will NOT qualify for Canadian assistance. So, with this in mind I'll repeat the last paragraph of the "notice":

[QUOTING:]

... I have been informed Serge's wife is now alone and in ill health and has no insurance. She lost both her son and daughter to the state [H: Why?] and now her husband. She has no income or means of support (Serge had fourteen dollars on him when he died). Mrs. Monast speaks little English so it is difficult to communicate. She knew very little of Serge's business but does understand the impact of her situation and desperately wants her son back. [H: What about the "daughter"? This has always been a very bad situation, readers—very bad indeed, and there is always MORE than meets the eye in situations as is this. Be careful, please, what you do. And please, DO NOT IMPLICATE CONTACT IN ANY WAY OTHER THAN AS A PAPER NOTICING THE EVENT.] She will have to go on State Welfare in Canada, which won't permit assistance from any other sources or she is cut off from receiving any aid. This presents a dilemma but a "gift" written to a trusted friend will be appreciated, along with your prayers. Send correspondence to: DANIELE BOUDREAU, 86 RG. 8 OUEST, NOTRE DAME DES BOIS, QUE. CANADA JOB 2E0.

[END OF QUOTING]

Canada has better assistance with full medical care, readers, so let us not do anything which endangers her allowance for full coverage. If Serge did nothing more than earn her care from that State operation, it would be enough.

It is not easy to bring TRUTH to a dying world, readers. Don't think for a minute that "dying in" his wife's arms means he was not murdered. I suggest you refer to Peter Kawaja who also had his wife die in his arms, murdered by a blast of virus wherein she bled from every pore in her body—IN HIS ARMS with perpetrators watching. A heart arrest is perhaps kinder, but the message is different, isn't it? Mrs. Monast doesn't know anything and therefore doesn't need to be stopped. Let us begin to see these things for the reality of that which IS.

Dharma, I will let you go now because we need to attend some other very distant things which are stirring this morning.

IN MEMORY
OF

SERGE MONAST

December 7, 1996

It is with deep regret and sorrow that I announce the death of *SERGE MONAST* of Montreal Canada. *SERGE* collapsed and died in his wife's arms moments after arriving home on December 3rd. The official coroner's report confirmed his death as the result of a severe coronary. He will be missed and remembered by those who knew he risked everything when he released his many "investigative reports" through his *International Free Press of Canada*.

Twice before, *SERGE*'s death had been rumored by those who felt the impact of his exposure of the secret plans and activities of the NWO and the elite power brokers of the United Nations. Each time *SERGE MONAST* released new reports a tragedy would occur to him or members of his immediate family. The rumors of his death would be circulated to prevent or deter people from ordering his materials and to obscure the authenticity of these reports.

Last September following another release of new information, Serge and his 7 year old son, were picked up by the "authorities." Because of his prominence, Serge was released but his son was placed in a foster home to "protect him" from an unstable home life. His son was traumatized because this was the first time he had been separated from his parents and Serge was desperate to raise enough money to hire an attorney to get his son back. Several years ago Serge's young daughter was also taken, and never returned. It was claimed by the authorities that she was in an unhealthy home environment because she was receiving "Home Schooling" in a loving Christian home.

I have been informed Serge's wife is now alone and in ill health and has no insurance. She lost both her son and daughter to the State and now her husband. She has no income or means of support. (Serge had fourteen dollars on him when he died). Mrs. Monast speaks little English so it is difficult to communicate. She knew very little of Serge's business but does understand the impact of her situation and desperately wants her son back. She will have to go on State Welfare in Canada which won't permit assistance from any other sources or she is cut off from receiving any aid. This presents a dilemma but a "gift" written to a trusted friend will be appreciated, along with your prayers. Send correspondence to:

A Tip Of The Iceberg

Federal Advisory Committee Act

12/4/96 V.K. DURHAM

It was not any surprise to the American people when U.S. Representative Charles Keating's "charges were dismissed". Were they?

These U.S. Representatives who fail their duties, as per their Oaths of Office, actively engage in conflict of interest by heading up banking, financial mortgage, Savings and Loan operations, sit on county zone boards, and grant Hud Enterprise Zone Grant Funds to their club members. Adding insult to injury, when someone squeals over not divvying up the funds equally, these U.S. and state representatives activate the Judicial Branch, a little bad publicity, loss of Powers of Office of Public Trust, and a little jail time is spent. Loopholes are "discovered", judges impeached, and the "Old Boys Club" member is set free. Everyone shakes hands, kisses a lot of fanny, sucks up, has a celebration dinner, pats everyone on the back, tells everyone what a great job has been done, and how great this crook is and how good that crook is. A new committee is formed, and it's back "under the porch", boys and girls. Same game, just play nice for a little while.

In watching *CNN News* as related to some Oversight Committee hearings: The Office of Inspector General (Ms. Lau) was being questioned by the Oversight Committee concerning an unauthorized, subrosa, U.S. Representative(s)' verbal instruction to investigate the U.S. Secret Service as related to goings-on in the White House, when independent investigator Kenneth Starr had explicitly requested "do not muddy up the waters" of his investigation, which involves Whitewater, etc., which involve matters of criminal activity of members of the rich man's club (Old Boys Club), Chief Executive Officer and/or Chairman of the Board, one William Jefferson Clinton (Chief Executive of the U.S.) and spouse, Hillary Rodham Clinton.

Ms. Lau (Treasury Department), when questioned by the Committee, defiantly stated (1) Mr. Rubin was her "boss", but he did not have the power to fire her; (2) her qualifications for the Office of Inspector General (OIG) (law enforcement) was accounting; and (3) she vehemently advised this Criminal Oversight Committee: "It is our office that funds these committees", etc. In other words, Mr. Lau was telling the Oversight Committee to back up and back off or we will cut off your funds!

By now you are probably scratching your heads and wondering how in the Hey can that woman, as the head of the OIG, tell the Oversight Committee such a thing?! Well, it's simple as it can be: The powers of the President, under the *Federal Advisory Committee Act (FACA)*, have caused the President to be granted a dictatorship. He can appoint whomever he pleases whether they are qualified or not, to do his bidding with blind allegiance, and to Hell with the right and

wrong of the situation, and who cares if it is excessive misconstruction and abuse of power of Office of Public Trust—this is the prevailing attitude.

Congress had better take a long hard look at that *Federal Advisory Committee Act*. While they are at it, take a look at the ":001" international transactions involving: (1) the White House, (2) U.S. Treasury, (3) Department of Agriculture operating under :001, which operates against the law by using tax dollars as loans to foreign nations, and gifting of U.S. tax payer dollars to foreign nations, instead of applying the tax dollars to the National Debt. All of which is done under the powers granted by the *Federal Advisory Committee Act*. The act, which Congress admitted (and which was contained in the Act) was not fully reviewed and they are unsure as to the extent of the Act. How in the Hell can Congress pass such an Act which, in its entirety, is repugnant to the *Constitution* of and for the United States?! Moreover, Sec. 6 allows the President and his appointees to tell the U.S. Congress: "We are going to declare a National Security issue, and keep these acts of criminalities, unconstitutionality, and repugnancies, on a need-to-know basis with club members only." And, as Ms. Lau told the Oversight Committee, in so many words: "You can call us into as many hearings as you wish—you can't fire me, you have no area of jurisdiction over me. Mr. Rubin has no area of jurisdiction over me, only the President of the United States has Jurisdiction over me, and if you keep pushing, busters, we will cut off your Committee Hearing funds!"

Let's take a look at what is going on here. Everything which has happened in this nation, the loss of industry, loss of jobs, loss of homes, loss of farms, loss of Judicial Process for recovery of losses—all circles right straight back to the *Federal Advisory Committee Act*.

(1) The President of the United States, under the *Federal Advisory Committee Act*, can and does:

(a) Appoint anyone he so desires, qualified or not, to do his bidding,

to protect his interest in acts against Public Policy (which in 18 U.S.C. is directed to Public Trust Office Holder);

(b) Control the banking-finance industry;

(c) Utilize the Social Security Administrator (appointee) to access the Social Security central database dump, which contains information on all Americans, which can be added to or deleted at the will of the President of the United States, depending upon how desirous club members are of unlawfully, and unconstitutionally taking of prime properties such as the Keating Five S&L fiasco;

(d) Unlawfully use the Department of Agriculture (:001) base with the Federal Reserve Banking System Trust (these are generated when unsuspecting victims borrow money), take the amount of the loan, put an unauthorized life insurance on the victim/borrower's life; the Loan papers are sold off to Lord-only-knows who (DTC: Depository Trust Corporation, a subsidiary of the Federal Reserve), and the person's properties which were used as collateral are sold off. The borrower either has a heart attack and dies, or commits suicide, or in some instances has an accident of sorts. The insurance moneys on these victims/borrowers is collected by the club members, and a super fund is created. Example: A loan is for \$40,000.00 when it originates. The loan is then multiplied by 100 under borrowing-power ratios. That victim/borrower now has a \$4,000,000.00 unauthorized life insurance on his/her life. Folks, that is Murder Incorporated, in violation of 18 U.S.C. Rico Statutes. And again, it's the *Federal Advisory Committee Act*, committing treason and sedition against the government of the United States (the People).

(2) The People are shut out by appointees of the President of the United States who are members of the American and state Bar Associations, also known as judges on the benches of the courts of the People. What these appointed judges cannot stonewall, the members of the American Bar Association and the states' Bar Associations (by and through the Social Security central database "dump") access, add to, delete, slander, put in false information, preclude, estop and bar victims' access to the constitutional judicial system for remedy and recovery of losses of right and/or property, by imposition of computerized despotism. They

cause cases to be predetermined before they are set before the courts, by what is contained in the database "dumps".

(3) All those big insurance companies also underwrite the Fed. This is a conflict of interest! Very few insureds have been fully paid for their losses.

Who decides what insurance company is going to underwrite the Fed? The *Federal Advisory Committee Act*; it falls right back into the lap of the President of the United States. Why?

(a) The country is run and controlled by the *Federal Advisory Committee Act*, right out of the Office of the President of the United States and his non-qualified appointees, who commit acts which, in the event an ordinary American citizen would commit, the ordinary American citizen would end up on death row! However, it's a horse of a different color when the President, and his appointees, can abuse and misconstrue powers of the Office of the President of the United States, by:

(1) Misusing, abusing the powers of the Office of the President of the United States, under the *Federal Advisory Committee Act*, to

(a) Use appointees, delegees, nominees, committees etc., to obstruct justice, by and through the *Federal Advisory Committee Act*;

(b) Misuse, misconstruction and abuse of Social Security central database "dump", which allows private and privileged informations on individuals to be accessed by insurance companies and member of the Bar Association, whereas said informations can at that time be added to or deleted to suit the needs of the appointees, delegees, nominees, agents, agencies, etc., to be used against the persons who paid tax dollars to insure themselves (Social Security Administration), by purchasing insurance policies (which, in the event of an accident or fraud on mortgage or banking loans, must hire Bar Association members), and go before a court, before an appointed judge, only to have the case determined by the information in the computers, which have been accessed by the appointees, delegees, nominees, committees, Bar Association members, and insurance companies. The victims suffer despotism (meaning controlled, corruption of law, making the real constitutional law unavailable) before a court of alleged law, before a judge (who sometimes wears nothing underneath his robe but his underwear).

This judge may have already sat at his desk, pulled up the Social Security database central "dump", which previously [and rightfully] contained privileged information on persons who acted in good faith, paid into their Social Security Trust. This system allows, unauthorized by the payers, access to those privileged information, contracted by the people into a "plighted faith U.S. Treasury Trust" (Social Security Act, XLIX [1935] U.S. Statutes at Large), which can be added to, or deleted by access of appointees, delegees, nominees, committees, etc., including the American and State Bar Associations, who are at liberty to add or delete at a whim and to have the case of issues of rights of contract or whatever, to be determined by appointees, delegees, nominees, agents, agencies, or the *Federal Advisory Committee Act* President's men/women. This is unconscionable, and repugnant to the *Constitution* of and for the United States!

The *Arkansas Democrat*, December 1, 1996 article quotes Franklin D. Raines, the new director of the Office of Management and Budget (a *Federal Advisory Committee Act*, Presidential appointee), has so little Capitol Hill experience that he whimsically displays in his office a mock handbook titled *Testifying Before Congress for Dummies*.

The OIG (Ms. Lau, in so many words) advised the Oversight Committee as to who allocated the moneys for these Oversight Committees to "investigate". And did so with deliberate, evidenced contempt for the Oversight Committee, with a glare in her eyes that said in so many words: "Back up and back off, I'm the President's property and you have no area of Jurisdiction over me!"

Congress does have Jurisdiction, it's called Repeal and Rescinding of an Act of Congress which is repugnant to the *Constitution*. Of course, when the Speaker of the House is nearly under indictment, and under investigation, as are the President and his wife, the U.S. Congress and Senate slap each other on the back with the gay abandon of con men and hustlers on the street, congratulating each other for jobs well done. While the *Federal Advisory Committee Act* and the President's men and women invoke Sec. 6 of the *Federal Advisory Committee Act*, and declare National Security and tell Congress and the Senate: "You do not have an area of jurisdiction. So what if we destroy evidence—it's none of your business. It's National Security, at our discretion. So what are you going to do about it?" This is the prevailing attitude of the Executive Branch and appointees, delegees, committees, agents, agencies, etc. They are above the law and evidence contempt for Oversight Committee Investigators, for the independent counsels, and/or any other thing which they consider not with standing against these acts against Public Policy—which boils down to one thing, and one thing only: Mob rule under a *Federal Advisory Committee Act*-allowed monarchy.

Unless the U.S. Congress, and the U.S. Senate wake up and do what they were hired to do, the President's

News Report: U.S. To Strike Iran

REPORT: IRANIAN LEADER SAYS U.S. "HAS DECIDED TO STRIKE"

London, Dec. 16—Iran's supreme leader, Ayatollah Ali Kamenei, says the United States is prepared to launch an attack against Iran, according to a report in today's *London Times*.

The newspaper also said Kamenei has warned that such an attack would have consequences for any nations that are "enemies" of Iran.

A separate story in the *Times* reported that the United States has made contingency plans to attack Iran if evidence supports charges that the Tehran regime was linked to a June bombing of an American barracks in Saudi Arabia.

The newspaper, however, reported that the Pentagon said Sunday that no action would be taken until U.S. officials received "complete confirmation" linking Iran to the bombing.

While speaking to Iran's main fighting force, the Islamic Revolutionary Guards Corps, Kamenei said Saturday: "The American Administration has decided to strike. They did not say so, but evidence indicates this." Iranian officials and businessmen speculated that some targets of an attack could include Iran's unfinished nuclear reactor at Bushehr, oil facilities and a network of camps that the U.S. alleges are used as training facilities for terrorists, according to the *Times*. Another possible target is said to be two disputed islands in the Persian gulf, which Tehran has fortified in past months.

While referring to the United States as the "Great Satan", Kamenei added thinly veiled warnings against Saudi Arabia and other nations in the Gulf.

men/women can go down our streets, point a finger and decide who gets wiped out and who lives. At this point in time, they are systematically using the computers of the Social Security central database, appointees, individuals, employees, delegees, nominees, agencies, agents, etc., to threaten, coerce, intimidate, blackmail, intermeddle into estates, impede justice, obstruct justice, obstruct criminal evidence from being set before a U.S. District Court Judge, and more specifically: of a homicide and acts of concealing of a homicide.

When demands for privileged information were denied to the Social Security Administrations' Presidential appointees, individuals, employees, delegees, agents, agencies, etc., relating to criminal matters to be set before a U.S. District Court judge, the Social Security cut off my disability income. Well, Mr. Clinton, Mr. Keating, you were so desirous of obtaining information, you knew of a homicide, the photos were sent to the President of the United States who is bound by Oath of Public Trust Office, to preserve, protect and defend the laws of the *Constitution* of and for the United States; you sat and did nothing about criminal acts, and homicide—absolutely nothing; under the law, you became an accessory after the fact, if not to the fact/act.

V. K. Durham

"Any aggression or attempts to make Iran insecure will make the Persian Gulf more insecure for the enemies of the Iranian nation, particularly those living in glass houses," the *Times* quoted Khamenei as saying.

The *Times* cited developments last week that Louis Freeh, director of the FBI, had been passed intelligence by the Saudi Arabian Government linking a group of Saudi Shia Muslim extremists to the bombing of Khobar Towers in Dhahran, which killed 19 Americans.

Confessions of at least 40 of the Shias, combined with electronic eavesdropping by the Saudis, were said to confirm that the group had been sponsored by Iran and had strong connections with Iranian intelligence, the *Times* reported.

The story also cited reports in Washington that Iran has allegedly been flying at least three 747 cargo-jet loads of weapons into Syria every month for shipment to Hezbollah, the radical Islamic group in Lebanon.

The story says the White House is expected to face pressure from Republicans if any concrete link is made showing that Iran sponsored either the bombers in Dhahran or upgraded Hezbollah's arsenal.

Iran has denied involvement in the bombing at the barracks in Saudi Arabia.

The report says that while the Pentagon has tentatively concluded that the Shias were responsible for the Saudi bombing, officials say the evidence must be incontrovertible before any action is taken. The story also notes that some intelligence analysts in Washington believe that Saudi Arabia may be making a deliberate attempt to destabilize Iran.

"We have to be sure that we're getting into here," a senior member of the National Security council is quoted as saying. "All the information from Saudi Arabia must be confirmed by us and others before anything is considered."

Nevertheless, the Pentagon wants to be prepared for any eventuality, thus reportedly is in the advanced stages of planning a response for Iran, the *Times* report said.

Jewish Control Of The Media Is The Single Most Dangerous Threat To America

12/17/96 DR. AL OVERHOLT

[quoting:]

JEWISH CONTROL OF THE MEDIA IS THE SINGLE MOST DANGEROUS THREAT TO AMERICA

If you lack soldiers, you conquer with media

QUIZ: If you're a Zionist Jew and want to control the largest Christian country on Earth—but don't have the soldiers for military conquest—what do you do? You gain control of every news, entertainment, and educational medium of thought and expression (hereinafter shortened to "media"). This control allows you to create a thought-shaping dictatorship.

Jewish control of the media is no secret

Jewish control of the media can be verified by the reference section of any large public library. Look into current editions of yearbooks on the radio and TV industries; into directories of newspapers and magazines; into registers of corporations and their officers, such as *Standard and Poors* and *Dunn and Bradstreet*; and into standard biographical reference works. It is all there, nothing is hidden.

Jews dominate thought-shaping professions

Your research will disclose that Jews once again have employed their ancient strategy of gaining control of the crucial thought-shaping professions in the host country. Hollywood, NBC, ABC, CBS, Turner, newspapers, magazines, books, TV, most of radio—all are now in one or two Jewish hands. Most important of all, Jews are vastly over-represented in the key positions within the educational world and control the publication of all school materials, *including textbooks that shape Christian children's thoughts!* The transmission of Christian culture is in Jewish hands!

All media speak with a single Jewish voice

Thus, one way or another, Jews have constructed a vertically integrated media monopoly that dominates almost every single medium of thought and expression. Each individual medium's voice reinforces the voice of all the other mediums. TV, radio, newspapers, magazines, books, motion pictures, education—all the

thought-shaping professions—speak with a single Jewish voice. Jews control what the American people see and read and hear—in other words—our minds. Jewish mind control is pumped into captive Christians night and day, shaping and molding the opinions, values and thoughts of virtually every American, young or old, simple or sophisticated.

Jewish ideas are anti-American & anti-Christian

This is not necessarily bad. If the ideas shaped by Jewish mind control are fair, balanced, middle-American, pro-Christian—no problem. But that is not the case. As will be detailed below, Jewish mind control is unfair to White people, un-balanced, hard-left liberal, and anti-Christian. This presents a terrible problem for the survival of Christianity.

President Nixon warned about Jewish threat to America

President Richard Nixon warned about "the terrible problem arising from the total Jewish domination of the media." (Pg. 405, *The Haldeman Diaries*, G. P. Putnam's, New York, 1994). In his last press conference, Nixon said the media should be investigated for abuses, warning that the media would not have doctors or politicians investigate themselves for abuses, but "we are taught that editors, reporters and broadcasters have a unique capacity to ensure that they themselves act responsibly." (*Assoc. Press* 4/30/94).

American Jews are OK, Zionist Jews no!

The NAAWP assumes that all Jews in this country are good, patriotic Americans except the one or two Zionist Jews standing at the top of the media pyramid. They appear to have dual loyalties, and seem to be following the historical Jewish pattern of dividing and conquering the host country. Perhaps this is why Hollywood and TV are destroying the Christian-family-values glue holding this country together.

Jewish mind control is slick, silent and almost invisible

The attack on Christianity is not out in the open, but under the covers. It is slick, silent, and almost invisible. No billboard descends before your eyes warning that you are about to be brainwashed against Jesus. Instead, your mind is controlled very subtly, below the level of your awareness.

The most powerful tool Jews use is omission. They simply omit all information helpful to Christians. Then they twist and distort the rest by the way it is covered: which items are emphasized, which are played down, the choice of words, tone of voice and facial expressions, the wording of headlines, choice of illustrations, etc.

All of these techniques are so subtle they are almost impossible to detect, yet they can make day into night, make left look like right, and so on.

Brainwashing by context—the situation controls

The main technique Hollywood and TV use to brainwash us is the *context* of the program. *Context*,

It is obvious for all to see, but if you dare mention that Jews control the media, you are hit with the grenade "anti-Semite." (9/19)

the situation, is not everything—it is the **ONLY** thing. It controls all. Jews are masters at manipulating us in this way. For example, a Black will bed a White girl. The *context* could be shown in one of three ways: a) negative; b) neutral; or c) positive.

But notice the *context* is almost always positive—all their friends on both sides will be shown laughing with joy and applauding with approval. The racially mixed couple will be liked, respected, and socially sought after by other characters. QUIZ: When was the last time you saw a **negative** portrayal of a racially-mixed couple? Right—hardly ever! The same thing happens with a “take charge” Black scholar or businessman, or a sensitive & talented homosexual, or a poor but hard-working illegal Mexican.

On the other hand, a “racist”—that is, any White person who disagrees with the attitude the movies or TV says he *should* have—is portrayed as a despicable bigot. How? Easy! Just make the *context* **negative** this time. Show the other characters reviling and sneering at him, avoiding his company, saying hateful things about him behind his back, etc.

Another example is gun control. Jews want to get guns out of Christian hands in case we wake up to their hidden agenda to destroy us, and come for revenge. This is done by having the *context* show White men as dangerous psychotics, extremists who are fascinated by firearms and a menace to all law-abiding citizens. This **negative context** is not the unusual, but the usual. In fact, it is so familiar that the White racist “gun nut” has become a stereotype, creating the false impression that **most** White men are not OK.

Christians are unconscious to Jewish threat

The average American is able to distinguish between these fictional *contexts* and the real world only with difficulty, if at all. Why? Because it takes concentration, study, awareness—things Joe Six-pack is trying to avoid by looking at the boob tube in the first place. He doesn't want to work at studying Jewish propaganda techniques. After a hard day's labor, he wants to let his mind slide, go unconscious, and be entertained.

Christian **unconsciousness** to the Jewish threat is why most of us respond to the actions, statements, and attitudes of characters in the play, movie, TV, book, etc., much as we do to real life. We let the real world be replaced by the false world of Jewish *context*. This means the anti-American, anti-Christian brainwashing goes straight in, un-filtered and un-questioned.

Jewish anti-Christian propaganda is plugged straight into our minds (over)

Tyranny of the “Jewish Shoulds” rules our minds

It is to the false Jewish *context* that our urge to conform responds. For example, when Jews arrange the *context* to have the characters believe and approve of Christian family values being horribly out of date, they exert a powerful, secret, invisible social pressure on millions of viewers to agree. This psychic pressure is known as the “Tyranny of the Jewish Shoulds,” a tyrannical, irresistible pressure on your mind that tells you that you **should** feel the same as the *context* in-

structs you to, or you are a sinner, a bigot, someone unworthy, an undesirable, unfit person who should feel **guilty!**

“Jewish Shoulds” brainwash Americans into a suicidal mindset

The guilt-tripping of the “Tyranny of the Jewish Shoulds” is why a whole generation of Christians feel tremendous pressure on their minds to believe that *all* Christian preachers and priests are corrupt; Christians on the political right are *all* bigoted; *all* Christian family values are hopelessly out of date; homosexuality is a normal, acceptable and morally equivalent way of life; children know better than their parents so they shouldn't listen to them; *all* questions about Jewish influence in America are proof of anti-Semitism; *no* White Christian civil rights group has legitimate concerns or honorable motives; *all* efforts by Whites at racial self-preservation are reprehensible bigotry and racism; it is wicked to try to halt a flood of non-White aliens from pouring across our borders; it is *always* too dangerous for citizens to keep and bear arms; a “pluralistic,” cosmopolitan, multicultural society is *always* more desirable than a single culture; there is nothing at all wrong with White women bedding Black criminals; America is a racist country built on the backs of Blacks; *all* Whites are guilty of the racism that causes **perfectly equal** Blacks to fail in this society, and so on.

This mindset is destructive of Christian family values and racial harmony. It divides and conquers this nation far more effectively than an invasion by Jewish soldiers.

Jewish influence is no secret, just unmentionable. Jewish power and influence in America is no secret. Jews are proud of it and boast amongst themselves constantly that they “have America in their hands”. It's just that Christians can't *talk* about it. It is unmentionable, because the Jewish Thought Gestapo have gagged the American people.

How? By denying the *possibility* that any question about Jewish influence can come from legitimate concerns or honorable motives. Jews brand every questioner anti-Semite, whether they are or not. This lasts *forever*, which is why Jewish power to end careers is legendary. For the rest of his days, he is treated as if he were a Nazi with ovens hidden behind his back.

Christians are so thoroughly brain-

washed that there is *no possibility* in anyone's mind that a person branded “anti-Semitic” could be innocent.

Jews have perfect mind control over Christians

ATTENTION! The fact that there is no space in Christian America's mind for even the *possibility* that someone branded anti-Semitic could

be innocent, is a description of total mind control, complete mind control, perfect mind control. This puts our Christian head in the Jewish lion's mouth.

“ZOG,” Zionist Owned Government

Control of the minds of the people translates into control **EVERYTHING**—politicians, the Presidency, government, bureaucracy, courts, law enforcement, the national culture, the national morals, the national religion, and so on. In short: America! In Christian activist circles, Jewish control of this nation is known as Zionist Owned Government, or “ZOG” for short.

Invisible ZOG controls the visible government

There are two separate and distinct governments—one visible, the other invisible. The visible government is the one we vote for [*The one they steal through computer vote-scams.*]. The invisible government is ZOG, whose hidden hand pulls the visible government's strings—not for the benefit of Americans—but for the benefit of Zionist Jews.

ZOG rules the world thru the “New World Order”

The most powerful men in the world are not presidents or kings or generals, but the Zionist Jews standing at the top of America's media pyramid. There is no greater power on Earth today than in these one or two hands. No king or pope of old, no conquering general or high priest masquerading as God, ever enjoyed power even *remotely* approaching that of the Jewish Thought Gestapo who control the American people and government.

If Jewish control were pro-American, no problem. But many, **many** people are starting to think that ZOG is a vampire bat, sucking America's blood.

Jews don't have to own to control

Our Jewish Masters do not have to own something to rule it. For example, newspapers are not supported by their subscribers, but by their advertisers. It is advertising revenue—not the small change collected from a newspaper's readers—that largely pays the editor's salary and yields the owner's profit. This is why a newspaper, TV station, etc., may be owned by Christians, but it is so thoroughly dependent upon Jewish advertising revenue that its editorial and news reporting policies are controlled by Jewish likes and dislikes. Jews are very cunning. Nothing is written down, they leave no paper trail to follow, no fingerprints appear anywhere. Everything is verbal—“do what we like or we'll cancel our ads.”

Faced with no large ad money coming in, and being suddenly, mysteriously deluged with labor and legal troubles, shortages of supplies, late deliveries, defective parts, etc., virtually all media outlets cave in to Jewish terrorism. In the media as elsewhere, he who pays the piper calls the tune.

The Jewish Police-State dictatorship

American Jews routinely claim they are **not** a distinct nation within this nation, do **not** have dual loyalties, and do **not** have a hidden Zionist agenda. They claim they are “merely a religion”.

This is a lie. Jews may differ among themselves about many things, but in the matter of protecting their \$\$ control of the American people and government, they come together and act like a secret, well-disciplined army. Jews have constructed in this

nation the same organization, iron discipline and rigid control that allows tiny Israel to thumb its nose at angry Arab mobs outnumbering them 100 to one. To secretly replicate the state of Israel's effective crowd-control in America is a task so enormous that it proves Jews are not "merely a religion" as claimed, but an invisible nation within a nation. It is impossible for our Jewish Media Masters to have imposed the Thought Dictatorship they have over Christians without being an invisible, secret, well-disciplined army in civilian clothes.

Are Jews Gods?—beyond questioning?

Jews so perfectly control the Christian mind that they inhabit the lofty domain reserved for Gods, high above all questioning, far beyond any inquiry. We dare not object, because for a Christian to question a Jew in America is a sin, an awful display of "anti-Semitism".

Our Jewish Gods hand down laws dictating what we Christians are permitted to think, feel, *be*—with no input, no feedback from us. In this Christian country, Christians are not consulted! We have no power!

If this is not a description of a Police-State Dictatorship, what is? There is not a dime's worth of difference between Hitler and Stalin's Dictatorship and the Jewish one here in America. The only question is, do Jews intend to destroy this Christian civilization?

Intent can be reasonably determined

How do you determine someone's intentions toward you? "Intent" is an invisible thought, which is why you can't cut someone's head open and find a lump of intent. Although you cannot see intent directly, you can see it *indirectly* by looking at the facts and circumstances surrounding an event.

For example, if you see someone standing over a dead body with a smoking gun, you can see his intent, his hidden mental agenda. This brings us to the media's intent toward Christian White America. When asked, media persons deny they intend harm to the White Majority. But their anti-Christian, anti-White actions drown out their words....

(A Perspective From Inside The U. C. System)

This is an example of how the Khazarian Zionist Jews are dividing to conquer. These Latinos don't know who their real leaders are. They mostly are sheep being led to the slaughter like most others of all races.

[From a FLYER with above publication, quoting:]

As a student of the University of California Riverside, and as an American who loves and cares about this great country of ours I have some very disturbing information that I must relay to you.

Ever since my first day of attendance on the U. C. campus I have been disgusted and dismayed at what I have seen and heard on the campus and in the lecture halls. Since day one there has been an endless barrage of hate America speeches, Flag desecrations, Burn SP-1 & SP-2 demonstrations, oil soaked burning tires blocking the streets, hard-core racist Mexican nationalists and Brown Berets in uniform waving the Mexican Flag while pointing their fingers or raising their right fist and screaming into a microphone about White racism and elimination of the White devil in the name of God.

Speeches about the bloodthirsty Christopher Columbus, George Washington the compulsive liar, Abraham Lincoln the master racist, Carl Marx the enlightened one, and "minorities can't be racist" is common at U. C. R. All day long Marxist presentations named "Disturbing the Peace" sponsored by Global Studies and self proclaimed Marxist sociology professors. Topped with the most hateful racist literature you can imagine, elevating Mexican nationalism and Marxism to a grand level. A wood shack erected in the middle of campus was used as a billboard to spray paint messages like "KILL THE WHITE MAN!" "WILL SOMEBODY PLEASE SHOOT PETE WILSON" "AMERIKKA MUST FALL!" "PUT YOUR HOODS BACK ON, WHITE AMERICA!" [*Can you imagine what Jews would do to a White non Jew sympathizer who put messages like this in public?*] Authorized and encouraged by our Chancellor Raymond Orbach it was left there glaring for many weeks so as to grind it in the face of every student.

Before I attended U. C. R. I thought illegal immigration meant people came over to obtain free services or a job. Not so. The reality is that it goes way beyond this. There is a tremendous movement inside America today, but it is not a movement by or for Americans. It is a movement currently under way and it's right under our noses. It is called the liberation of Aztlan!

While there are many different "RAZA" (i.e. the Mexican race) groups on our campus printing distorted or misleading statistics, revising history and shouting chants of hate and venom, MEChA and The Coalition (the two most vocal and active hate groups) are personally endorsed by our Chancellor Raymond Orbach and financially supported by student fees and tax dollars. Of course, all of these politically correct groups claim to oppose racism, hatred and bigotry—but they are doing everything they claim to oppose. And our Chancellor Raymond Orbach supports them in the name of tolerance, fairness, kindness and multiculturalism.

Ever since I arrived at U. C. R., I have listened to their hate speeches and attended their global socialist workshops. Posing as one of them, I sat in the middle of a room full of quasi-gangbanger Brown Berets, militant feminists, homosexuals, and red flag Marxists and forced myself to agree and converse with their hate-America agenda and even laugh at their illegible jokes. I have compiled their disgusting literature with the hope that somehow I could get this information out and make it public. It seems nobody else on my campus cares.

This is nothing to laugh at or take lightly. The people involved are completely serious, have substantial growing membership, maniacal enthusiasm, their own offices, money, press, and receive support and coaching by sociology, ethnic studies, Marxist studies, and the majority of U. C. professors. Most importantly, the oppressive atmosphere of hate and intimidation goes virtually unopposed on our campus. There is potentially one student club on campus (Young Republicans) to counter this left-wing landslide of indoctrination, but even they are too afraid to even meagerly

support C. C. R. I. for fear of offending someone or being labeled as racist.

It wasn't too long ago when a couple of fraternity brothers were surrounded and roughed up by a mob of angry MEChA members for printing a fraternity T-shirt that didn't strictly follow their code of political correctness. In an attempt to appease MEChA, Chancellor Orbach proceeded to disband the fraternity from our campus. Fortunately the fraternity received some outside help from one of our friends and defeated Chancellor Orbach in a lawsuit.

What I have learned is that there are two very different and separate cultures among us. One is "La Raza", the other is the apathetic American. The Aztlan movement is very well known within the Hispanic or "Raza" community and not just in the universities. It is propagated at the community colleges, high schools, barrios, Mexico, and quite heavily among those incarcerated in the prison system. This is not to say all Mexicans think this way, but many do. Possibly a majority. There is an extensive plan and a strong desire to take over what they call occupied America or Aztlan. This includes all states along the Southern border such as California, Arizona, New Mexico, Texas and various others. Although this is not a new idea, among themselves and their community this is a movement that they are beginning to see as a possibility. They perceive America as weakening while their political power and sheer numbers are growing. There are publications that call for violence and others that simply say time is on their side. There is a powerful, almost spiritual unity among La Raza. Something Americans are badly lacking in. One way or another they see themselves as an oppressed race and they really hate us for it; they want to make us pay.

I'm sure that as soon as Chancellor Orbach, MEChA, Voz Fronteriza, Nuestra Cosa, The Coalition, or Brown Berets gets hold of this, they'll be looking for me right away. But this will not stop me from standing up for my country, my land, my people and beliefs. I love America and I am going to do something about it.

Please read every square inch of the cop.es included in this packet. I could try to explain with several pages the extent of what I have seen and heard, but why listen to me? Their words explain it best. This is a small sample of a problem we will soon be forced to confront.

/no s/ anonymous with reason

P.S. When you are finished please give this to a friend or send it to a reporter or politician who gives a damn. [End quoting]

The real leaders behind this type of sabotaging of our country will be found to be the Khazarian, Zionist Jews. Their goal is to divide and conquer and then destroy the fools who were the stooges to work to bring it about for them!

WHEN ARE WE GOING TO WAKE UP AND STOP THIS MOST EVIL AND DEADLIEST GROUP OF PARASITES EVER ON THIS PLANET ??

More Thoughts On Herculobus, Nibiru And The Present Moment

12/12/96 RAY BILGER

Written languages are, at best, cumbersome tools for attempting to convey concepts about the vast created Universe of which we are but a tiny part. And yet, if we are to understand something of the nature of the Universe and our life and existence within it, some means, no matter how inadequate, must be found to give an idea of what it is like. We are then left with having to use words to attempt to explain the unexplainable.

Words and concepts can be both fallible and misleading. They are not absolutes. Since our perceptions and our understanding are not perfect, but are in a constant process of awakening (as with this writer), we must not confuse the words and concepts with the realities they represent.

Some statements made by this writer in the Front Page article of the December 3, 1996 issue of *CONTACT*, concerning the Imminent Return of Herculobus-Nibiru, could be somewhat confusing in the context in which they were given. It is for all of the above reasons that certain clarifications might be in order at this time. As well, some expansion of the ideas earlier presented would also be beneficial in this critical transition period.

Herculobus and Nibiru may not necessarily be the same object or entity. They do, however, appear to be inextricably linked in their mission and purpose. According to renowned author Zecharia Sitchin, who has conducted thirty years of intensive research into deciphering the ancient Sumerian texts, and who thus appears to be this planet's foremost spokesperson on the ancient Sumerian cosmogony (see end of this article for information on his books), Herculobus (also presently known as "Comet" Hale-Bopp, according to Commander Hatonn) is the "harbinger" of the return of Nibiru, our Twelfth Planet. Mr. Sitchin contends that Herculobus and Nibiru are on the same 3,600-year orbital path, and that Nibiru is somewhere soon to follow.

It is the planet Nibiru that was intimately involved in the formation of the Solar System as we know it. It is Nibiru that is the home of the Anunnaki (also called the Nefilim in the *Bible*), who first came to Earth some 445,000 years ago. Nibiru is also known as a "Planet of God".

Herculobus, on the other hand, is what is now being referred to by Commander Hatonn as the "Comet" Hale-Bopp. It is Herculobus that is known as the "Planet of Bitterness", also called Wormwood in the *Book of Revelation in the Bible*. Herculobus may well bring incredible diseases to our planet which would mean death to large segments of humanity, but Nibiru could as well straighten things out here by other means

that the Nefilim might employ!

Thus it is that the differences and distinctions between Herculobus and Nibiru are not necessarily as great or as important as is the necessity for we humans of planet Earth to be woken up by the likes of such harbingers of change so that we might "straighten up our acts" in this Great Cosmic Play we call Life.

Consider, in the energy framework that exists beneath manifest matter, that Herculobus may only be a thought-form, constructed from all of the negative thoughts of humans on this planet, built up over countless eons. (Remember, we are but thought-forms in the Mind of our Creator.) These negative thought-forms are the stuff that wars are made of, the harbingers of death, the agents of disease and destruction. With the energy that we give those evil thoughtforms through our attention, they have the strength to cripple a planet and all of its inhabitants. But it doesn't have to be that way.

This is why it is absolutely essential in these closing days of this Great Cycle to release those thoughts completely. Let them become a part of the past, where they belong. And don't spend undue time in contemplation of the future. Life exists eternally in the present, and that is where our attention must be.

To quote from one of the *Phoenix Journals* (see end of article for more information):

"What do you call Satan? His body is the past, his breath, the future. Energized by your past-oriented guilt and your future-oriented fear, he follows you around like some vast cosmic shadow."

Does that sound anything like Herculobus??? It is easy enough to reverse this situation, yet people usually seem to prefer the difficult path. You must remove your attention from the past (which has been spoiled by the lies given to trip you up along the path of experience) and instead experience in the present moment. When your attention is totally in the present moment, you are in the Presence of Creator and Creator is present in you!

When you learn to experience in this way, you begin to realize that specific information regarding each and every situation is being supplied to you continuously by the Source of Infinite Knowledge. How many are aware of it? We have all the pertinent information in the Universe available to us all the time, simply for the asking. When you are fully aware of your infinite totality, the Life-Impulse will transmit to you everything that you need to know in any given situation.

You see, your Creator's identity comes into being only as HE enters the context of HIS relationship with you. When we of the Ground Crew are no longer needed in this capacity, we, and our Creator, will merge back into the Being behind all being. There we all shall remain in the unity and fulfillment of the One-derous Light until the next impulse comes to send us on another mission. At this particular time, however, it is urgently mandatory to bring humans to the same level of awareness as our Creator so that there be at least a remnant of truth to extend through the physical

and into the birthing and presence of the new.

The messages that the Heavenly Hosts reveal are the keys that unlock your own latent informational input systems. They are here at this time to put you in direct contact with the Source of all information, for the time is at hand for the remembering—you have slept long enough. Their mission is to bring an awareness to all human beings who are able to respond to a state of understanding present prior to the veil of "forgetting". When we entered this human physical dimension we knew full well and understood that we would not remember what was on the other side of the veil—the invisible dimensions of the Higher Lighted Realms. This was so that we would appreciate the physical experience for the opportunity it offers to learn our lessons of Love and Light in the course of remembering who we are in reality. If we are to move to Higher Understanding, it must be from the aspect of the physical plane manifestation through the remembering of who we are in reality (our non-physical, Soul-self).

If we are to turn this Earthly mess around, it may well be as stated in the same *Phoenix Journal* earlier quoted:

"As this new awareness increasingly filters into every-day levels of human function, and as more and more individual human cells become aware of what is taking place, the change will accelerate exponentially. Eventually, the psychic pressure exerted by a critical mass of humanity will reach levels that are sufficient to tip the scales. At that moment, the rest of humanity will experience an instantaneous transformation of a proportion you cannot have a way of now conceiving. At that time, the "spell" which was cast (on humanity) through the years past, when you plunged into the worlds of good and evil, will be shattered forever."

Even now, with the Truth being spread to the four corners of the Earth, the spell is beginning to lift. The creative powers of the Universe are at your disposal—at your fingertips—all the time, wherever you are. This always has been so and always will be. We must learn how to utilize them. If your intent be evil, or less than perfect, you shall not be entrusted to know or experience any of it. But, if your intent be selfless and for the highest good of all mankind, then you shall learn to use these powers. You can communicate directly with your Creator.

When you begin to understand, you will realize that we live today in a world of opposites. Our politicians say one thing, and when they do finally decide to act, they do something completely different. Good is the opposite of evil, but some are tricked into believing that evil is good! Confused? This is why someone once said our life is a labyrinth of contradictions. But once you clearly begin to live in truth, in the eternal present, the confusion will cease and the knowledge which leads to wisdom will begin to unfold.

We, all of us, are simultaneously functioning in two realities at the same time. This is the natural state of affairs for those experiencing in the human physical dimension. Before we came into this dimension, we were existing on the other side of the veil from your self that is reading this. Now that you are reading this, you must come to understand that it is your temporal, ephemeral, physical self which is reading this, and that your eternal Soul-self, of which you are an integral part, is already aware of the information this article represents! There is no separation in reality. All is One. The real you is that which lies beyond all duality. In the apparent duality, "you are Life as it relates to planet Earth, eternity as it relates to time, the infinite as it relates to the finite."

To overcome the negative impact we must come back into recognition of that which we are in reality. Just as we have created the mess which we are now experiencing in the world, we shall have to create the mode to overcome and grow above and beyond this illusion. Those who tune in to the new Higher Frequencies and patterns of Love and Life will find life growing more wondrous every day. But those who tune in to fear will find their world falling apart. You will

create your own transition; if you choose it to be, it shall be glorious.

We are the Love of Creator, embodied in human form. Through the power of our Love, we create. We are in the service of the Universal One to create beauty and to enjoy all that has been created. The evocation of beauty and the description of truth: this is our purpose. It is the purpose of Life, and the very purpose of the Universe itself!

In the article by this writer in the December 3, 1996 issue of *CONTACT*, mention was made of the fact that "We shall soon see many starships visiting us." Regular readers of *CONTACT* and the *Phoenix Journals* should be aware that there are thousands upon thousands of spacecraft from all over this galaxy and beyond, out there in near space to this planet, observing what is now happening here, i.e., our great Planetary and Solar Transition, the battle between good and evil, and the great awakening of humanity. For those who may not be aware of all this, the reason there are so many visitors from elsewhere is because what we are confronting right now, at this very moment, involves certain fundamental issues that will have to be faced again and again on numerous other planets in other star systems. As long as the Universe continues to unfold, human beings on growing, evolving planets will face the same fundamental issues we are facing today. They will have to choose between being ruled by what they love or by what they fear.

The Angels of Conception who are guiding universal development seek to minimize suffering on as many worlds as possible. It is not necessary that all those other worlds should have to experience the starvation, suffering, disease, deprivation and warfare which we have experienced through our rejection of our spiritual and soul selves. If major lessons can be learned from what we are now experiencing on just this one planet, then genetic immunity can be built into future generations elsewhere.

The question is, will our visitors watch us relive the same weather-beaten old script that always ends the same way, or will they witness an enlightened, awakening humanity which throws off those old chains that bind, and fulfills its cosmic destiny among the stars? It appears that we may actually be awakening to the reality of our own divinity. There is hope!

Robert Morningsky, a Native American (Hopi and Apache), has long been respected for explaining Hopi prophecies as they relate to mankind and to unfolding events in the world today. He has recently revealed information that seems to indicate that the Hopi prophecies and the ancient Sumerian texts may be in accord.

As Mr. Morningsky explains it, Hopi prophecies are not the product of legends or psychic predictions. They are grounded in what has been passed down from the ancient ancestors, back to the records of the Anasazi who predate both modern history and the Hopi. These prophecies are essentially a study of ancient history based upon what has been observed over thousands of years. The Hopi have recognized certain patterns which appear to repeat themselves and thus provide a basis for what might be expected to happen again at a certain time in the

future. Always there are signs which act as guideposts to let us know what to expect.

Among the extensive Hopi prophecies is a story about two brothers who are given the task of caring for the Hopi people and the Earth in general. The younger brother is instructed by the Great Spirit to remain behind to live with the Hopi, to walk the land and discover things about Mother Earth. The older brother is instructed to go to a specific distant point or destination and, as soon as he reaches it, he must return. This has been construed to refer to an orbit, suggesting that the older brother, also called the Great White Brother (or "Bahana" in the Hopi text), is a heavenly body. The prophecies state that when the Great White Brother returns he will be accompanied by another entity known as The Purifier.

As the story goes, Bahana assesses the situation to find out what kind of reception he will receive from the younger brother and the Hopi people upon his returning to Earth. If the world would accept Bahana in the old ways, in the traditional fashion, then there would be peace and happiness. However, should Bahana find that the people of Earth have lost the old ways, that they have lost their connection with the traditional ways of respect for Mother Earth, then he would send in The Purifier to cleanse the Earth. The Purifier manifests the Day of Purification.

Hopi prophecies state that a procession of heavenly bodies will make their appearance at this time. The beginning of this procession will be marked by the appearance of "the long-tailed comet" which, in

Hopi prophecies, is surrounded in mystery. Mr. Morningsky believes that Hale-Bopp is the long-tailed comet. The prophecies then state that Bahana will follow after the long-tailed comet, seven "seasons" later. Mr. Morningsky believes this means seven years but maybe it means $1 + 3/4$ years, assuming 4 seasons per year. We cannot be certain as to the exact time-frame, but, could Bahana be the planet Nibiru?

In 1990, Zecharia Sitchin had deduced that the first appearance of Nibiru would have to be from the direction of the Constellation of Sagittarius. And this is where Herculobus (or Hale-Bopp) was first noticed.

As far as the scientific community's comments about the existence of a tenth planet orbiting the Sun, on June 25, 1987, N.A.S.A. issued a press release headlined "NASA Scientist Believes A Tenth Planet May Exist." This was announced at a news conference, reported also in the July 13, 1987 issue of *Newsweek* magazine. The conference was held under the auspices of the Jet Propulsion Laboratory (J.P.L.), the Ames Research Center, and N.A.S.A. headquarters in Washington, D.C. A final comment by Dr. John Anderson was, "I wouldn't be surprised if it is found in 100 years... and I wouldn't be surprised if it's found next week."

An unnamed astronomer at Kitt Peak National Observatory in Arizona has recently disclosed that other astronomers he knows at an unnamed observatory "let on that they were taking astronomic observations on an anomaly near the Hale-Bopp comet." The astronomer stated that at Kitt Peak, "We've been swamped with calls for information."

On Friday, November 29, 1996, a man named Joshua Chase, who lives in San Francisco, telephoned the Lick Observatory near San Jose, California, for information regarding the large mystery object near the "comet" Hale-Bopp. A woman on the 55-person staff at the observatory disclosed to Mr. Chase that the phone lines were literally exploding with requests for information and possible explanations for the anomalous photos and alleged radio signals coming from the mystery object traveling along with the "comet". When Mr. Chase asked the woman if she could confirm or deny the existence of the "companion", the woman stated, "yes", that she had received confirmation of such existence from oth-

ers within the observatory staff, as well as from scientists at other astronomical facilities within the United States. The woman declined to reveal any names. She added that the discovery was so new and so unprecedentedly strange that any hypothesis as to the origin or purpose of the object would be purely speculative at this time. The woman seemed very excited and spoke with Mr. Chase for about half an hour.

Also, an unnamed spokesperson at the Royal Greenwich Observatory in Greenwich, England was recently asked about the anomalous object near the "comet" Hale-Bopp. The spokesperson responded, "Concerning your question about observed anomalies in the same field of view of C-1995-01 (which is the technical name of Hale-Bopp), be advised that, while I have no first-hand observations or data, I have seen data from two teams involved in both astronomy as well as radio-velocity. The anomaly apparently does exist. However, I cannot say how large or how close to the comet it actually is. The data I saw was preliminary and the team, while very excited about their discovery, is following careful procedures in reducing their data. Some tidbits must have leaked out already. No doubt this is what has caused the (current) stir..."

It appears that Japanese newspapers are running front page stories on a Japanese astronomer who has picked up the radio signals coming from the anomalous object. Yet we hear next to nothing about all this in the good old U.S. of A. The scientific and astronomical community is abuzz with Hale-Bopp and the mystery object near it, while we hear little-to-nothing about it from our mainstream media!!

If ever there was a time when information was being withheld from the general public in America about incredible cosmic events in our immediate future, now is the time. To think that the heads of ABC, CBS, NBC, CNN, NASA, etc., do not know what is happening, is utterly ridiculous. At the same time, however, to think that they will volunteer this information to us when the means of controlling us depends so heavily upon depriving us of the truth is equally nonsensical! Maybe President Clinton will soon make some stupid announcement that "bad aliens" are here to get us!! But he probably won't tell us that they are coming right out of Edwards Air Force Base in California, White Sands in New Mexico, and Area 51 in Nevada!!! Watch out for the green saucers!

What we can do is to call the news media, write to them, and FAX them with inquires about what is really going on. Here's the important part: If we can do this, not through demanding, but through impassioned pleas that may touch their own hearts and souls, it may cause them to seriously reconsider the whole idea of withholding information. This could, if done properly, help them to see the Light in their own awakening, and this would help us all to see the truth revealed. Of course, our adversary won't necessarily be too happy about all this. But is that not the central challenge between Good and Evil?!

Perhaps it is that we, as a species, do not have the proper sense of wonder, of respect and reverence for our Creator and all of Creation. Do we respect one another? As the ancient Chinese Tao (pronounced Dow) puts it:

"When the people lack a proper sense of awe, then some awful visitation will descend upon them."

Let us do what we can, now, to restore the proper sense of awe and wonder that should be a natural part of the make-up of each and every person on this planet. For if we do not do so, we may soon see that awful visitation of Herculobus descend upon us.

Dear Mr. Bell,

I have listened to your program off and on for around two years now, whenever I get "down-time". I have some disturbing information and I felt that your program would be the perfect vehicle with which to distribute what I have.

I have been under the employ of the Vatican for over five years. I have done what could best be described as counter-intelligence work, for the Church. I am a man of God and please believe me when I tell you that the information I have is genuine, and very serious.

Without going into too much detail about my former employers, I will briefly tell you that I have had a Top Level security clearance in the Vatican for quite some time. Most of the work I have done regrettably falls into the realm of "black-ops", and I will not go into detail about that now.

Around six months ago, I was working at a data terminal in a highly restricted area following a case that I had just completed, when I stumbled onto something that nearly made my heart stop. Please pay attention here, this is where it gets strange.

I uncovered a heavily encrypted sub-system that was surprisingly well hidden. I found that it was only accessible through the terminal I was at, and one other terminal. (I must point out that the area I was in was not an area that I routinely used.) After two minutes of trying to get into the system, the whole lab shut itself down and I was booted off the terminal. Not wanting to raise any eyebrows, I decided to leave and come back later that night. The strange thing was, when I came back, there were ARMED guards standing sentry outside of the lab. I must say that it is not unusual to see guards roaming the Vatican, but it is very unusual for them to stand sentry at a lab, much less while armed.

Over the next month, I managed to slip in unnoticed only once. And after I had found what I came for, I understood the security.

It took me a good deal of time to break into the system, and when I did, I wished I hadn't. When I entered the system, I came across a file titled "WORMWOOD?" (Yes, with a question mark.) Thinking it to be a text file, I brought up the file with the intent of copying so I could read it later. What happened next was truly remarkable. The file sort of "deteriorated" into a series of command lines that lasted approximately two minutes. Once it was done running, there it was.

I had found a direct link-up to the Hubble Space Telescope. Not only that, but it was pointed directly at the Comet Hale-Bopp. The program was running some kind

of analysis. Taking directional notes, projecting path of travel, etc. After realizing what I had discovered, I started searching and came across an e-mail data trail that led directly to the office of the Pope himself. What was discussed, I cannot know.

Over the next two weeks, I began to uncover evidence that the Vatican is very aware of the existence of the companion, and is VERY worried about it. I began to copy files and pictures that were present at the terminal, when I found a report from the United Nations to the Vatican, as well as a report from NASA regarding their concerns.

It is very obvious to me that a great many people and entities know of the companion and are doing their best to keep quiet, VERY quiet. As the next part of my story illustrates.

I had found another file that I wanted to look at, but it was independently encrypted. At the time that I discovered it, I had already been online at the terminal for some time, so I decided to copy the file encrypted, and decode it at my leisure. As I was leaving the lab, I was approached by two of the Pope's top aides and was asked to meet them later in the evening. I didn't feel comfortable about the situation, so I agreed and told them that I needed to shower, and would join them later. I haven't been back to the Vatican since.

I found out about a week later through some old friends and contacts that a contract had been placed on my life. Two days later my mother and father were killed in a car crash in France. Three days after that, my brother and sister were killed when their single-engine plane went down on the East Coast of the U.S. I've been on the run for a very long time now, and am still trying to decode the file that I have in my possession. Approximately ten copies have been distributed to friends in the field in the event that I should disappear. I do not fear for my life, as I am very adept at not being found, however I believe that the world needs to know of the information that I have. I would be willing to share all that I have with you, Mr. Bell. But you need to understand that your life could be in danger if you were to go public with what I give you. I apologize for being so vague, but I feel it necessary at this point in time.

If you would like the information, say so over the air when you get this letter. If I am not listening, someone will get the information to me, as there is no safe way for you to contact me at this point in time. I await your response.

Dark ones would like to keep you Lighted Ones from recognizing these basic principles of fact for as long as it is possible. You cannot silence God or any of His messengers acting on His behalf. There shall ALWAYS be another to take up the pen and march forward into INFINITY!

The adversary may be able to physically assault those of you in the physical and he may very well be able to precipitate a whirlwind of confusion as he efforts to tear down that which you are in the process of accomplishing. KNOW that God does not forsake those who are getting His work done. Keep to the path and call in the Light for balance.

BIRDS AND BEES

It has been stated over and over again, down there on your planet, that "God is Light"! This is indeed TRUE in its most basic form. Ones must then need to know what LIGHT truly is and how it is that it functions—if they are to truly understand where they come from, how they were created, and how they fit into the overall order of Creation. This is the "Birds and the Bees" lesson of Creator and Creation.

No one person can claim ownership of Spiritual Truth. The potential for recognizing this Truth lies within each Souled Being and is an innate part of you that is there from your conception (or creation).

God created you with the thinking of His mind. He was both the father and the mother and He gave of Himself unto you a part of Him. And with each part He created, He assigned a

purpose to fulfill. That part of Creator which resides within you has all the knowledge of you, your creation, and your overall purpose for being. We shall refer to this as your SOUL. (That which is of Creator God.)

You, through your soul you, have a direct connection to Source. This connection has a unique frequency and wavelength associated with it, as does every thing in the entirety of the universe in which you live.

Your scientists have proven this basic truth and will tell you that all matter has a vibratory rate to it, and that when you stop the vibration of an object, it disintegrates and ceases to exist. Your scientists will also explain that, if you increase the vibratory rate of an object (usually done by adding heat), it will explode.

These are basic observations that cannot be "plagiarized" for they are universal in nature. They are the external, observable effects of the underlying Laws that govern your universe.

What are these Laws?

They are simply the wisdom of Creator's thinking!

The essence of simplicity in nature, these Laws encompass all observable effects that you ones can perceive around you.

Your scientists (and by this designation I mean the few who are true and honest seekers) are, in effect, seeking to understand Creator when they seek to understand the universe in which they live. Their higher self (the soul self) knows this and will guide these ones on their journey of self discovery.

You ALL are on a mission of self discovery that will earn you the right to take your position as a co-creator alongside of Creator Himself. This is only allowed when you have completed ALL of your lessons at "Godhood".

You are, in effect, trying to understand and actualize the inner self so that you can responsibly utilize the Light Potential within in such a manner that you do not create havoc among the balanced order of Creation.

Thus, you are, in effect, God's children who are growing into maturity, and this experience,

along with all of your past and future experiences, shall cultivate your inner God-self (your SOUL) in such a manner that you will grow in understanding of the true reason for being.

YOUR SOUL PURPOSE VERSUS THIS LIFE'S PURPOSE

Each of you has your own unique purpose for being. Do not worry if you think you do not "know your purpose" for you cannot NOT KNOW!

It is such a basic part of your being that you will miss it every time, especially down there in the confusion of that physical experience. Your purpose is given to you at your time of creation and is, in effect, programmed into the very Light fibers of your soul.

This program is what gives you your unique frequency signature that makes you a unique aspect of Creator. So, to truly understand your Soul purpose, you would have to first recognize and understand the fundamental nature of Creator's creation process. This is a function of God's thinking.

Do not get hung up on trying to recognize your soul's purpose! Your overall soul purpose may be quite different from this life's purpose.

This is to say that, in this present life, you may need to strengthen a certain aspect of your being so that you can face greater challenges in future experiences—challenges that will, in turn, help you to reach your true potential in a MUCH larger scope of experiencing.

There are ones among you who have learned all their lessons in the physical and have elected to come back at this time to fulfill very special purposes that are not typically available in the third-dimensional realms. This is to say, for clarification, that you have great teachers among you who are working out what some would consider to be outlandish experiments—in order to see if it is indeed possible to accomplish that which, in theory, should work.

There are good reasons for ALL of

your experiences and they add to the overall character of your uniqueness as one of Creator's children. The sum total of all of your experiences leads you down your own unique and new path. As you experience and grow, so too does all of Creation grow.

In Higher Frequency Light space (etheric space) some ones can see the interconnectedness of ALL. This is to say that, as each one grows, all grow. There is, in effect, an exponential expansion of both Creator and Creation, of which each entity is an integral part.

THIS INTER-CONNECTED EXPANSION IS THE "JOY" PART OF EXISTING.

As each being fulfills their overall Higher Purpose for existing, every entity, everywhere within Creation, benefits from the collective experience of the one.

This "shared wisdom" is due to the electromagnetic Light connection that exists between every souled being. This Light connection is, in essence, God. All of our known universes exist within the entirety of God and He, in turn, exists within a more basic function of Light—that of Creation.

Do not be overwhelmed if you do not, at first, feel that you understand these words. Many get upset when they are confronted with the fact that there is a Force Higher than that of their Creator God, for this implies (erroneously) that they are somehow less than what they feel themselves to be. Creator God is one with Creation. When you fulfill your soul purpose, you too will have become one with Creator God. Therefore, you will have also become one with Creation itself.

It is truly a wondrous journey that fulfills the "empty void" feeling within that many are experiencing at this time and will do almost anything to escape from having to confront. They are, in effect, trying to escape from their responsibilities by remaining in ignorance. The harder that these ones try to escape, the more overwhelming the empty sensation becomes—until such a point of desperation is reached that ones will finally go deep within and find that internal Light Source connection and realize that what they are lacking is the conscious connection to Source, Who has been sitting there, within, waiting patiently to be remembered all the while.

May these words of inspired truth find their way through to your heart and fill you with that for which you long: Balance, Truth, Certainty and Knowingness—of who you are and why you might be here at this time.

Discern for yourself your own path.

Seek, first, balance within the Light of God and you will find the Inner Joy that you desire.

I am Gyeorgos Ceres Hatonn, come in Light

and Service to Creator, come at this critical time to speak with you that you may hear these words and be inspired to recognize your own Light within.

Salu!

12/16/96 ATON

You live in an electric-wave universe. God IS! From God comes thought expressed as Light. Duality comes in the form of electricity and magnetism. The split pairs of opposites are what make up the Male and the Female. God is infinite and unlimited in His projected thought, but moves NOT. God resides in the Still Silence, and from Him comes that which appears to be comprised of physical matter but which, in actuality, is only LIGHT manifest. All is light. God sends forth His Light and then God pulls back in His Light, and then there is rest, stillness, voidance.

In your world there *appears* to be motion and physical movement, yet in actuality there is none. The light-made-manifest is a thought projection of God and this thought of God IS STILL and motionless.

God IS. I AM.

To be without God is to be without Light. And to be without Light is Hell. To perish without Light is an unthinkable horror, yet man, in his ego-filled ways, "thinks" this cannot happen to him. God, residing in the stillness, knows that His creations will eventually return to Him or be uncreated, thus vanishing forevermore.

God is inhaling His Light at this time, thus returning His Lighted Fragments back unto Himself, for God is ALL there is. There is only ONE LIGHT. The Creation and God are One, yet separate. The One Light splits into two, and from the two come the many. The many shall return to Source as One with the stillness, within the perfect motionless silence that IS God's Thought.

Man runs about here and there "perceiving" reality in motion, and yet this perception is, in actuality, illusion, for in truth there is no activity, no motion, no movement—only the stillness of God's Light projected as thought. God IS. This is no riddle, it simply IS! Man's thought is limited to flatland perception. In the reality of God's Light there is no matter, only space, the void, which is filled with God's thought in action—which is still.

To disallow discussion of these most fundamental matters of the creation process is to attempt to harness the air you breathe. It cannot and will not be done. God's people will come into knowing and those who would enslave God's people or keep God's people in ignorance shall be cast out from God's Thought—which is ALL. So be it.

I Am Aton, The One Light.

Christmas Challenge From Esu Sananda

places of physical density (matter), removed from the presence and radiance of Creator God. Is it not the better part of wisdom to live your life according to the balanced direction He has laid forth for your own fulfillment and joyous evolvment? What is it in man that causes such rebellion and vicious denial?

Each is free to choose—but as I said before—ye are either with me or ye are against me. There is no in between.

As you gather with your families this Holiday Season, think toward goodness and generosity and open, joyous sharing. Give thanks for thine blessings for they are manifold. Let not greed and bickering enter your hearts but rather be at peace in the knowledge that God's radiance shines freely upon those of His who live according to His Plan.

Ask and you shall be answered. Seek and you shall find. The mysteries lay before you, but they shall not be mysteries for long—for it is the time of knowing.

Let us restore this nation to greatness under God while there is time—for the clock is ticking and the year 2000 is just around the corner.

Remember this, please: God, too, has a Plan 2000.

Be at peace and at joy in thine hearts for I have prepared a place for thee as promised.

I AM SANANDA.

Salu.

Editor's note: First published in the 12/20/94 issue of CONTACT, this message is timeless. We hope you are again inspired by it during this, another Holiday Season.

12/18/94 ESU "JESUS" SANANDA

Peace and blessings this day, Thomas. Esu Sananda present in radiance to give a message unto my brethren who await direction and guidance. Many have heard the call and await instructions, while others grow weary and impatient.

Ah, beloved, it is the time of the Great Cycle change and your nation is at crisis. Has it not been said that in the end times Satan would rule your world? Look around you—what do you see? The turmoil and strife of survival has struck at the very hearts of the people of this once great nation. The patriots call forth for action and many would, and indeed shall, go to their death with freedom on their lips and a gun in their hand. Beloved, it shall not be done in this manner—the turn about shall not be accomplished with the gun!

You must become informed or indeed how do you hope to enter into leadership to offer solutions to a starving and searching people? This world needs no more pious leaders with puffed egos who shout that they alone have the answer. What is needed at this time, beloved ones, is unity and team players. United you can and shall stand—but a divided house cannot stand. Has it not been proven countless times over lo these eons of time?

I hear your pleas unto me for direction and the call compels the answer! Your voices have been heard and you shall be given that which you seek.

During this Holiday Season, do you think first of thine brother and his needs or do you dwell on your own perceived difficulty? Do you freely share that which you have, however plentiful or meager it may be, with those less fortunate—or do you keep your stores of stuffs under lock and key to spoil and rot? Who among you helps your brother when you are directly confronted with a call for help? And who among you looks the other way in disgust and denial at the one less fortunate?

Do I come this day to lay some kind of guilt "trip" on you? No, beloved, I just ask the question that you may give momentary pause

for reflection and give thanks to Creator for all that He has blessed you with this and every day.

How many among you remember to thank God for that which you have? And those of you who do not think twice about such a notion—where think you the Source of your being stems from? Random chance? Come now. God is quite real, beloved, quite real indeed and the sooner many of you come to terms with that fact, the sooner you can get on with living life according to His rules of Balance—the Laws of Balance.

Truly, it is not difficult to live according to God's path—for each is born with the knowledge of those laws within their very breast. Think you that you know not that which is right from that which is wrong? Nay, you know.

You see, there is no escaping the responsibility for self within this planetary experience of existence. While it is true that you are entirely free to do that which you will—you are also free to be bound for all eternity to the

Twinkle, Twinkle, Little Star

Editor's note: While wearing several other hats over her years of service, long-time readers of CONTACT will recognize Kali as one of Geophysicist Commander Soltec's main scribes.

Sitting on her back porch, looking at the stars one night a few years ago, Kali began reflecting on matters many of us contemplate in quiet moments of self-assessment.

This Holiday Season seemed to be a good time to share this reflection again with you, a message which we last presented in the 9/20/94 issue of CONTACT. Especially in conjunction with the many recent (or not-so-recent) perverted legal assaults trying to stop the flow of Truth, it becomes important to remember the God-Power residing within all Lighted Souls which is just waiting to be called upon. Let that message be the Light we all carry into the New Year—one which promises to be a doozy!—E.Y.

9/5/94 KALI

I sit in wonder as I look into the nighttime sky and view all the splendor and magnificence. In the air, there is the first hint of the change of the seasons. Soon the hot and sunny days will be gone and in their place, crisp, cool mornings and nights and the beauty of the wintertime skies.

The "Seven Sisters" of the Pleiades Constellation are visible once again after their summer vacation. As I look heavenward, they are like sparkling sapphires that stand out in the dark sky. They are as old friends, returned again for their seasonal visit and I greet them warmly and long to again return home.

Then, gazing upon the strobing star-ships, a childhood memory of many days long past comes into mind and I recite the rhyme once more:

"Twinkle, twinkle, little star, how I wonder where you are, up above the world so high, like a diamond in the sky."

It still carries with it a magical tone of wonderment, but now even more so, for I truly *DO* wonder where they might be and what they might be seeing from their vantage point, way up there among the stars and planets. Is there more peace and love and contentment there? I certainly hope so.

All the beauty of the sky at night, such splendor to behold, and I wonder: *HOW* was it all brought forth from nothingness? Then I hear the answer: By thoughts of Love—a Love so great that it could not be contained and it exploded outward, ever growing, ever expanding.

Then I begin to realize that I am a part of that expansion, of that love so great that it could not be contained and, moreover, that within me is a fragment of that *SAME* love and the *SAME* thoughts which brought all forth!

And then: If I be a part of the whole, then I too must have the *SAME* ability to be filled to such an overflowing that I could not contain it and that I, too, would have to release it and send it on its way, allowing it to ever grow and expand!

So then: if that be the case, why do I sit here, waiting for my ship to come in? Why do I not go out there and find that ship? What's stopping me? Who can stop a thought of love so great? The answer: only me, only me. I am the only one standing in my own way because, out of fear and unbelief, I stand still—waiting, waiting, waiting.

But what if Columbus had waited because he was afraid; or if Emmanuel had run the other way because he was fearful; or what if Thomas Jefferson had doubted his beliefs? What did these souls possess that I do not? Were they any more a part of the whole than I? What made these ones so great?

Could it be courage? And where does courage come from? How do I get some? What makes one man develop it and not another? Is there some magical formula that I just don't know about? Where did they find it? Was it there all the time, waiting for them to call upon it? Is it within me, waiting, waiting, waiting.

Perhaps great men aren't born courageous; perhaps they become courageous simply because they have a passion so great, a love-thought so great that it cannot be contained within them and it explodes forth, growing and expanding.

Is that how it all is in this universe? Do we lack the passion of men of days gone by, or have we taken passion and turned it into a lust—a lust for the physical pleasures?

Have we forgotten what life is really all about and why we are here? Have we been seduced, just as those in the days of Sodom & Gomorrah were seduced, by the physical lusts?

And if that be the case, then what is our destiny? What is our legacy? Are we destined for the same end, the same judgment as were those two cities? What an utter waste of the magnificence of the civilization that could be.

So I have to ask myself whether I shall stand proud before the Almighty for the part I have played, or shall I hang my head in shame? Will I be told: "Well done, my good and faithful servant!" Or shall I hear: "Go to the left, for I knew you not."

I must ask myself, with each thought I think, each word I speak, each thing that I do: "Am I benefiting civilization, *OR* am I benefiting anti-civilization?"

There is so much of my past that I am not proud of, yet the Creator still continues to bestow blessing after blessing upon me, even when I feel the most unworthy. And if that is not Love, then I do not know what is. Then comes the reminder: "To whom much is given, much is required."

With this knowledge, no longer am I able to sit back and wait for another to do it, for

I am responsible for all that I have thought, all that I have spoken and all that I have done. I—and I alone—shall be held accountable for *MY* life.

And if I err, then I must have the courage to admit the error; and if I should hurt another, then I must have the courage to ask their forgiveness.

And, above all, I must have the courage to stand up for that which I believe in and allow the passion to grow beyond containment, regardless of the ridicule that will come.

Then and only then will I truly be able to say that I am a part of the overall plan of Creation and that I have played my role to the best of my ability—and will be able to stand before the Creator with my head up and hear the words, "Well done, my good and faithful servant!"

It is amazing, the thoughts that come from "nowhere" when we simply get quiet for a few moments, put aside all the worries and cares of our lives, and sit open-eyed in wonderment beneath a starry night sky and sing, "Twinkle, twinkle little star...."

TELEPHONE HOTLINE

805-822-0202

This is a service for our dedicated readers. *Today's Watch* telephone hotline carries the latest news and comments from Commander Hatonn's most recent writings. This is our way of keeping you informed about fast-breaking news and events.

The message machine will answer after 2 rings if there are any new messages for that day, and after 4 rings if not. Thus *daily* callers can hang up after 2 rings and save toll charges if no new message has been recorded. The message update(s), if any, occur by 6 PM Pacific Time.
